Charles A. Witschorik

Spanish American Saints And The Rhetoric Of Identity 1600 1810:

Spanish American Saints and the Rhetoric of Identity, 1600-1810 Ronald Jay Morgan, 2002-03 Ronald Morgan examines the collective function of the saint's Life from 1600 to the end of the colonial period arguing that this literary form served not only to prove the protagonist's sanctity and move the faithful to veneration but also to reinforce sentiments of group pride and solidarity When criollos praised americano saints he explains they also called attention to their own virtues and achievements **BOOK JACKET**

Spanish American Saints and the Rhetoric of Identity, 1600-1810 Ronald J. Morgan, 2022-08-30 Spanish American civilization developed over several generations as Iberian born settlers and their New World descendants adapted Old World institutions beliefs and literary forms to diverse American social contexts Like their European forebears criollos descendants of Spanish immigrants who called the New World home preserved the memory of persons of extraordinary Roman Catholic piety in a centuries old literary form known as the saint's Life These criollo religious biographies reflect not only traditional Roman Catholic values but also such New World concerns as immigration racial mixing and English piracy Ronald Morgan examines the collective function of the saint's Life from 1600 to the end of the colonial period arguing that this literary form served not only to prove the protagonist's sanctity and move the faithful to veneration but also to reinforce sentiments of group pride and solidarity When criollos praised americano saints he explains they also called attention to their own virtues and achievements Morgan analyzes the printed hagiographies of five New World holy persons Blessed Sebastian de Aparicio Mexico St Rosa de Lima Peru St Mariana de Jesus Ecuador Catarina de San Juan Mexico and St Felipe de Jesus Mexico Through close readings of these texts he explores the significance of holy persons as cultural and political symbols By highlighting this convergence of religious and sociopolitical discourse Morgan sheds important light on the growth of Spanish American self consciousness and criollo identity formation By focusing on the biographical process itself Morgan demonstrates the importance of reading each hagiographic text for its idiosyncrasies rather than its conventional features His work offers new insight into the Latin American cult of saints inviting scholars to look beyond the isolated lives of individuals to the cultural and social milieus in which their sanctity originated and their public reputations took shape

Related Lives Jodi Bilinkoff, 2018-07-05 In early modern Catholic Europe and its colonies priests frequently developed close relationships with pious women serving as their spiritual directors during their lives and their biographers after their deaths In this richly illustrated book Jodi Bilinkoff explores the ways in which clerics related to those female penitents whom they determined were spiritually gifted and how they conveyed the live stories of these women to readers The resulting popular literatures of hagiography and spiritual autobiography produced hundreds of texts designed to establish models of behavior for the Catholic faithful in the period between the advent of printing and the beginning of the modern age Bilinkoff finds that confessional relations and the texts that document them reveal much about gender and social values She uses life narratives primarily from Spain but also from France Italy Portugal Spanish America and French Canada

to examine the ways in which clerics presented female penitents as exemplary and how they constructed their own identities around their interactions with exceptional women These multilayered texts she suggests offer compelling accounts of individuals caught up in the pursuit of holiness and provide a key to understanding the resilience of Catholic culture in an age of religious change and conflict **The Oxford Handbook of Latin American Christianity** David Thomas

Orique,Susan Fitzpatrick-Behrens, Virginia Garrard,2020-01-10 By 2025 Latin America s population of observant Christians will be the largest in the world Nonetheless studies examining the exponential growth of global Christianity tend to overlook this region focusing instead on Africa and Asia Research on Christianity in Latin America provides a core point of departure for understanding the growth and development of Christianity in the Global South In The Oxford Handbook of Latin American Christianity an interdisciplinary contingent of scholars examines Latin American Christianity in all of its manifestations from the colonial to the contemporary period The essays here provide an accessible background to understanding Christianity in Latin America Spanning the era from indigenous and African descendant people s conversion to and transformation of Catholicism during the colonial period through the advent of Liberation Theology in the 1960s and conversion to Pentecostalism and Charismatic Catholicism The Oxford Handbook of Latin American Christianity is the most complete introduction to the history and trajectory of this important area of modern Christianity **Pious Imperialism** Cornelius

