WARRIORS PEACE II William Spence, 2016-08-27 This new collection of poems is the next 100 in the Warrior s Peace Trilogy Warrior s Peace II Life continues on this road that allows us to travel both in light and dark This endeavor has provided the continuing motivational drive that allowed his first book Warrior s Peace to be published in 2015 and to finish the final touches on this book Warrior s Peace II in 2016 These two will place

over 300 personal poems on the world market in both digital and paperback formats The third iteration in the trilogy will additionally include short stories written over the past twenty years for your consideration and hopefully enjoyment Again readers will experience the dark and brooding starts down his rabbit holes of life In his opinion success is maybe more gauged by an individual s mental ability to confront daily adversity then by actual participating in just physical interactions Always remember to follow the bread crumbs always he left along the paths that light the way back to what has been for him a relatively happy daily existence Poetry is a winding road through many times the diversity experienced and in tis author s case is never a straight line to anywhere Just enjoy the exploration of the mental curves that appear going about anywhere at any time That is why the conclusions should never seem to ever be along the same exact course Welcome back to this peace of a many times turbulent mind *Singing Warriors* Ellwood Cecil Nance,195?
