## **Spartacus Britain Ireland:**

**Spartacus** Mark Nicholson,1996      *Agent Felesoid and the Incident on the 49th Parallel* Llanwoeseth

Mardis,2015-02-02 The series continues in the 2030s featuring Spartacus a black cat that becomes part machine after he is micro chipped His newly found skills are used to spy for the British secret service and police Spartacus heads to Afghanistan to fight the Taliban Helping him is a troop of SAS so they can capture the top ten leaders of the Taliban On his return home Spartacus witnesses his sister s first day of attending the Army Cadet Force After he attends several meetings of the ACF with his sister Spartacus is ordered into his father s office and is informed that the Canadian governor general has received an intelligence report from a mole in the CIA His mission is to obtain the details of America s plans to invade Canada With the help of the mole he gains entrance into the Pentagon where he places the plans on the mole s laptop to ensure her loyalties are with Canada His plan is to blackmail the mole by getting her to hand over the plans to a group of Commonwealth spies Spartacus requests permission to patrol the border of the 49th Parallel until he reaches a special place to witness and video record the Incident on the 49th Parallel All the member states of the Commonwealth of Nations declared war on the U S and President Lincoln asked for an armistice after thirty days In a special meeting the USA is reduced to fifteen states      Colonial, Refugee and Allied Civilians after the First World War Jacqueline Jenkinson,2020-04-02

Following the First World War and in actions that challenged Britain s reputation as a liberal democracy various government departments implemented policies of mass repatriation from Britain of populations of colonial and friendly migrants and refugees Many of those repatriated had played a significant part in the war effort and had given valuable service in the combat zones and on the home front serving in the armed forces in labour battalions and employed in key wartime industries such as munitions work the merchant navy and wartime construction This book sets out to uncover why central government decided to implement a policy of repatriation of friendly peoples after the war It also explores the imposition of wartime and post war legal restrictions on these groups as part of a major shift in policy towards reducing the settlement and limiting the employment of overseas populations in Britain      **British Spies and Irish Rebels** Paul McMahon,2008 One of the Irish Times Books of the Year 2008 Rebellion partition and a messy peace settlement ensured that Ireland was a constant thorn in Britain s side after 1916 Britain was confronted by the bombs and bullets of militant republicans the clandestine intrigues of foreign powers and the strategic dangers of Ireland s wartime neutrality a final irrevocable step in the country s difficult transition to independence Using newly opened archives this book reveals for the first time how the British intelligence system responded to these threats It lifts the lid on the underground activities of Britain s secret agencies MI5 MI6 SIS and the Special Branch It puts secret intelligence in the context of the government s other sources of information and explores how deep rooted cultural stereotypes distorted intelligence and shaped perceptions And it shows how for decades British intelligence struggled to cope with Ireland but then rose to the challenge after 1940 largely because the Dublin government

began to share its secrets The author casts light on characters long kept in the shadows IRA gunrunners Bolshevik agitators Nazi agents Irish loyalists who acted as British spies His compelling book fills a gap in the history of the British intelligence community and helps explain the twists and turns of Anglo Irish relations during a time of momentous change PAUL MCMAHON gained his PhD from Cambridge University [A People's History of Classics](#) Edith Hall, Henry Stead, 2020-02-26

A People's History of Classics explores the influence of the classical past on the lives of working class people whose voices have been almost completely excluded from previous histories of classical scholarship and pedagogy in Britain and Ireland from the late 17th to the early 20th century This volume challenges the prevailing scholarly and public assumption that the intimate link between the exclusive intellectual culture of British elites and the study of the ancient Greeks and Romans and their languages meant that working class culture was a Classics Free Zone Making use of diverse sources of information both published and unpublished in archives museums and libraries across the United Kingdom and Ireland Hall and Stead examine the working class experience of classical culture from the Bill of Rights in 1689 to the outbreak of World War II They analyse a huge volume of data from individuals groups regions and activities in a huge range of sources including memoirs autobiographies Trade Union collections poetry factory archives artefacts and documents in regional museums This allows a deeper understanding not only of the many examples of interaction with the Classics but also what these cultural interactions signified to the working poor from the promise of social advancement to propaganda exploited by the elites to covert and overt class war A People's History of Classics offers a fascinating and insightful exploration of the many and varied engagements with Greece and Rome among the working classes in Britain and Ireland and is a must read not only for classicists but also for students of British and Irish social intellectual and political history in this period Further it brings new historical depth and perspectives to public debates around the future of classical education and should be read by anyone with an interest in educational policy in Britain today *Radical Artisan, William James Linton, 1812-97* Francis Barrymore Smith, 1973 *Understanding Conflict and Change in a Multicultural World* H. Roy Kaplan, 2014-05-09 Learning about the history of cultural conflict helps teachers reduce it in classrooms This book shows our common origins and reviews sources of conflict in the former Yugoslavia Northern Ireland and the Middle East It reveals how prejudice and stereotypes about racial and religious minorities create problems in our schools Beginning with the human exodus out of Africa 60 000 years ago tension arose among ethnic groups separated by geographic barriers Changes in population immigration work and the role of religion are creating clashes in society and schools Students from different cultural backgrounds are being thrown together as mass transportation and telecommunications shrink our world Inclusive classrooms with respectful learning environments can be achieved when we identify the sources of tension that separate and divide us Students are more alike than different Knowing about our common origin and challenges will help teachers become more effective **Sources and Debates in Modern British History** Ellis Wasson, 2012-01-17 Designed to complement the author's A History of Modern Britain this

collection of primary sources illuminates and augments the study of modern Britain with coverage of political imperial and economic history as well as class and cultural issues Features a broad range of documents in a well structured and easy to use format including important well known documents and lesser known excerpts from memoirs and private correspondence Provides up to date balanced coverage of political imperial social economic and cultural history with over 180 documents Offers a thorough rendering of social class and national identity including coverage of changes in British society over the last 20 years Includes discussion questions for each document as well as lists of historical debates and extensive bibliographies of both on line and traditional sources for students further research      Racism and the Tory Party Mike Cole,2022-12-30

