

8 PHONE ETIQUETTE RULES EVERY PROFESSIONAL SHOULD KNOW

1.

ANNOUNCE YOUR NAME WHEN ANSWERING YOUR PHONE

Use a greeting and say your full name. Using your first name alone can sound too informal for every professional call; using only your last name can sound too abrupt.

2.

BE AWARE OF YOUR SPEAKING VOLUME

Some people just don't know how loud they are, especially when their attention is focused on the person on the other line. Be aware of your surroundings. You never know who's paying attention to your conversation.

3.

DON'T ANSWER YOUR PHONE WHEN YOU'RE MEETING WITH SOMEONE

If you take a call, you're effectively communicating to the person you're meeting with that someone else is more deserving of your time than they are. If you're expecting an important call and there's no way to reschedule it, let the person you're meeting with know ahead of time.

4.

DON'T PUT YOUR PHONE ON THE TABLE WHEN MEETING OTHERS

For some, this is a way of showing the person you're meeting that they're not worth your time. Even if you don't answer the phone, it can be distracting.

5.

RESPECT QUIET ZONES

If you're in the middle of a meeting or a conference, it's rude to have your phone go off and disrupt the speaker and everyone else. Put your phone in silent mode or turn it off.

6.

CHOOSE A NORMAL RING

Do you really want your colleagues to hear music blasting on your cellphone while you're fumbling to silence it? Consider your ringtone, and think about how others may react to it.

7.

LET THE OTHER PERSON KNOW WHEN YOU HAVE THEM ON SPEAKER PHONE

If you must put someone on speaker phone, make sure you immediately let them know if there is anyone with you.

8.

DON'T LEAVE LONG VOICEMAILS

Leave a short and straightforward message. Speak clearly and let the person know why you called. If you leave a phone number, say the numbers slowly.

Telephone Time A First Of Telephone Dos And Donts

Sharese Dawkins

Telephone Time A First Of Telephone Dos And Donts:

Technolingualism James Pfrehm, 2018-01-25 Since the earliest days of our species technology and language have evolved in parallel This book examines the processes and products of this age old relationship a phenomenon we re calling technolingualism the mutually influential relationship between language and technology One the one hand as humans advance technology to master control and change the world around us our language adapts More sophisticated social cultural practices give rise to new patterns of linguistic communication Language changes in its vocabulary structures social conventions and ideologies Conversely and this side of the story has been widely overlooked the unique features of human language can influence a technology s physical forms and technical processes Technolingualism explores the fascinating ways past and present by which language and technology have informed each other s development The book reveals important corollaries about the universal nature of language and most importantly what it means to be human From our first babbling noises to the ends of our lives we are innately attuned to the technologies around us and our language reflects this We are all of us technolinguals

Do's and Don'ts to a Better Way of Living Sharese Dawkins, 2020-09-10 Everyone comes from different walks of life doing whatever we were taught or observed growing up however it s very important to have structure and order in our lives homes neighborhoods ministries workplaces We should know the proper way to conduct ourselves also teach our children to do the same and realize this world does not revolve around just you or me thus being mindful of other people in our midst WHAT HAPPENED TO THE DAYS WHERE EVERYONE TREATED THEIR FELLOW MAN WITH LOVE AND RESPECT God would be very pleased if we behaved in a manner that glorified Him This book unzips an abundance of tools and other resources to help you maneuver and maximize your lives more effectively and provides instructions on how to be considerate of others in various situations and environments

From Clueless to Class Act Jodi R. R. Smith, 2006 In both social and professional circles demonstrating class and courtesy can open doors for you while displaying poor manners can cause doors to shut in your face What is the appropriate way to behave at the table when should you refrain from answering your cell lphone what should you do if you break something in someone else s home Knowing the correct responses to these questions separates the men from the gentlemen