Conover,2019-05 This book analyzes Spanish rule and Catholic practice from the consolidation of Spanish control in the Americas in the sixteenth century to the loss of these colonies in the nineteenth century by following the life and afterlife of an accidental martyr San Felipe de J sus Using Mexico City native San Felipe as the central figure Conover tracks the global aspirations of imperial Spain in places such as Japan and Rome without losing sight of the local forces affecting Catholicism He demonstrates the ways Spanish religious attitudes motivated territorial expansion and transformed Catholic worship Using Mexico City as an example Conover also shows that the cult of saints continually refreshed the spiritual authority of the Spanish monarch and the message of loyalty of colonial peoples to a devout king Such a political message in worship Conover concludes proved contentious in independent Mexico thus setting the stage for the momentous conflicts of the nineteenth century in Latin American religious history **The Art of Professing in Bourbon Mexico** James M.

Córdova,2014-01-06 Offering a pioneering interpretation of the crowned nun portrait this book explores how visual culture contributed to local identity formation in Mexico **Lived Religion and Everyday Life in Early Modern Hagiographic**

Material Jenni Kuuliala,Rose-Marie Peake,Päivi Räisänen-Schröder,2019-10-22 This book discusses the ways in which early modern hagiographic sources can be used to study lived religion and everyday life from the fifteenth to the seventeenth century For several decades saints lives other spiritual biographies miracle narratives canonisation processes iconography and dramas have been widely utilised in studies on medieval religious practices and social history This fruitful material has however been overlooked in studies of the early modern period despite the fact that it witnessed an unprecedented growth in

the volume of hagiographic material The contributors to this volume address this and illuminate how early modern hagiographic material can be used for the study of topics such as religious life the social history of medicine survival strategies domestic violence and the religious experience of slaves **Domesticating Empire** Karen Stolley,2021-04-30 Why has the work of writers in eighteenth century Latin America been forgotten During the eighteenth century enlightened thinkers in Spanish territories in the Americas engaged in lively exchanges with their counterparts in Europe and Anglo America about a wide range of topics of mutual interest responding in the context of increasing racial and economic diversification Yet despite recent efforts to broaden our understanding of the global Enlightenment the Ibero American eighteenth century has often been overlooked Through the work of five authors Jose de Oviedo y Banos Juan Ignacio Molina Felix de Azara Catalina de Jesus Herrera and Jose Martin Felix de Arrate *Domesticating Empire* explores the Ibero American Enlightenment as a project that reflects both key Enlightenment concerns and the particular preoccupations of Bourbon Spain and its territories in the Americas At a crucial moment in Spain s imperial trajectory these authors domesticate topics central to empire conquest Indians nature God and gold by making them familiar and utilitarian As a result their works later proved resistant to overarching schemes of Latin American literary history and have been largely forgotten Nevertheless eighteenth century Ibero American writing complicates narratives about both the Enlightenment and Latin American cultural identity *Shaky Colonialism* Charles F. Walker,2008-05-26 A social history of the earthquake tsunami that struck Lima in October 1746 looking at how people in and beyond Lima understood and reacted to the natural disaster **To Overcome Oneself** J. Michelle Molina,2013-06-01 Examines Jesuit techniques of self formation confessional practices and the relationships between spiritual directors and their subjects that were folded into a dynamic that shaped new concepts of self and fueled the global Catholic missionary movement **Gender, Race and Religion in the Colonization of the Americas** Nora E. Jaffary,2016-12-05 When Europe introduced mechanisms to control New World territories resources and populations women whether African indigenous mixed race or European responded and participated in multiple ways By adopting a comprehensive view of female agency the essays in this collection reveal the varied implications of women s experiences in colonialism in North and South America Although the Spanish American context receives particular attention here the volume contrasts the context of both colonial Mexico and Peru to every other major geographic region that became a focus of European imperialism in the early modern period the Caribbean Brazil English America and New France The chapters provide a coherent perspective on the comparative history of European colonialism in the Americas through their united treatment of four central themes the gendered implications of life on colonial frontiers non European women s relationships to Christian institutions the implications of race mixing and social networks established by women of various ethnicities in the colonial context This volume adds a new dimension to current scholarship in Atlantic history through its emphasis on culture gender and race and through its explicit effort to link religion to the broader imperial framework of

