Unis Vers Cythère Josef Chytrý, 2009 Unis vers Cythère forms a continuation of the ongoing project to disseminate a new faculty of thought called cytherics which is defined as the sighting and siting of aphrodisian aesthetic erotic environments The first part of the book proposes polis thought as a subdivision within political theory that would encourage attention to the polis element the openness furnished by the classical polis city for disputation rhetoric performance ceremony and the carnivalesque for political theory and history The second part develops the concept of the artful firm derived from contemporary firm and management theories on the art firm and artful making to argue for further convergences in related areas of aesthetics and management Unis vers Cythère begins and ends with essays on the ancient Hellenic twin concepts of thalassocracy and teatrocracy in their relations to orthodox contemporary theories of political democracy

Knowledge-Intensive Entrepreneurship and Innovation Systems Franco Malerba, 2010-04-05 This book examines entrepreneurship from three interrelated perspectives Firstly it links entrepreneurship to innovation and to the generation transformation and use of knowledge Secondly it inserts entrepreneurship in innovation systems of various types national sectoral and local Thirdly it views entrepreneurship not as a single event but as a process that evolves in time from the pre entry experience to the entrepreneurial act to the evolution of the entrepreneur and the new company With chapters from a range of international contributors the book answers questions such as what are the main dimensions of

knowledge intensive entrepreneurship What are the factors affecting its emergence evolution and performance How important is knowledge intensive entrepreneurship for European growth and competitiveness Is the situation of Central and Eastern Europe engaged in a process of major economic and institutional transformation similar or different from the one of Western Europe *Research Methodology in Strategy and Management* David J. Ketchen Jr., Donald D. Bergh, 2005-06-10 Research methods present the strategic management field with opportunities and challenges This second volume describes challenges and opportunities inherent in particular content areas examines key ontological and epistemological issues in the strategic management context and also describes how strategy researchers can use particular methods *Rethinking Productive Development* Inter-American Development Bank, 2014-09-04 Productive transformation requires seizing the opportunities available and opening new ones in a competitive world Rethinking Productive Development examines the market failures impeding transformation and the government failures that may make the policy remedies worse than the market illness To address market failures the authors propose a simple conceptual framework based on the scope and nature of the policy approach They then systematically analyze country policies through this lens in key areas such as innovation new firms financing human capital and internationalization to show the power of this way of thinking Still the book warns that policymakers cannot be sure what the right policy interventions are and must set up a process to discover them that calls for public private collaboration Recognizing that the risk of capture needs to be checked and that even the best policies will fail without the technical organizational and political capacity to implement them the book concludes with ideas on how to design institutions fostering the right incentives and how to grow public sector capabilities over time *Research Handbook on Public Financial Management* Komla Dziedzede, W. B. Hildreth, 2023-08-14 This scholarly Research Handbook captures key observations and analyses within the field of public financial management It offers much needed insights into possible future research ventures while presenting contemporary summaries of past studies in this ever evolving field

Third World Multinationals F. Beausang, 2003-07-25 This book evaluates the contribution of third world multinational enterprises to the competitiveness of their home and host countries in the context of Brazilian and Chilean MNE s Third world MNE s can be important agents of growth a fact that until now has been largely ignored in the literature This book fills the gap in the literature by looking at third world MNE s ability to innovate and examining the potential for their innovations to be diffused to other home country firms and thereby improve their home country s competitiveness *The Challenge of Remaining Innovative* Sally H. Clarke, Naomi R. Lamoreaux, Steven W. Usselman, 2009 The contributors explore two main themes the challenge of remaining innovative and the necessity of managing institutional boundaries in doing so The book is organized into four parts which move outward from individual firms to networks or clusters of firms to consultants and other intermediaries in the private economy who operate outside of the firms themselves and finally to government institutions and politics Editor **The Industrial Policy Revolution II** J. Esteban, J. Stiglitz, Justin Lin Yifu, 2013-12-13 This volume is the

result of the 2012 International Economic Association's series of roundtables on the theme of Industrial Policy. The first New Thinking on Industrial Policy was hosted by the World Bank in Washington D C and the second New Thinking on Industrial Policy Implications for Africa was held in Pretoria South Africa. *The Indian Economy @ 75* Chatterjee Biswajit, Joydeb Sasmal, 2024-06-11. This book focuses on the economic challenges India has been facing since its independence in 1947. It traces the country's journey of economic transition and critically analyzes themes such as the political economy of development, agriculture, macroeconomy, industry and labor, money and finance, trade liberalization, gender, welfare, energy, and the environment. The volume also addresses the issues of increasing income inequality, mass unemployment, and environmental degradation and suggests policies for efficient and desirable outcomes in socio-economic development. This is an important and timely contribution that it will be of interest to scholars and researchers in economics, development studies, political economy, management studies, public policy, and political studies. It will also be useful to policymakers. **Healthy Work** Namir Khan, Nina Nakajima, Willem H. Vanderburg, 2004. The latest in a series focused on improving health conditions, this volume addresses work environments, bringing together diverse sources of literature that support preventive approaches to work design and organization. This reference provides an overview of relevant literature to engineers, managers, accountants, occupational health and safety specialists, and industrial hygienists so that they and other professionals can understand what has caused our workplaces to become primary sources of physical and mental illness. By focusing on diagnostic and prescriptive approaches, managers can implement designs and decisions that prevent or greatly reduce undesired and harmful effects. Other titles in the series include *Healthy Cities*, *Sustainable Production*, *Sustainable Energy*. *The Modernization of Labour Law and Industrial Relations in a Comparative Perspective* Silvia Spattini, 2009-01-01. Not all labour law and industrial relations scholars agree on the efficacy of the comparative approach; that the analysis of measures adopted in other countries can play a constructive role in national and local policy making. However, the case deserves to be heard and no better such presentation has appeared than this remarkable book, the carefully considered work of over 40 well-known authorities in the field from a wide variety of countries including Australia, France, India, Israel, Peru, Poland, and South Africa. The volume contains papers delivered at a conference sponsored by the Marco Biagi Foundation at the University of Modena and Reggio Emilia in March 2008.
