Tell It To The Rabbis And Other Poems 1977:

Tell it to the Rabbis, and Other Poems, 1977-2000 Stephen Kessler, 2001 Poetry Moving through a great range of moods and modes over twenty four years of writing yet unified by an unmistakable voice lyrical colloquial ardent irreverent TELL IT TO THE RABBIS is a generous revelation of Stephen Kessler's heteroformalist poetics From the erotic to the satiric the surreal to the prosaic the journalistic to the intimate the sentimental to the cynical the epigrammatic to the incantatory the author's versatility passion wit and imagination are alive on every page A love poet of sensitive memory he constructs his poems as bastions of feeling amid crumbling values and collapsing affirmations Jack Hirschman *California Poetry* Dana Gioia, Chryss Yost, Jack Hicks, 2004 The first historical anthology to provide a comprehensive survey of California poetry this ground breaking new book presents the work of 101 authors across two centuries California Poetry includes poets as diverse as Ambrose Bierce Yone Noguchi Robinson Jeffers Josephine Miles Charles Bukowski Ishmael Reed Francisco X Alarcón and Marilyn Chin With ample biographical and critical notes for each author California Poetry goes beyond the limits of the ordinary anthology and provides a detailed and often intimate account of the Golden State's rich but often neglected cultural history **Poetry** Harriet Monroe, 2001 *Contemporary Authors* Scot Peacock, 2002-05 Your students and users will find biographical information on approximately 300 modern writers in this volume of Contemporary Authors R Arabic and Hebrew Love Poems in Al-Andalus Shari Lowin, 2013-11-20 Arabic and Hebrew Love Poems in al Andalus investigates a largely overlooked subset of Muslim and Jewish love poetry in medieval Spain hetero and homo erotic love poems written by Muslim and Jewish religious scholars in which the lover and his sensual experience of the beloved are compared to scriptural characters and storylines This book examines the ways in which the scriptural referents fit in with or differ from the traditional Andalusian poetic conventions The study then proceeds to compare the scriptural stories and characters as presented in the poems with their scriptural and exegetical sources This new intertextual analysis reveals that the Jewish and Muslim scholar poets utilized their sacred literature in their poems of desire as more than poetic ornamentation in employing Qur'anic heroes in their secular verses the Muslim poets presented a justification of profane love and sanctification of erotic human passions In the Hebrew lust poems which utilize biblical heroes we can detect subtle subversive and surprisingly placed interpretations of biblical accounts Moving beyond the concern with literary history to challenge the traditional boundaries between secular and religious poetry this book provides a new multidisciplinary approach to existing materials and will be of interest to students scholars and researchers of Islamic and Jewish Studies as well as to those with an interest in Hebrew and Arabic poetry of Islamic Spain Jewish American Literature Jules Chametzky, 2001 A collection of Jewish American literature written by various authors between 1656 and 1990 Vienna Blood & Other Poems Jerome Rothenberg, 1980 Vienna Blood Other Poems is in some ways the most synthesizing of Jerome Rothenberg's recent collections pulling together work from the 1970s that stands apart from Poland 1931 1974 and A Seneca Journal 1978 yet at the same

time continuing the enactment of past and present begun in those books But where before he chose to restrict his exploration to ancestral Jewish and Amerindian poetries Rothenberg now takes us on a series of broader journeys through the collapsed landscape of what he calls the new wilderness evoked as place as structure as mind Written both to be read quietly on the printed page and aloud in performance the poems in *Vienna Blood* though experimental and language centered are nevertheless the work of a poet who by his own admission is crazy for content make no mistake about it As if to underscore this point he has appended brief comments to most of the major sections of the book in order as he says to give it some context in the way of oral tradition usually reserved for poetry readings etc a little of which I now commit to writing

Marcus, 2023-04-14 These studies explore the history of the Jewish minority of Ashkenaz northern France and the German Empire during the High Middle Ages Although the Jews in medieval Europe are usually thought to have been isolated from the Christian majority they actually were part of a Jewish Christian symbiosis A number of studies in the collection focus on Jewish Christian cultural and social interactions the foundations of the community ascribed to Charlemagne and especially on the fashioning of a martyrological collective identity in 1096 Even when Jews resisted Christian pressures they often did so by internalizing Christian motifs and turning them on their heads to argue for the truth of Judaism alone This may be seen especially in the formation of Jews as martyrs a trope that places Jews as collective Christ figures whose suffering brings about vicarious atonement The remainder of the studies delve into the lives and writings of a group of Jewish ascetic pietists Hasidei Ashkenaz which shaped the religious culture of most European Jews before modernity In *Sefer Hasidim* Book of the Pietists attributed to Rabbi Judah the Pietist of Regensburg d 1217 one finds a mirror of everyday Jewish Christian interactions even while the author advances a radical view of Jewish religious pietism *International Who's Who of Authors and Writers 2004* Europa Publications, 2003 Accurate and reliable biographical information essential to anyone interested in the world of literature The *International Who's Who of Authors and Writers* offers invaluable information on the personalities and organizations of the literary world including many up and coming writers as well as established names With over 8 000 entries this updated edition features Concise biographical information on novelists authors playwrights columnists journalists editors and critics Biographical details of established writers as well as those who have recently risen to prominence Entries detailing career works published literary awards and prizes membership and contact addresses where available An extensive listing of major international literary awards and prizes and winners of those prizes A directory of major literary

Scheick, 2014-10-17 Ann Beattie Annie Dillard Maxine Hong Kingston Toni Morrison Cynthia Ozick Grace Paley Marge Piercy Anne Redmon Anne Tyler and Alice Walker all seem to be especially concerned with narrative management The ten essays in this book raise new and intriguing questions about the ways these leading women writers appropriate and transform generic norms and ultimately revise literary tradition to make it more inclusive of female experience vision and expression The contributors to this volume discover diverse narrative strategies Beattie Dillard Paley and Redmon in divergent ways rely heavily upon narrative gaps surfaces and silences often suggesting depths which are lamentably absent from modern experience or which mysteriously elude language For Kingston and Walker verbal assertiveness is the focus of narratives depicting the gradual empowerment of female protagonists who learn to speak themselves into existence Ozick and Tyler disrupt conventional reader expectations of the anti novel and the family novel respectively Finally Morrison's and Piercy's works reveal how traditional narrative forms such as the Bildungsroman and the soap opera are adaptable to feminist purposes In examining the writings of these ten important women authors this book illuminates a significant moment in literary history when women's voices are profoundly reshaping American literary tradition *Law as Religion, Religion as Law* David C. Flatto, Benjamin Porat, 2022-08-25 The conventional approach to law and religion assumes that these are competing domains which raises questions about the freedom of and from religion alternate commitments of religion and human rights and respective jurisdictions of civil and religious courts This volume moves beyond this competitive paradigm

to consider law and religion as overlapping and interrelated frameworks that structure the social order arguing that law and religion share similar properties and have a symbiotic relationship Moreover many legal systems exhibit religious characteristics informing their notions of authority precedent rituals and canonical texts and most religions invoke legal concepts or terminology The contributors address this blurring of law and religion in the contexts of political theology secularism church state conflicts and the foundational idea of divine law This title is also available as Open Access on Cambridge Core
