Dynamics at the Lexicon-Syntax Interface Sabine Arndt-Lappe,Natalia Filatkina,2025-07-21 Both word formation WF and the coinage of multi word expressions MWE can be characterised in terms of creativity and routine Routine in word formation and multi word expressions is traditionally described in terms of morphological lexical syntactic and pragmatic rules but creativity is defined in different ways with definitions ranging from seeing creativity at the heart of human linguistic cognition to seeing creativity as precisely beyond regular routines e.g. as an attention seeking tool or wordplay In this latter sense creativity is usually sharply distinguished from productivity i.e. rule governed behaviour Despite these categorisations the question on what basis patterns are to be defined as creative still remains subject to debate Furthermore creativity and routine are often studied independently of each other by different research communities The volume aims to bring together these different research communities to discuss empirical evidence on the role of creativity and routinization in WF and MWEs

Snookered Ishy Din, 2014-12-30 *Snookered* probes into the lives of young Muslim men and their fragile masculinity burdened by cultural expectations yet charged with personal dreams In a volatile political climate

Ishy Din opens a timely window into a strand of British Muslim life that often remains unseen. The plot follows four friends who every year meet on the anniversary of their mate's death for a game of pool and a few drinks. As they excavate the past and measure their own lives, secrets are revealed and allegiances shift as quickly as the drinks are downed. Can they put to rest their guilt over the untimely death of their friend? And will their friendship survive the final betrayal? One of the very few plays written both by and about British Muslims, *Snookered* explores their camaraderie, life decisions, and their self-identity within their close-knit Muslim community of extended families and network of friends. The sharp, pace-filled dialogue captures the Punjabi English urban patois that is currently developing in northern towns but is rarely seen onstage. The result is that the characters are both alive and relevant, and moments of sharp wit collide with emotionally searing exchanges. Developed by the theatre company Tamasha, whose manifesto is to explore British Asian perspectives and identities, *Snookered* is unafraid to feature difficult and significant themes such as religion, drug addiction, misogyny, poverty, and racism. Against this backdrop, *Snookered* is first and foremost a psychologically detailed but razor-sharp depiction of young men finding their paths in life whilst navigating what it means to be young British and Muslim.
