Teen Mothers:

On Becoming a Teen Mom Mary Patrice Erdmans, Timothy Black, 2015-02-06 In 2013 New York City launched a public education campaign with posters of frowning or crying children saying such things as I m twice as likely not to graduate high school because you had me as a teen and Honestly Mom chances are he won t stay with you Campaigns like this support a public narrative that portrays teen mothers as threatening the moral order bankrupting state coffers and causing high rates of poverty incarceration and school dropout These efforts demonize teen mothers but tell us nothing about their lives before they became pregnant In this myth shattering book the authors tell the life stories of 108 brown white and black teen mothers exposing the problems in their lives often overlooked in pregnancy prevention campaigns Some stories are tragic and painful marked by sexual abuse partner violence and school failure Others depict girl next door characters whose unintended pregnancies lay bare insidious gender disparities Offering a fresh perspective on the links between teen births and social inequalities this book demonstrates how the intersecting hierarchies of gender race and class shape the biographies of young mothers

The Culture of Teenage Mothers Joanna Gregson, 2010-07-02 Society stigmatizes teen pregnancy but most teenage mothers keep their babies and many regard their pregnancies as the best thing that ever happened to them In this book Joanna Gregson explores teen mothers shared culture how they perceive their situations and how they experience stigma Drawing from four years of participant observation research in a school based program for parenting teens Gregson presents the stories and voices of a group of mostly but not exclusively white teen mothers a group often overlooked in the literature She reveals a world in which teenage mothers compete with each other to show competency as parents and proclaim the virtues of teen parenting over that of women in their twenties thirties and forties Gregson discusses the teen mothers conceptions of fatherhood and how they judge their own children s fathers including the issue of older boyfriends impregnating teenage girls The young women s thoughts on the stigma they experience and the transformations in their lives and relationships are illuminating and important to all who care about teenage girls as well as about teenage mothers and their children

Teen Pregnancy and Parenting David Checkland, James Wong, 1999-01-01 Nine original essays explore the many factors affecting how Canadian society responds to and creates the phenomenon of teen parenting A challenges to assumptions about the circumstances consequences and experience of teen parenting

Teen Mothers and the Revolving Welfare Door Kathleen Mullan Harris, 1997 Kathleen Mullan Harris reveals the relationship between black teenage mothers and the welfare system Does welfare encourage them to maintain a life of dependency How does education marriage and employment impact this relationship How do these women escape dependency Harris s account is based on Frank Furstenberg s Baltimore study which began in the 1960s and has continued for more than 20 years This study traces the paths of these mothers and provides commentary on the changes in the welfare system and the way society perceives welfare recipients Not only are job prospects worse today but so are welfare benefits and the abortion rate has

