Telling It Slant Avant Garde Poetics Of The 1990s:

Telling it Slant Mark Wallace, Steven Marks, 2002 This collection demonstrates the breadth and openness of the field of avant garde poetry by introducing a wide range of work in poetics theory and criticism from emerging writers Examining the directions innovative poetry has taken since the emergence and success of the Language movement the essays discuss new forms and the reorientation of older forms of poetry in order to embody present and ongoing involvements The essays center around four themes the relation between poetics and contemporary cultural issues new directions for avant garde practices in depth explorations of current poets and their predecessors and innovative approaches to the essay form or individual poetics Diverging from the traditional linear argumentative style of academic criticism many of the essays in this collection instead find critical forms more subtly related to poetry Viewed as a whole the essays return to a number of shared issues namely poetic form and the production of present day poetry While focusing on North American poetry the collection does reference the larger world of contemporary poetics including potential biases and omissions based on race and ethnicity

Amazon com **American Poets in the 21st Century** Claudia Rankine, Lisa Sewell, 2007-07-09 The ideal introduction to the current generation of American poets *Poetry Matters* Heather Milne, 2018-05-15 Poetry Matters explores poetry written by women from the United States and Canada which documents the social and political turmoil of the early twenty first century and places this poetry in dialogue with recent currents of feminist theory including new materialism affect theory posthumanism and feminist engagements with neoliberalism and capitalism Central to this project is the conviction that a poetics that explores the political dimensions of affect demonstrates an understanding of subjectivity as posthuman and transcorporeal critically reflects on the impact of capitalism on queer racialized and female bodies and develops an ethical vocabulary for reimagining the nation state and critically engaging with issues of democracy and citizenship is now more urgent than ever before Milne focuses on poetry published after 2001 by writers who mostly began writing after the feminist writing movements of the 1980s but who have inherited and built upon their political and aesthetic legacies The poets discussed in this book including Jennifer Scappettone Margaret Christakos Larissa Lai Rita Wong Nikki Reimer Rachel Zolf Yedda Morrison Marcella Durand Evelyn Reilly Juliana Spahr Claudia Rankine Dionne Brand Jena Osman and Jen Benka bring a sense of political agency to poetry These voices seek new vocabularies and dissenting critical and aesthetic frameworks for thinking across issues of gender materiality capitalism the toxic convergences of nationalism and racism and the decline of democratic institutions This is poetry that matters both in its political urgency and in its attentiveness to the world as matter as a material entity under siege It could not be more timely or more relevant **Thinking Poetry** Lynn Keller, 2010 Normal dotm 0 0 1 75 430 The University of Iowa 3 1 528 12 0 0 false 18 pt 18 pt 0 0 false false false Style Definitions table MsoNormalTable mso style name Table Normal mso tstyle rowband size 0 mso tstyle colband size 0 mso style noshow yes mso style parent mso padding alt 0in 5 4pt 0in 5 4pt mso para margin 0in mso para margin bottom 0001pt

Lyric Interventions Linda A. Kinnahan, 2005-05 Lyric Interventions explores linguistically innovative poetry by contemporary women in North America and Britain whose experiments give rise to fresh feminist readings of the lyric subject The works discussed by Linda Kinnahan explore the lyric subject in relation to the social and I as a product of social discourse and as a conduit for change Contributing to discussions of language oriented poetics through its focus on women writers and feminist perspectives this study of lyric experimentation brings attention to the cultural contexts of nation gender and race as they significantly shift the terms by which the experimental is produced defined and understood This study focuses upon lyric intervention in distinct but related spheres as they link public and ideological norms of identity Firstly lyric innovations with visual and spatial realms of cultural practice and meaning particularly as they naturalize ideologies of gender and race in North America and the post colonial legacies of the Caribbean are investigated in the works of Barbara Guest Kathleen Fraser Erica Hunt and M Nourbese Philip Secondly experimental engagements with nationalist rhetorics of identity marking the works of Carol Ann Duffy Denise Riley Wendy Mulford and Geraldine Monk are explored in relation to contemporary evocations of self in Britain And thirdly in discussions of all of the poets but particularly accented in regard to Guest Fraser Riley Mulford and Monk formal experimentation with the lyric I is considered through gendered encounters with critical and avant garde discourses of poetics Throughout the study Kinnahan seeks to illuminate and challenge the ways in which visual and verbal constructs function to make readable the subjectivities historically supporting white male centered power within the worlds of art poetry social locations or national policy The potential of the feminist innovative lyric to generate linguistic surprise simultaneously with engaging risky strategies of social intervention lends force and significance to the public engagement of such poetic experimentation This fresh energetic study will be of great interest to literary critics and womens studies scholars as well as poets on both sides of the Atlantic

