The Green Fairy Book Andrew Lang,2024-11-23 This is the third and probably the last of the Fairy Books of many colours First there was the Blue Fairy Book then children you asked for more and we made up the Red Fairy Book and when you wanted more still the Green Fairy Book was put together The stories in all the books are borrowed from many countries some are French some German some Russian some Italian some Scottish some English one Chinese However much these nations differ about trifles they all agree in liking fairy tales The reason no doubt is that men were much like children in their minds long ago long long ago and so before they took to writing newspapers and sermons and novels and long poems they told each other stories such as you read in the fairy books They believed that witches could turn people into beasts that beasts could speak that magic rings could make their owners invisible and all the other wonders in the stories Then as the world became grown up the fairy tales which were not written down would have been quite forgotten but that the old grannies remembered them and told them to the little grandchildren and when they in their turn became grannies they remembered them and told them also In this way these tales are older than reading and writing far older than printing The oldest fairy tales ever written down were written down in Egypt about Joseph s time nearly three thousand five hundred years ago Other fairy stories Homer knew in Greece nearly three thousand years ago and he made them all up into a poem the *Odyssey* which I hope you will read some day Here you will find the witch who turns men into swine and the man who bores out the big foolish giant s eye and the cap of darkness and the shoes of swiftness that were worn later by Jack the Giant Killer These fairy tales are the oldest stories in the world and as they were first made by men who were childlike for their own amusement so they amuse children still and also grown up people who have not forgotten how they once were children

The Green Fairy Book Various,2019-11-20 The Green Fairy Book part of Andrew Lang s famed series of colored fairy books presents a rich compilation of folklore and fairy tales collected from various

cultures With its vibrant prose and enchanting narrative style the anthology celebrates the timeless allure of tales imbued with magic morality and adventure Lang s meticulous curation offers readers a delightful mix of familiar stories and obscure treasures contributing to the scholarly tradition of folklore studies in the late 19th century and early 20th century The vivid illustrations that accompany the text enhance the whimsical experience inviting both children and adults into a world where imagination knows no bounds Andrew Lang a renowned Scottish poet novelist and literary critic was deeply influenced by the folkloric traditions of various cultures Having traveled extensively and studied ethnography Lang possessed a profound appreciation for the narrative forms that give voice to cultural identities His dedication to uncovering the universal themes in folklore and fairy tales propelled him to compile these enchanting works aiming to preserve and promote the rich heritage of storytelling across generations The Green Fairy Book is a treasure trove for readers young and old offering a fascinating glimpse into the intricacies of human experience through fantastical narratives It invites readers to explore the depths of their imagination while reflecting on the morals and lessons embedded in each tale making it a must read for anyone intrigued by the enchantment of folklore