risen drastically **Teen Pregnancy and Parenting** Annette U. Rickel, 1989 First published in 1989 Routledge is an imprint of Taylor Francis an informa company *Black Teenage Mothers* Constance Willard Williams, 1991-01-01 In this ground breaking book Constance Williams reveals why contrary to the adverse outcomes previously attributed to their lot many black teenage mothers consider their lives enriched by childbearing Here is a poignant exploration of the meaning of pregnancy and motherhood to young women who although impoverished express hope as freely tell their stories and reveal new truths about their attitudes Williams discovers that it is more often socialization not ignorance that leads black teens into motherhood at such a young age She also reveals why early childbearing for these teens may well be an adaptive and even reasonable response to their social and cultural realities Preventing Teen Pregnancy Christopher Shays, 1999-06 Witnesses Elayne Bennett and Robin Williams Best Friends Foundation Rep Eva M Clayton Barbara Huberman Advocates for Youth Kevin B Travick and Andre Gaston Institute for Responsible Fatherhood and Family Revitalization Henry W Foster Jr White House Liaison to the National Campaign to Prevent Teen Pregnancy and exec dir Child Trends Inc Pat Funderburk Ware former Dir of Office of Adolescent Pregnancy Programs U S Dept of Health and Human Services Kathleen Kennedy Townsend Lt Gov State of MD and Rep Nancy Johnson **Preventing Teen Pregnancy** United States. Congress. House. Committee on Government Reform and Oversight. Subcommittee on Human Resources and Intergovernmental Relations, 1997 The Subcommittee on Human Resources and Intergovernmental Relations of the House of Representatives Committee on Government Reform and Oversight met to consider the causes of and solutions to teen pregnancy and the role of community organizations in prevention efforts Opening remarks by Representative Christopher Shays were followed by statements by a number of people with expertise in teen pregnancy prevention beginning with the statement of Representative Edolphus Towns which emphasizes that in many cases the fathers of the babies of teenage girls are much older than the mothers Statements of Representatives Nancy Johnson and Eva M Clayton further defined the problem and emphasized that solutions must be community based Remarks and a panel discussion were presented by 1 Henry W Foster Jr Senior Advisor to the President 2 Kristin A Moore from the National Campaign To Prevent Teen Pregnancy 3 Pat Funderburk Ware former director of the Office of Adolescent Pregnancy Programs and 4 Kathleen Kennedy Townsend Lieutenant Governor of Maryland The panel discussion of these representatives of national initiatives was followed by a panel discussion of representatives from Best Friends a program for girls and young women and the Institute for Responsible Fatherhood and Family Revitalization The transcribed comments and prepared statements of members of both panels are supplemented by letters statements and other documents submitted for the record Panelists and Congress members were in general agreement that community based approaches are needed to address the problems of teen pregnancy and that the role of fathers must be strengthened SLD **Teen Pregnancy** Paul Quinn, 2021-04-07 Pregnant teens have three options abortion adoption and keeping the baby and each comes with its own challenges and issues Teen pregnancy can have an enormous

impact on adolescents their families and society What options are available to teens What resources are available and what rights and responsibilities do the pregnant teen the father and the teen s parents have Do pregnancy and birth pose unique health risks for mother and child How does being born to a teen mother affect a child s health and future This book answers all these questions and more in an accessible unbiased way Part of Bloomsbury s Q A Health Guides series Teen Pregnancy Your Questions Answered follows a reader friendly question and answer format that anticipates reader s needs and concerns Prevalent myths and misconceptions are identified and dispelled and a collection of case studies illustrates key concepts and issues through relatable stories and insightful recommendations Each book in the series also includes a section on health literacy equipping teens and young adults with practical tools and strategies for finding evaluating and using credible sources of health information both on and off the internet important skills that contribute to a lifetime of healthy decision making

Teen Pregnancy and Parenting Keri Weed,Jody S Nicholson,Jaelyn R. Farris,2014-08-01 Whether glamorised or stigmatised teenage parenthood is all too often used to stand for a host of social problems and empirical research results ignored Identifying core controversies surrounding teen pregnancy and parenting this book resolves misperceptions using findings from large scale longitudinal and qualitative research studies from the US and other Western countries Summarising the evidence and integrating it with a systems perspective the authors explore ten prevalent myths about teenage parents including Teen pregnancy is associated with other behavior problems Children of teen parents will experience cognitive delay adjustment problems and will themselves become teen parents Better outcomes are achieved when teen mothers live with their own mothers Teen pregnancy costs tax payers lots of money Abstinence education is the best way to prevent teen pregnancy Teen Pregnancy and Parenting ends by highlighting the prevention and intervention implications for families practitioners and policymakers It will be of interest to academics and advanced students from a range of disciplines and professions including psychology public policy nursing social work and sociology

MTV and Teen Pregnancy Letizia Guglielmo,2013-05-30 In 2009 16 and Pregnant premiered on MTV closely followed by the spinoffs Teen Mom and Teen Mom 2 Because of their controversial portrayals of teenage mothers the shows have received ongoing media attention While some argue that the programs could play a factor in reducing the number of teen pregnancies others claim the shows exploit young women and glamorize their situations Among these debates there have been surprisingly few in depth discourses that discuss the roles such shows have on teenage audiences In MTV and Teen Pregnancy Critical Essays on 16 and Pregnant and Teen Mom contributors from a variety of backgrounds and expertise offer potent essays about these programs Divided into four parts the book tackles the controversial representations of teen pregnancy from various disciplines Part I explores gendered social norms and the shows roles as either educational resources or idealized depictions of teenage motherhood Part II prompts readers to consider the intersections of race class gender and the social and cultural power structures often glossed over in these programs Part III focuses on teenage fathers the portrayal of masculinity and good vs bad parents Part IV