The Material of Poetry Gerald L. Bruns, 2005 Poetry is philosophically interesting writes Gerald L Bruns when it is innovative not just in its practices but before everything else in its poetics that is in its concepts or theories of itself In The Material of Poetry Bruns considers the possibility that anything under certain conditions may be made to count as a poem By spelling out such enabling conditions he gives us an engaging overview of some of the kinds of contemporary poetry that challenge our notions

of what language is sound poetry visual or concrete poetry and found poetry Poetry's sense and meaning can hide in the spaces in which it is written and read says Bruns and so he urges us to become anthropologists to go afield in poetry's social historical and cultural settings From that perspective Bruns draws on works by such varied poets as Gertrude Stein Ezra Pound Steve McCaffery and Francis Ponge to argue for three seemingly competing points First poetry is made of language but is not a use of it That is poetry is made of words but not of what we use words to produce concepts narratives expressions of feeling and so on Second as the nine sound poems on the CD included with the book demonstrate poetry is not necessarily made of words but is rooted in and in fact already fully formed by sounds the human body can produce Finally poetry belongs to the world alongside ordinary things it cannot be confined to some aesthetic neutral or disengaged dimension of human culture Poetry without frontiers unmoored from expectations and sometimes even written in imaginary languages Bruns shows us why for the sake of all poetry we should embrace its anarchic vitalizing ways

The Cambridge History of American Poetry Alfred Bendixen, Stephen Burt, 2014-10-27 The Cambridge History of American Poetry offers a comprehensive exploration of the development of American poetic traditions from their beginnings until the end of the twentieth century Bringing together the insights of fifty distinguished scholars this literary history emphasizes the complex roles that poetry has played in American cultural and intellectual life detailing the variety of ways in which both public and private forms of poetry have met the needs of different communities at different times The Cambridge History of American Poetry recognizes the existence of multiple traditions and a dramatically fluid canon providing current perspectives on both major authors and a number of representative figures whose work embodies the diversity of America's democratic traditions

The Poetry of Susan Howe W. Montgomery, 2010-09-27 The Poetry of Susan Howe provides a comprehensive survey of the major works of one of America's foremost contemporary poets The book describes the relationship between poetic form and the various configurations of history religious thought and authority in Howe's writing Will Montgomery argues that her highly opaque texts reflect the resistance that the past offers to contemporary investigation Addressing lyric literary history collage and visual poetics The Poetry of Susan Howe is a lucid and persuasive investigation of the volatile movements of this extraordinary body of work

Resistance to Science in Contemporary American Poetry Bryan Walpert, 2011-09-26 This book examines types of resistance in contemporary poetry to the authority of scientific knowledge tracing the source of these resistances to both their literary precedents and the scientific zeitgeists that helped to produce them Walpert argues that contemporary poetry offers a palimpsest of resistance using as case studies the poets Alison Hawthorne Deming Pattiann Rogers Albert Goldbarth and Joan Retallack to trace the recapitulation of romantic arguments inherited from Keats Shelly and Coleridge which in turn were produced in part in response to Newtonian physics modernist arguments inherited from Eliot and Pound arguments influenced in part by relativity and quantum theory and postmodernist arguments arguments informed by post structuralist theory e.g. Barthes Derrida Foucault with affinities to arguments for the limitations of science

in the philosophy sociology and rhetoric of science Some of these poems reveal the discursive ideologies of scientific language reveal in other words the performativity of scientific language In doing so these poems themselves can also be read as performative acts and therefore as forms of intervention rather than representation Reading Retallack alongside science studies scholar Karen Barad the book concludes by proposing that viewing knowledge as a form of intervention rather than representation offers a bridge between contemporary poetry and science **Postmodern Poetry and Queer**

