

Explaining Rural Conservatism: Political Consequences of Technological Change in the Great Plains

ADITYA DASGUPTA *University of California, Merced, United States*

ELENA RAMIREZ *University of California, Merced, United States*

Rural areas are conservative electoral strongholds in the United States and other advanced capitalist economies. But this was not always the case. What explains the rise of rural conservatism? This paper argues that technological change transformed not only agriculture but rural political preferences during the twentieth century. It studies a natural experiment: the post-World War II introduction of new irrigation technologies, which enabled farmers to irrigate otherwise arid land in the Great Plains using groundwater. Difference-in-differences analyses exploiting the shock's differential impact on counties overlying the Ogallala Aquifer—a pattern validated with remote-sensing data—show that technological change contributed significantly to the region's long-term conservative electoral transformation. Additional analyses, including comparison of individual policy preferences inside/outside the Ogallala Aquifer boundary, suggest that this was due to the rise of capital-intensive agriculture and the growing power of agribusiness. The findings demonstrate how new technologies made new politics in rural America.

INTRODUCTION

Conservative parties thrive electorally in rural areas in the US and other advanced capitalist economies (Cramer 2016; Rodden 2019). Particularly given the political overrepresentation of rural areas, the countryside is a critical source of electoral support for right-wing political parties. Yet this was not always the case historically (see, e.g., Lipset 1950; Luebert 1987). In the case of the US, rural voters were relatively centrist in their politics and often supported left-wing politicians, like those belonging to the Populist Party, in the late nineteenth and early twentieth century.

What, then, explains the long-term transformation of rural areas into conservative electoral strongholds? In an important debate stoked by Frank's (2007) book—which asked “What’s the Matter with Kansas?”—scholars have puzzled over the growing dominance of the conservative Republican Party in poor and rural states, a phenomenon that appears to contradict canonical class-based theories of voting. Yet, closer inspection of micro-level survey data demonstrates that within these states, it is affluent individuals who are most conservative in their voting patterns (see, e.g., Bartels 2006; Gelman 2009).

Building on these debates, this paper explores the role of technological and economic change in political change in rural areas. Long-term technological change transformed American agriculture in the twentieth century with innovations ranging from the improvement of crop and animal varieties, to the refinement of fertilizers and pesticides, to various forms of mechanization, to the development of new methods for harnessing water for irrigation, especially groundwater (Anderson 2009; Olmstead and Rhode 2001; 2008; Worster 1992). Due to technological change, agricultural output quadrupled over the twentieth century in the US despite an 80% decline in labor usage (Pardey and Alston 2021).

Long-term technological change made agriculture more productive but also more capital-intensive, generating economies of scale that resulted in the winnowing of unproductive and precarious family farms, and their replacement by highly productive, business-like farms as well as the spatial agglomeration of agricultural industries—known jointly as agribusiness—which benefit from conservative economic policies, including limited government regulation and pro-business tax and spending policies. The growing economic and political power of agribusiness interests in rural areas has, this paper argues, played an important role in the long-term conservative transformation of rural political preferences and the growing electoral success of the Republican Party in rural areas.

To test the argument, this paper exploits a historical natural experiment in the American Great Plains: the post-war introduction of new irrigation technologies, which enabled farmers to irrigate otherwise arid land—but only in areas with access to groundwater. Without irrigation, the arid climate of the Great Plains is suitable

Technological Change And The Rural Environment:

Technological Change and the Rural Environment Philip Lowe, Terry Marsden, Sarah Whatmore, 2023-06-08

Originally published in 1990 this volume addresses issues surrounding global ecological changes and sustainability of present patterns of urbanisation and industrialisation The book discusses these problems and other issues such as how rural environments in many developed and developing countries have been transformed by a technological revolution Looking at a diverse range of topics from climate change to slurry pollution and the destruction of genetic resources to the risks of biotechnology this volume addresses these issues which concern the dynamics and social relations of technological change in rural areas *Agriculture, Technological Change, and the Environment in Latin America: A 2020 Perspective* Eduardo J. Trigo, ArgenINTA Foundation, 1995

