As more and more people are able to travel, their appetite for knowledge of other lands and peoples seems insatiable. Here is an entirely new series of colourful books that aims to help satisfy the demand. These books are to inform, to entertain, and above all to stimulate the reader.

As we live in an increasingly visual age, the editors have concentrated on providing photographs, diagrams, and illustrations of the highest quality. But this is by no means just another series of travel picture-books. Detailed research and firsthand knowledge have been combined with the pictures to produce wide-ranging and up-to-date accounts of each country. Topics have been cleverly selected to reveal the history and character that makes each country so individual.

Each book in addition contains a separate ten page reference section. It contains all sorts of easy-to-find information on the people and their society and the physical nature of the country. All this is presented with the aid of first rate maps and diagrams prepared specially for the series.

These are books to read for pleasure as much as for the information they convey; they are books to collect and keep.

Certainly the best in their field