economic extraction and political domination **Hierarchy, Commerce and Fraud in Bourbon Spanish America** Ruth Hill, 2005 Using *El lazarrillo de ciegos caminantes* the Guide for Blind Rovers by Alonso Carrio de Lavandera the best known work of the era as a jumping off point for a sprawling discussion of 18th century Spanish America Ruth Hill argues for a richer more nuanced understanding of the relationship between Spain and its western colonies Armed with primary sources including literature maps census data letters and diaries Hill reveals a rich world of intrigue and artifice where identity is surprisingly fluid and always in question More importantly Hill crafts a complex argument for reassessing our understanding of race and class distinctions at the time with enormous implications for how we view conceptions of race and class today

The Spanish Presence in Sixteenth-Century Italy Piers Baker-Bates, Miles Pattenden, 2016-02-17 The sixteenth century was a critical period both for Spain's formation and for the imperial dominance of her Crown Spanish monarchs ruled far and wide spreading agents and culture across Europe and the wider world Yet in Italy they encountered another culture whose achievements were even prouder and whose aspirations often even grander than their own Italians the nominally subaltern group did not readily accept Spanish dominance and exercised considerable agency over how imperial Spanish identity developed within their borders In the end Italians' views sometimes even shaped how their Spanish colonizers eventually came to see themselves The essays collected here evaluate the broad range of contexts in which Spaniards were present in early modern Italy They consider diplomacy sanctity art politics and even popular verse Each essay excavates how Italians who came into contact with the Spanish crown's power perceived and interacted with the wider range of identities brought amongst them by its servants and subjects Together they demonstrate what influenced and what determined Italians' responses to Spain they show Spanish Italy in its full transcultural glory and how its inhabitants projected its culture throughout the sixteenth century and beyond Religion and Society in Latin America Lee M Penyak, Walter J. Petry, 2015-02-19 Fourteen essays examine the impact of religion on the cultures and peoples of Latin America from the beginning of the Spanish conquest to the twenty first century covering Catholicism Protestantism indigenous religious traditions African based religions and Pentecostalism **Being the Heart of the World** Nino Vallen, 2023-09-30 *Being the Heart of the World* offers a timely reflection on the relationship between mobility and identity making in the Spanish colonial world It will be of value to historians of colonial Mexico and the Spanish empire Indigenous and Black Confraternities in Colonial Latin America Javiera Jaque Hidalgo, Miguel Valerio, 2025-10-01 Employing a transregional and interdisciplinary approach this volume explores indigenous and black confraternities or lay Catholic brotherhoods founded in colonial Spanish America and Brazil between the sixteenth and eighteenth century It presents a varied group of cases of religious confraternities founded by subaltern subjects both in rural and urban spaces of colonial Latin America to understand the dynamics and relations between the peripheral and central areas of colonial society underlying the ways in which colonized subjects navigated the colonial domain with forms of social organization and cultural and religious practices The book analyzes indigenous and

black confraternal cultural practices as forms of negotiation and resistance shaped by local devotional identities that also transgressed imperial religious and racial hierarchies The analysis of these practices explores the intersections between ethnic identity and ritual devotion as well as how the establishment of black and indigenous religious confraternities carried the potential to subvert colonial discourse **Women, Sainthood, and Power** Oliva M. Espín,2019-10-23 Women

Sainthood and Power explores the life stories of an international gallery of female saints from the wide angle lens of several intellectual disciplines and the close up view afforded by keenly observed fine points of character Oliva M Esp n combines multidisciplinary scholarly research with a novelist s eye for detail to create vivid portraits of saints in their times and places Using her own memories Esp n argues that there are lessons to learn today from the lives of these exceptional women This book is recommended for scholars and students of psychology religious studies gender and women s studies history cultural studies and ethnic studies *The End of Catholic Mexico* David Gilbert,2024-04-25 In The End of Catholic Mexico historian