Technological Progress and the Transformation of China's Economic Development Mode Wen Xiao, 2020-10-01 This book explores how technological progress accelerates the transformation of economic development by adopting a fundamental logical approach to technological progress intensive inputs and promotion of productive efficiency to transformation of economic development It investigates the internal mechanisms and the choice of corresponding modes that initiate technological progress to accelerate the transformation of economic development at three basic research levels micro enterprise level mid industry level and macro economy level Based on the above research the book summarizes four dimensions facilitating the transformation agricultural intensification new industrialization modernization of the service industry and the advanced manufacturing industry and linkage of the modern service industry This book is especially valuable in its hierarchical categorization covering theoretical empirical industrial and strategic exploration On one hand it analyzes the mechanisms and approaches influencing the transformation of economic development driven by technological progress from both theoretical and empirical perspectives On the other hand based on the introduction of advanced international experiences it probes into the guarantee basis for the strategic implementation and the corresponding mode choices of the transformations Furthermore it offers specific policy proposals from both the macro level of how technological progress promotes the transformation of economic development and the micro level covering the agricultural industrial and service industries Technological Change in a Spatial Context Enrico Ciciotti, Neil Alderman, Alfred Thwaites, 2012-12-06 This book represents a selection of contributions to the Regional Science Association European Summer Institute held at Arco Lake of Garda Italy from 17th to 23rd July 1988 on the theme of Theories and policies of technological development at the local level As such it forms a complementary volume to the collection of invited papers entitled The Spatial Context of Technological Development edited by Professors Riccardo Cappellin and Peter Nijkamp and published by Avebury Gower The Summer Institute covered a broad range of themes and contributions from over 100 researchers It has therefore not been our intention to represent or replicate these themes directly but to provide as wide an international coverage of current research in regional science in the field of technological change as possible The papers

to be found in this book are drawn from the European Community Eastern Europe Scandinavia North America and elsewhere Inevitably as the book was to be published in English most of the editorial work has been undertaken at the Centre for Urban and Regional Development Studies at Newcastle University In so doing we have attempted to standardize the English as far as possible whilst trying not to lose the characteristics of the styles of the individual authors

Technological Change and Rural Development in Poor Countries Kartik Chandra Roy, Cal Clark, 1994 Rural development is a subject that appears to be plagued by a central paradox development is necessary to alleviate rural poverty but while new technology has raised agricultural output it has also increased the suffering of millions of poor landless families in many Third World countries The rural poor especially women have been marginalized urban migrants have become desperate unemployed squatters not well paid industrial workers and environmental degradation has proved severe The authors argue that many development programmes go awry because the authorities neglect essential development issues Development must be defined in terms of the provision of basic human needs which include life expectancy infant mortality and literacy indicators which reflect the quality of life of the bulk of the population not just a narrow elite What they suggest is that the issues neglected by the conventional approach must be addressed if true development is to occur

Technology And Social Change In Rural Areas Gene F Summers, 2019-07-11 The possibility of nuclear war the failure of the Green Revolution the capabilities of genetic engineering and other actual and potential effects of technological innovations have created demands for a more humane application of technology Addressing this issue *Technology and Social Change in Rural Areas* is a clear assessment of the current state of affairs The book begins with a discussion of the changing paradigms of technology adoption and diffusion the dynamics of public resistance and the question of social responsibility in an age of synthetic biology In subsequent sections the contributors assess the revolutionary effect of technology on agriculture worldwide and conclude that radically new public policies are essential expose the transformations of rural life and communities that result from the localized effects of technology and its use as a weapon in world system politics and critically examine the appropriate technology movement The essays are presented to honor Professor Eugene A Wilkening for his many pioneering and lasting contributions to the study of technology and rural social change The book includes an intellectual biography of Professor Wilkening written by his long time colleague and friend William H Sewell

Environmental Indicators and Agricultural Policy Floor Brouwer, Bob Crabtree, 1999 Indicators in the field of biodiversity and landscape Indicators in the field of environmental pollution Indicators in the field of policy analysis