Racism is an endemic feature of the Tory Party Tracing the history of that racism Racism and the Tory Party investigates the changing forms of racism in the party from the days of Empire including the championing of imperialism at the turn of the 20th century and the ramping up of antisemitism the imperial and racial politics of Winston Churchill the rise of Enoch Powell and Powellism to the Margaret Thatcher years the birth of racecraft and her policies in Northern Ireland and the hostile environment and its consolidation and expansion under Theresa May and Boris Johnson s premierships Throughout the book all forms of racism are addressed including the various forms of colour coded and as well as non colour coded racism as they are put in their historical and economic contexts This book should be of relevance to all interested in British politics and British history as well as undergraduate and postgraduate students studying the sociology and politics of racism as well as for students of the history of the development of British racism and of imperialism and its aftermath

The 'Arry Ballads Patricia Marks, 2006-03-13 The romantic notion of the Cockney the shrewd and slangy common man coming from nowhere and surviving by his wits is best exemplified by E J Milliken's character Arry and the verse letters or ballads he writes The letters and stories as well as the character of Arry were Milliken's vehicles for social criticism namely the intolerance shown by the aristocracy Those letters colorful additions to Victorian history and humor tell the story of Arry a commoner who is enamored of the social hierarchy and who is keenly aware how close the top and bottom rungs are Central to the themes is the Cockney whose pride is his dialect Confidence in the face of the class system and withering social criticism make Milliken's Arry ballads memorable This work analyzes the Cockney ballads and contains extensive annotations Each chapter is dedicated to a facet of the everyday life of the common man in Victorian England including entertainment travel and politics Each is prefaced with a short analytical history of the period which also places the letters in context Histories of a Radical Book Antoinette Burton, Stephanie Fortado, 2020-11-01 For better or worse E P Thompson's

monumental book *The Making of the English Working Class* has played an essential role in shaping the intellectual lives of generations of readers since its original publication in 1963 This collected volume explores the complex impact of Thompson's book both as an intellectual project and material object relating it to the social and cultural history of the book form itself an enduring artifact of English history The Orator's Manual George Lansing Raymond, 1880 *Directors in British and Irish Cinema* Robert Murphy, 2019-07-25 A guide to directors who have worked in the British and Irish film industries between 1895 and 2005 Each of its 980 entries on individuals directors gives a resume of the director's career evaluates their achievements and provides a complete filmography It is useful for those interested in film making in Britain and Ireland

*Teaching Global History* Alan J. Singer, 2012-04-27 Teaching Global History challenges prospective and beginning social studies teachers to formulate their own views about what is important to know in global history and why It explains how to organize the curriculum around broad social studies concepts and themes and student questions about humanity history and the contemporary world All chapters include lesson ideas a sample lesson plan with activity sheets primary source documents

and helpful charts graphs photographs and maps High school students responses are woven in throughout Additional material corresponding to each chapter is posted online at [http://people.hofstra.edu/alan\\_j\\_singer](http://people.hofstra.edu/alan_j_singer) The traditional curriculum tends to highlight the Western heritage and to race through epochs and regions leaving little time for an in depth exploration of concepts and historical themes for the evaluation of primary and secondary sources and for students to draw their own historical conclusions Offering an alternative to such pre packaged textbook outlines and materials this text is a powerful resource for promoting thoughtful reflection and debate about what the global history curriculum should be and how to teach it

**Daylight Robbery** Dominic Frisby, 2019-10-17 Death and taxes are our inevitable fate We've been told this since the beginning of civilisation But what if we stopped to question our antiquated system Is it fair And is it capable of serving the needs of our rapidly changing modern society In *Daylight Robbery* Dominic Frisby traces the origins of taxation from its roots in the ancient world through to today He explores the role of tax in the formation of our global religions the part tax played in wars and revolutions throughout the ages why at one stage we paid tax for daylight or for growing a beard Ranging from the despotic to the absurd the tax laws of the past reveal so much about how we got to where we are today and what we can do to build a system fit for the future Featured on *Stepping up with Nigel Farage* An important book for investors in gold and bitcoin Daniela Cambone Stansberry Research This entertaining surprising contrarian book is a tour de force Matt Ridley author of *The Evolution of Everything* In this spectacular gallop through history Frisby shows how taxation has warped stunted and thwarted human progress Mark Littlewood Director General Institute of Economic Affairs Frisby's historical interpretation and utopian ideas will outrage Left and Right Steve Baker MP for Wycombe and Member of the House of Commons Treasury Committee Fascinating book which exposes the political and economic basis of tax A must read for those of us who believe in simpler lower taxes Rt Hon Liz Truss MP for South West Norfolk Secretary of State for International Trade and President of the Board of Trade