Medievalisms: Time Mechanics David Hadbawnik,2022-06-06 This volume builds on recent scholarship on contemporary poetry in relation to medieval literature focusing on postmodern poets who work with the medieval in a variety of ways Such recent projects invert or queer the usual transactional nature of engagements with older forms of literature in which readers are asked to exchange some small measure of bewilderment at archaic language or forms for a sense of having experienced a medieval text The poets under consideration in this volume demand that readers grapple with the ways in which we are still medieval in other words the ways in which the questions posed by their medieval source material still reverberate and hold relevance for today s world They do so by challenging the primacy of present over past toppling the categories of old and new and suggesting new interpretive frameworks for contemporary and medieval poetry alike *American Poetry as*

Transactional Art Stephen Fredman,2020-06-02 Explores the ways American poetry engages with visual art music fiction spirituality and performance art Many people think of poetry as a hermetic art as though poets wrote only about themselves or as if the subject of poetry were finally only poetry its forms and traditions Indeed much of what constitutes poetry in the lyric tradition depends on a stringently controlled point of view and aims for a timeless intransitive utterance Stephen Fredman s study proposes a different perspective American Poetry as Transactional Art explores a salient quality of much avant garde American poetry that has so far lacked sustained treatment namely its role as a transactional art Specifically Fredman describes this role as the ways it consistently engages in conversation talk correspondence going beyond the scope of its own subjects and forms its existential interactions with the outside world Poetry operating in this vein draws together images ideas practices rituals and verbal techniques from around the globe and across time not to equate them but to establish dialogue to invite as many guests as possible to the World Party which Robert Duncan has called the symposium of the whole Fredman invites new readers into contemporary poetry by providing lucid and nuanced analyses of specific poems and specific interchanges between poets and their surroundings He explores such topics as poetry s transactions with spiritual traditions and practices over the course of the twentieth century the impact of World War II on the poetry of Charles Olson and George Oppen exchanges between poetry and other art forms including sculpture performance art and ambient music the battle between poetry and prose in the early work of Paul Auster and in Lyn Hejinian s *My Life* The epilogue looks briefly at another crucial transactional occasion teaching American poetry in the classroom in a way that demonstrates that it is at the center of the arts and at the heart of American culture *The Body and the Book* ,2015-06-29 The stimulating mix

of academics and practising poets that have contributed to this volume provides an unusual and illuminating integration of critical and creative practice and a vibrantly diverse approach to questions of poetry and sexuality Each section of essays is complemented by poems which creatively illustrate or develop the theme with which the essays critically engage Rather than being limited to a specific genre tradition time or place this collection seeks to make a virtue of contrast comparison and juxtaposition The collection is arranged into sections that range broadly across the thematic ground of dichotomies traditions and revisions microscopic and macroscopic perspectives women and embodiment and the notion of play and performance Positioning eighteenth century tinkers ballads alongside medieval Hebrew lyrics and the Blues of Gorgeous Puddin or making Dionysus rub shoulders with Sharon Olds and Mrs Rochester provides new perspectives on familiar material and valuable insights into more obscure work and the nature of sensual poetry as a mode of expression As the editors suggest the essays and poems presented collectively argue that writings about sexuality are always already about the way poets see and represent our bodies the world and poetic language itself

The Poem Is You Stephanie Burt, 2016-09-12 The variety of contemporary American poetry leaves many readers overwhelmed Critic scholar and poet Stephanie Burt sets out to help Beginning in the early 1980s where critical consensus ends she presents 60 poems each with an original essay explaining how the poem works why it matters and how it speaks to other parts of art and culture

Nations of Nothing But Poetry Matthew

Hart, 2010-04-22 Through case studies of Scottish English and Black Atlantic poetries from the landmark modernist year of 1922 through the mid 1970s *Nations of Nothing But Poetry* looks to answer what happens when poets combine vernacular language with the spirit of modernity *Assembling Alternatives* Romana Huk, 2003-04-29 First anthology to examine the national borders of postmodern poetry **Phenomenal Reading** Brian M.
