Technology Transfer Agreements And The Ec Competition Rules:

Technology Transfer Agreements and the EC Competition Rules Valentine Korah, 1996 This book provides a detailed and highly expert treatment of the new Technology Transfer Regulation recently adopted by the European Commission The regulation which is of immense importance will be of great interest to practitioners and in house lawyers particularly in the light of the recent new block exemption The regulation has attracted strong opposition from industry and has wide ramifications This makes the need for a book on the subject all the more compelling Professor Korah who is widely known for her work on Competition Law is the leading expert on this subject

Technology Transfer and the New EU Competition Rules Steven D. Anderman, John Kallaugher, 2006 The new Technology Transfer Block Exemption Regulation in force from May 1 2004 signals a profound change in the nature of the regulatory framework for technology licensing under EU competition law This book examines the new Regulation in detail placing it in the wider context of i the modernisation reforms of EC competition law and ii the treatment of IP rights over technology more generally The book also considers the approach to assessment of IP issues set out in the Guidelines that accompany the Regulation the authors discuss their legal basis and where appropriate criticise the approach taken by the Guidelines where the legal basis is unsure

EU Competition Law and Regulation in the Converging Telecommunications, Media and IT Sectors Nikos Th Nikolinakos, 2006-01-01 This book presents the most thoroughgoing model yet offered to ensure the emergence of a genuinely competitive electronic communications industry in Europe In the course of its in depth analysis the discussion focuses on such factors as the following EU telecommunications policy as revealed in liberalization and harmonization legislative measures the EU electronic communications framework case law covering issues of refusal to supply and the essential facilities doctrine application of Article 82 EC to bottlenecks specific types of an undertakings unilateral behaviour that may often occupy NRAs and competition authorities in the context of their ex post competition law investigations under Article 82 EC strategic alliances and mergers in the move toward multimedia access to premium content and the emergence of new media the scope of content regulation in the online environment and broadband regulation of local loop unbundling and bitstream access The book also provides practical guidance on issues concerning the complicated market definition and analysis mechanism promulgated by the European Commission s Recommendation and Guidelines