David Gilbert provides a new interpretation of one of the defining events of Mexican history the Reforma During this period Mexico was transformed from a Catholic confessional state into a modern secular nation sparking a three year civil war in the process While past accounts have portrayed the Reforma as a political contest ending with a liberal triumph over conservative elites Gilbert argues that it was a much broader culture war centered on religion This dynamic he contends explains why the resulting conflict was more violent and the outcome more extreme than other similar contests during the nineteenth century Gilbert s fresh account of this pivotal moment in Mexican history will be of interest to scholars of postindependence Mexico Latin American religious history nineteenth century church history and US historians of the antebellum republic **Alone at the Altar** Brianna Leavitt-Alcántara,2018-01-09 By 1700 Guatemala s capital was a mixed

race city of women As in many other cities across colonial Spanish America labor and migration patterns in Guatemala produced an urban female majority and high numbers of single women widows and female household heads In this history of religious and spiritual life in the Guatemalan capital Brianna Leavitt Alc ntara focuses on the sizeable population of ordinary non elite women living outside of both marriage and convent Although officials often expressed outright hostility towards poor unmarried women many of these women managed to position themselves at the forefront of religious life in the city Through an analysis of over 500 wills hagiographies religious chronicles and ecclesiastical records Alone at the Altar examines how laboring women forged complex alliances with Catholic priests and missionaries and how those alliances significantly shaped local religion the spiritual economy and late colonial reform efforts It considers the local circumstances and global Catholic missionary movements that fueled official collaboration with poor single women and support for diverse models of feminine piety Extending its analysis past Guatemalan Independence to 1870 this book also illuminates how women s alliances with the Catholic Church became politicized in the Independence era and influenced the rise of popular conservatism in Guatemala **Preaching Power** Charles A. Witschorik,2013-10-21 This book uses a gender perspective to

examine sermons and other officially endorsed discourses of the Catholic Church in eighteenth and nineteenth century Mexico City Analyzing the different ways that over time gendered images metaphors and hagiographical examples were used in sermons and other documents the book examines how the church negotiated challenges to its cultural and ideological hegemony Beginning with sermons from the early eighteenth century the author follows the evolution of church discourses as preachers reveled in Baroque analogies embraced ideals of the Enlightenment targeted women s alleged moral vices at times of political crisis and ultimately turned to notions of women as the devout sex in order to combat incipient liberalism Put another way liberals after independence were not the only ones to assert a kind of republican motherhood preachers countered with a vision of Catholic motherhood that had great resonance in Mexico even into the twentieth century

This is likewise one of the factors by obtaining the soft documents of this **Spanish American Saints And The Rhetoric Of Identity 1600 1810** by online. You might not require more time to spend to go to the book commencement as with ease as search for them. Spanish American Saints And The Rhetoric Of Identity 1600 1810 Introduction

In the digital age, access to information has become easier than ever before. The ability to download Spanish American Saints And The Rhetoric Of Identity 1600 1810 has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Spanish American Saints And The Rhetoric Of Identity 1600 1810 has opened up a world of possibilities. Downloading Spanish American Saints And The Rhetoric Of Identity 1600 1810 provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Spanish American Saints And The Rhetoric Of Identity 1600 1810 has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Spanish American Saints And The Rhetoric Of Identity 1600 1810. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Spanish American Saints And The Rhetoric Of Identity 1600 1810. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but

also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Spanish American Saints And The Rhetoric Of Identity 1600 1810, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Spanish American Saints And The Rhetoric Of Identity 1600 1810 has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Spanish American Saints And The Rhetoric Of Identity 1600 1810 Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Spanish American Saints And The Rhetoric Of Identity 1600 1810 is one of the best book in our library for free trial. We provide copy of Spanish American Saints And The Rhetoric Of Identity 1600 1810 in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Spanish American Saints And The Rhetoric Of Identity 1600 1810. Where to download Spanish American Saints And The Rhetoric Of Identity 1600 1810 online for free? Are you looking for Spanish American Saints And The Rhetoric Of Identity 1600 1810 PDF? This is definitely going to save you time and cash in something you should think about.