draws from TV's representations of reality to discuss the impact of these shows on the viewing audience. This section includes a narrative from a teen mother who argues that the shows do not accurately reflect the life she leads. As the debates about 16 and Pregnant and Teen Mom continue, this collection provides a valuable critical discourse to be used both inside and outside the classroom. Those engaged in courses on gender and women's studies as well as media studies, social work, and family and childhood development will find MTV and Teen Pregnancy especially insightful, as will those involved in community outreach programs, not to mention teens and young mothers themselves.

Kids Having Kids Saul D. Hoffman, Rebecca A.

Maynard, 2008. Teen childbearing in the United States has been declining since 1991, yet we consistently have the highest teen birth rates in the industrialized world. In 1997, *Kids Having Kids* was the first comprehensive effort to identify the consequences of teen childbearing for the mothers, the fathers, the children, and our society. Rather than simply comparing teen mothers with their childless counterparts, the assembled researchers achieved a new methodological sophistication, seeking to isolate the birth itself from the mother's circumstances and thus discover its true costs. This updated second edition features a new chapter evaluating teen pregnancy interventions along with revised and updated versions of most first edition chapters.

Teenage Pregnancy and Poverty Barbara Miller, 2000-12-15. Discusses the problem of teen pregnancy and how it affects the economic future of the persons involved.

The Epidemic of Teen Pregnancy: An American Tragedy,

Adolescent Pregnancy Teresa Nielsen Hayden, 1993-12. Covers the problem, the issues, and what can be done by families, teens, the community, the educational system, religious organizations, the media, the medical community, social services, agencies, the business community, and government. Drawings and graphs. An exhaustive study by the Governor's Task Force of the State of Maine.

Shaping Literacy Achievement Michael Pressley, 2007-03-09. In the era of No Child Left Behind,

what literacy research is still needed? How should it be conducted? And what role does research play in determining the kinds of literacy experiences that actually take place in classrooms? This forward-thinking book brings together leading authorities to address these vital and hotly debated questions. Contributors analyze the existing knowledge on core aspects of literacy education, describe how science is currently informing practice, and identify important methodological challenges and research directions. A highlight of the book is a chapter in which Michael Pressley offers an insightful critique of *Reading First* as well as practical recommendations for improving future policies.

Teen Mothers--Citizens Or Dependents?

Ruth Horowitz, 1996-06-15. Horowitz examines one of the most critical questions of welfare policy: how can a government program help one of society's most needful groups move from welfare dependency to employment independence and responsible citizenship? This book brings to life the dramas of women on welfare, women that daily face dramas unknown to most Americans.

Blame Welfare, Ignore Poverty and Inequality Joel F.

Handler, Yeheskel Hasenfeld, 2006-11-27 With the passage of the 1996 welfare reform not only welfare but poverty and inequality have disappeared from the political discourse The decline in the welfare rolls has been hailed as a success This book challenges that assumption It argues that while many single mothers left welfare they have joined the working poor and fail to make a decent living The book examines the persistent demonization of poor single mother families the impact of the low wage market on perpetuating poverty and inequality and the role of the welfare bureaucracy in defining deserving and undeserving poor It argues that the emphasis on family values marriage promotion sex education and abstinence is misguided and diverts attention from the economic hardships low income families face The book proposes an alternative approach to reducing poverty and inequality that centers on a children's allowance as basic income support coupled with jobs and universal child care

Teen Mothers Introduction

In today's digital age, the availability of Teen Mothers books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Teen Mothers books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Teen Mothers books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Teen Mothers versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Teen Mothers books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Teen Mothers books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Teen Mothers books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the

public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Teen Mothers books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Teen Mothers books and manuals for download and embark on your journey of knowledge?