The Dynamics of Socio-Economic Development Adam Szirmai, 2005-01-20 Why are poor countries poor and rich countries rich How are wealth and poverty related to changes in nutrition health life expectancy education population growth and politics This modern non technical 2005 introduction to development studies explores the dynamics of socio economic development and stagnation in developing countries Taking a quantitative and comparative approach to contemporary debates within their broader context Szirmai

examines historical institutional demographic sociological political and cultural factors Key chapters focus on economic growth technological change industrialisation agricultural development and consider social dimensions such as population growth health and education Each chapter contains comparative statistics on trends from a sample of twenty nine developing countries This rich statistical database allows students to strengthen their understanding of comparative development experiences Assuming no prior knowledge of economics the book is suited for use in inter disciplinary development studies programmes as well as economics courses and will also interest practitioners pursuing careers in developing countries

Handbook of Rural Development Gary Paul Green, 2013-12-27 Rural development policies have historically focused primarily on increasing agricultural productivity but this volume demonstrates the need for a much broader approach as rural producers become increasingly integrated into the global economy Followi **Technological Change, Employment and Spatial Dynamics** Peter Nijkamp, 2012-12-06 **Low-Carbon Economy and Sustainable Development: Driving Force, Synergistic Mechanism, and Implementation Path** Zhen Liu, Wang Pei, Jing Lan, Jingchao Zhang, 2024-11-25 In recent years with global economic development and population growth environmental issues have become increasingly prominent Climate change and energy crisis have become global problems that restrict human development and so need to be solved urgently As a comprehensive economic development model the low carbon economy can greatly reduce energy and resource consumption mitigate and adapt to climate change promote economic development and thus achieve the goal of sustainable development Therefore exploring efficient paths toward sustainable development through carbon reduction is an urgent and challenging research topic currently This Research Topic aims to conduct scientific research and exchange from the perspectives of clarifying the drivers behind carbon reduction investigating the synergistic mechanism between the low carbon economy and sustainable development and then exploring the pathways to low carbon development Through comprehensive research and comparative analysis of the relationship between low carbon economy and sustainable development we will verify the feasibility of innovations and updates of carbon reduction applications for sustainable development provide scientific strategies in terms of low carbon economy for sustainable development design technical routes and propose corresponding policy recommendations *Research in Education*, 1969-05 Technological Change and Regional Development in Europe Ludwig Schätzl, Javier Revilla Diez, 2012-12-06 This book presents the findings of the extensive research programme funded by the Deutsche Forschungsgemeinschaft German Research Council and entitled Technological Change and Regional Development in Europe The goal of this programme was to carry out research by means of empirical surveys into the relationship between technological change and regional development Over a period of six years a total of 50 research projects have been undertaken in three phases each lasting two years This research programme has succeeded in actively involving leading German regional scientists from many universities as well as non university research institutions In addition numerous research projects were carried out in close co operation with internationally renowned

partners We should like to express our gratitude for the support provided by the Deutsche Forschungsgemeinschaft Without their financial backing of the research programme it would not have been possible to undertake such an ambitious project Thanks also go to the contributors of this volume for their willingness to participate in our joint project We wish in addition to acknowledge the contribution of Prof Dr Philip Cooke whose refereeing of the chapters has enhanced the quality of the work presented here Finally our thanks go to Angela Spence for her expert editorial assistance linguistic editing and the preparation of the Index and also Franco Vaio for taking care of the technical aspects and production of the final copy Their combined efforts have been crucial for successfully bringing together contributions from so many different authors in a single volume

Technological Change And The Rural Environment Introduction

Technological Change And The Rural Environment Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Technological Change And The Rural Environment Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Technological Change And The Rural Environment : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Technological Change And The Rural Environment : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Technological Change And The Rural Environment Offers a diverse range of free eBooks across various genres. Technological Change And The Rural Environment Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Technological Change And The Rural Environment Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Technological Change And The Rural Environment, especially related to Technological Change And The Rural Environment, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Technological Change And The Rural Environment, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Technological Change And The Rural Environment books or magazines might include. Look for these in online stores or libraries. Remember that while Technological Change And The Rural Environment, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Technological Change And The Rural Environment eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Technological Change And The Rural Environment full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Technological Change And The Rural Environment eBooks, including some popular titles.

FAQs About Technological Change And The Rural Environment Books

What is a Technological Change And The Rural Environment PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Technological Change And The Rural Environment PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Technological Change And The Rural Environment PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Technological Change And The Rural Environment PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobat's export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Technological Change And The Rural Environment PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, iLovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
