Dubnov, 2012-03-14 This study offers an intellectual biography of the philosopher political thinker and historian of ideas Sir Isaiah Berlin It aims to provide the first historically contextualized monographic study of Berlin's formative years and identify different stages in his intellectual development allowing a reappraisal of his theory of liberalism *Veteran MPs and Conservative Politics in the Aftermath of the Great War* Richard Carr, 2016-03-03 Between 1918 and 1939 448 men who performed uniformed service in the First World War became Conservative MPs This relatively high profile cohort have been under explored as a distinct body yet a study of their experiences of the war and the ways in which they and the Conservative Party represented those experiences

to the voting public reveals much about the political culture of Interwar Britain and the use of the Great War as political capital Radicalised ex servicemen have thus far been considered a rather continental phenomenon historiographically And whilst attitudes to Hitler and Mussolini form part of this analysis the study also explores why there were fewer such types in Britain The Conservative Party it will be shown played a crucial part in such a process with British politics serving as a contested space for survivors interpretations of what the war should mean Suez Keith Kyle,2011-01-30 This title includes a new Foreword by WM Roger Louis On 26 July 1956 the British Empire received a blow from which it would never recover On this day Egypt s President Gamal Abdul Nasser nationalized the Suez Canal Company one of the gems of Britain s imperial portfolio It was to be a fateful day for Britain as a world power Britain France and Israel subsequently colluded in attacking Egypt ostensibly in the case of Britain and France to protect the Suez Canal but in reality in an attempt to depose Nasser The US opposition to this scheme forced an ignominious withdrawal leaving Nasser triumphant and marking a decisive end to Britain s imperial era In this the seminal work on the Suez Crisis Keith Kyle draws on a wealth of documentary evidence to tell this fascinating political military and diplomatic story Including new introductory material this revised edition of a classic work will be essential reading for anyone interested in the history of the twentieth century military history and the end of empire Conservative Thinkers from All Souls College Oxford Richard Davenport-Hines,2022 Investigates historic strands of conservative thought and responds to the radical changes which many think have transformed the Conservative party into a populist movement upholding English nationalism All Souls College Oxford was one of the meeting points of English public intellectuals in the twentieth century Its Fellows prided themselves on agreeing in everything except their opinions They included Cabinet Ministers from all the three major parties and academics of diverse political allegiances who met for frank conversations and lively disagreements Davenport Hines investigates historic strands of conservative thought aversion to rapid and disruptive change mistrust of majority opinions prizing of community loyalties and pride over the assertion of aggressive individualism the recession of the Church of England and the impact of militarism Conservative Thinkers from All Souls College Oxford draws on the ideas of two conservative thinkers Trimmer Halifax and Michael Oakeshott to examine the conservative assumptions ideas writings and influence of seven Fellows of All Souls from the last century Their brands of conservatism regarded popular democracy as an unavoidable necessity which must be managed rather than loved Their scepticism about the rule of the people was rooted in a meritocratic commitment to the government of the wise They disliked plutocracy regretted consumerism and loathed sloppy and self serving thought All were more or less dissatisfied with the workings of the Westminster parliamentary model e conservative assumptions ideas writings and influence of seven Fellows of All Souls from the last century Their brands of conservatism regarded popular democracy as an unavoidable necessity which must be managed rather than loved Their scepticism about the rule of the people was rooted in a meritocratic commitment to the government of the wise They disliked

can use the lessons of the past to build a new post covid society in Britain The duty of care which the state owes to its citizens is a phrase much used but what has it actually meant in Britain historically And what should it mean in the future once the immediate Covid crisis has passed In A Duty of Care Peter Hennessy divides post war British history into BC before covid and AC after covid He looks back to Sir William Beveridge s classic identification of the five giants against which society had to battle want disease ignorance squalor and idleness and laid the foundations for the modern welfare state in his wartime report He examines the steady assault on the giants by successive post war governments and asks what the comparable giants are now He lays out the road to 2045 with a new Beveridge to build a consensus for post covid Britain with the ambition and on the scale that was achieved by the first The Longman Companion to the Conservative Party Nick Crowson,2016-09-17 This Longman Companion provides a wide ranging compendium of essential facts and figures on the Conservative Party from its origins in the 1830s to the dawn of the 21st Century Central to the book are the detailed chronologies on the Conservative Party s years in government and opposition In addition it contains fascinating information on the Party s relationships with women ethnic minorities the trade unions Europe Ireland ideology social reform and empire
