Soul Searching : The Religious and Spiritual Lives of American Teenagers Christian Smith Dr William R Kenan Jr Professor of Sociology University of Notre Dame, Candidate University of North Carolina Melina Lundquist Denton Ph.D, Chapel Hill USA, 2005-01-25 In innumerable discussions and activities dedicated to better understanding and helping teenagers one aspect of teenage life is curiously overlooked Very few such efforts pay serious attention to the role of religion and spirituality in the lives of American adolescents But many teenagers are very involved in religion Surveys reveal that 35% attend religious services weekly and another 15% attend at least monthly 60% say that religious faith is important in their lives 40% report that they pray daily 25% say that they have been born again Teenagers feel good about the congregations they belong to Some say that faith provides them with guidance and resources for knowing how to live well What is going on in the religious and spiritual lives of American teenagers What do they actually believe What religious practices do they engage in Do they expect to remain loyal to the faith of their parents Or are they abandoning traditional religious institutions in search of a new more authentic spirituality This book attempts to answer these and related questions as definitively as possible It reports the findings of The National Study of Youth and Religion the largest and most detailed such study ever undertaken The NYSR conducted a nationwide telephone survey of teens and significant caregivers as well as nearly 300 in depth face to face interviews with a sample of the population that was surveyed The results show that religion and spirituality are indeed very significant in the lives of many American teenagers Among many other discoveries they find that teenagers are far more influenced by the religious beliefs and practices of their parents and caregivers than commonly thought They refute the conventional wisdom that teens are spiritual but not religious And they confirm that greater religiosity is significantly associated with more positive adolescent life outcomes This eagerly awaited volume not only provides an unprecedented understanding of adolescent religion and spirituality but because teenagers serve as bellwethers for possible future trends it affords an important and distinctive window through which to

observe and assess the current state and future direction of American religion as a whole *Raising Teens In A Contrary Culture* Mark Gregston,2018-08-07 Parenting Teenagers Lois Jean Davitz,Joel Robert Davitz,2003 Being a parent to teenagers can often be an overwhelming job Longtime psychologists educators and parents Lois and Joel Davitz offer sound and reassuring advice in this easy to read book that focuses on some of the major concerns parents have today Their questions come from a survey of real life situations that parents face relationships communication sadness mood swings conflict and crisis money bad influences Their answers encourage parents to think through their particular circumstances and recognize that parents can best determine what is right for their families The issues are unflinchingly honest The responses are not simple But both questions and answers are right on the mark Book jacket **Rooting Your Teen in the Faith** Kim Cameron-Smith,2023-01-03 While Catholic teens drifting away from the Faith is unfortunately an increasingly common occurrence it s not inevitable We as parents are uniquely qualified to lead our teens to a relationship with Christ During the difficult teenage years parents not youth ministers teachers or parish programs play a pivotal role in our children s faith development In *Rooting Your Teen in the Faith* family coach catechist author and mom Kim Cameron Smith empowers parents to shepherd their teens guiding them to discover their mission deepen their faith and discern the truth about their identity and purpose There is no perfect blueprint for evangelizing teenagers but there is the right relationship the parent child bond If we lean into our call to lead inspire free and transform our children by the end of the teenage years they will be equipped to respond to God s movements in their lives *Teen Services Today* Sara K.
