disrupted Hollywood films have fostered reductive imagery of Arab Americans since the 1970s as either a national security threat or a foreign policy concern while Egyptian filmmakers have used polarizing images of Arab Americans since the 1990s to convey their nationalist critiques of the United States Both portrayals are rooted in anxieties around globalization migration and US Arab geopolitics In contrast Arab American cinema provides a more complex realistic and fluid representation of Arab American citizenship and the nuances of a transnational identity Exploring a wide variety of films from each cinematic site Mahdi traces the competing narratives of Arab American belonging how and why they vary and what s at stake in their circulation

Ethnic Humor in Multiethnic America David Gillota, 2013-07-01 When wielded by the white majority ethnic humor can be used to ridicule and demean marginalized groups In the hands of ethnic minorities themselves ethnic humor can work as a site of community building and resistance In nearly all cases however ethnic humor can serve as a window through which to examine the complexities of American race relations In Ethnic Humor in Multiethnic America David Gillota explores the ways in which contemporary comic works both reflect and participate in national conversations about race and ethnicity Gillota investigates the manner in which various humorists respond to multiculturalism and the increasing diversity of the American population Rather than looking at one or two ethnic groups at a time as is common scholarly practice the book focuses on the interplay between humorists from different ethnic communities While some comic texts project a fantasy world in which diverse ethnic characters coexist in a rarely disputed harmony others genuinely engage with the complexities and contradictions of multiethnic America The first chapter focuses on African American comedy with a discussion of such humorists as Paul Mooney and Chris Rock who tend to reinforce a black white vision of American race relations This approach is contrasted to

the comedy of Dave Chappelle who looks beyond black and white and uses his humor to place blackness within a much wider multiethnic context Chapter 2 concentrates primarily on the Jewish humorists Sarah Silverman Larry David and Sacha Baron Cohen three artists who use their personas to explore the peculiar position of contemporary Jews who exist in a middle space between white and other In chapter 3 Gillota discusses different humorous constructions of whiteness from a detailed analysis of South Park to Blue Collar Comedy and the blog Stuff White People Like Chapter 4 is focused on the manner in which animated children s film and the network situation comedy often project simplified and harmonious visions of diversity In contrast chapter 5 considers how many recent works such as Harold and Kumar Go to White Castle and the Showtime series Weeds engage with diversity in more complex and productive ways
