The Lisa Diaries:

The Lisa Diaries Lisa Carver, 2003 **Take the Nights Back** Laura Canning, 2020-05-29 Canning's writing is that rare thing in the world of books original and completely honest The sequel to the acclaimed novel *Taste the Bright Lights* one of the most authentic teenage voices you'll ever read Outstanding Breathtaking Exemplary Exceptional A must read Riveting Brave and brilliant Incredibly honest A superbly written book Lisa O'Neill is nineteen She lives in a homeless hostel in Belfast forever fighting to recover from what happened five years before When she met Rocky When she ran away again But some stories can't stay buried Some memories must be confronted To have any chance of happiness Lisa must meet her demons Even if it kills her A haunting raw and brutally gripping story of a young woman who must relive her past to find her present The sequel to the critically acclaimed novel *Taste the Bright Lights* PRAISE FOR *TASTE THE BRIGHT LIGHTS* keeps you hooked from start to finish I was totally blown away by this book and read it almost in one sitting Exceptional I was immediately captured by the powerful and witty writing rings extremely true from the first beat The most terrifying book I've ever read It's scary because it bleeds truth Incendiary reading Exemplary writing I read it in one sitting and couldn't move for an hour afterwards In fact I'm still having nightmares about it Powerful book that took my emotions on a rollercoaster ride A must read had me laughing one minute and almost crying the next can't rate it highly enough riveting from the beginning the voice never misses a beat Smart witty raw unique I couldn't put it down tragic sad infuriating and very funny and sometimes all of those at once A superbly written book one of those books that you can't put down keeps you hooked This book completely knocked me sideways It's a page turner and an eye opener speaks for the disenfranchised voice of a generation much like *Catcher in the Rye* would have done to the youth of the 50s gritty and realistic Move over *Ponyboy* *Curtis* Laura Canning's *Taste the Bright Lights* does for the twenty-first century teenager what S.E. Hinton's *The Outsiders* did in the twentieth Sharp-eyed smart mouthed and cynical Lisa O'Neill's first person narration has a terrifying believability about it The story line hooks you immediately leading you into the darkest corners of teenage life This book deserves the widest possible audience Read it and then tell others to read it Brilliant writing All reviews verifiable on Amazon PLEASE NOTE *Take the Nights Back* is a dark book with dark themes Trigger warning sexual violence *The New Diary* Tristine Rainer, 1979-07-01 *The New Diary* is about a completely modern concept of journal writing It has little to do with the rigid daily calendar diary you may have kept as a child or the factual travelogue you wrote to recall the Grand Canyon Instead it is a tool for tapping the full power of your inner resources *The New Diary* is as much for those who already keep a journal as it is for those who have never kept one It does not tell you the right way to keep a diary rather it offers numerous possibilities for using the diary to achieve your own purposes It is a place for you to clarify goals visualize the future and focus your energies a means of freeing your intuition and imagination a workbook for exploring your dreams your past and your present life It is for everyone seeking concrete methods for dealing with personal problems It is for women and men

interested in achieving self reliance and inner liberation for artists and writers seeking new techniques for overcoming blocks to creativity

The Hitler Diaries Jim Williams, 2013 A stunning literary prophecy The international bestseller that caused a sensation when it was published nine months before the Hitler Diaries forgery scandal A French aristocrat and his mistress are murdered A mysterious businessman offers the Fuehrer s diaries to a New York publishing house Are they a hoax or a record of terrifying truth A controversial historian and his beautiful assistant are commissioned to find out the answer Together they follow a trail that draws them into a terrifying web of conspiracy and slaughter Competing forces fight to publish or suppress Hitler s account of the War and secret negotiations with his enemies Are the Diaries a genuine and shattering revision of history whose revelation must be prevented Or are they a forged sinister attempt to destabilise contemporary Cold War politics If the Hitler Diaries are authentic then who left the bunker alive

Baghdad Diaries Nuha al-Radi, 2007-12-18 In this often moving sometimes wry account of life in Baghdad during the first war on Iraq and in exile in the years following Iraqi born British educated artist Nuha al Radi shows us the effects of war on ordinary people She recounts the day to day realities of living in a city under siege where food has to be consumed or thrown out because there is no way to preserve it where eventually people cannot sleep until the nightly bombing commences where packs of stray dogs roam the streets and provide her own dog Salvi with a harem and rats invade homes Through it all al Radi works at her art and gathers with neighbors and family for meals and other occasions happy and sad In the wake of the war al Radi lives in semi exile shuttling between Beirut and Amman travelling to New York London Mexico and Yemen As she suffers the indignities of being an Iraqi in exile al Radi immerses us in a way of life constricted by the stress and effects of war and embargoes giving texture to a reality we have only been able to imagine before now But what emanates most vibrantly from these diaries is the spirit of endurance and the celebration of the smallest of life s joys

The Hitler Diaries Richard Hugo, 1983 *Terrifying Texts* Cynthia J. Miller, A. Bowdoin Van Riper, 2018-09-14 From Faust 1926 to The Babadook 2014 books have been featured in horror films as warnings gateways prisons and manifestations of the monstrous Ancient grimoires such as the Necronomicon serve as timeless vessels of knowledge beyond human comprehension while runes summoning diaries and spell books offer their readers access to the powers of the supernatural but at what cost This collection of new essays examines nearly a century of genre horror in which on screen texts drive and shape their narratives sometimes unnoticed The contributors explore American films like The Evil Dead 1981 The Prophecy 1995 and It Follows 2014 as well as such international films as Eric Valette's Malefique 2002 Paco Cabeza's The Appeared 2007 and Lucio Fulci's The Beyond 1981

FLYING START : - Jilid 1B, *Diaries of Girls and Women* Suzanne L. Bunkers, 2001-05-30 *Diaries of Girls and Women* captures and preserves the diverse lives of forty seven girls and women who lived in Minnesota Iowa and Wisconsin between 1837 and 1999 young schoolgirls adolescents coming of age newlywed wives mothers grieving the loss of children teachers nurses elderly women Luxembourger immigrant nuns and women traveling abroad A compelling work of living history it brings together both diaries from historical society archives and diaries still in possession of the diarists or their descendants Editor Suzanne L Bunkers has selected these excerpts from more than 450 diaries she examined Some diaries were kept only briefly others through an entire lifetime

some diaries are the intensely private record of a life others tell the story of an entire family and were meant to be saved and appreciated by future generations By approaching diaries as historical documents therapeutic tools and a form of literature Bunkers offers readers insight into the self images of girls and women the dynamics of families and communities and the kinds of contributions that girls and women have made past and present As a representation of the girls and women of varied historical eras locales races and economic circumstances who settled and populated the Midwest Diaries of Girls and Women adds texture and pattern to the fabric of American history **Experiencing Russia's Civil War** Donald J.

Raleigh,2021-05-11 This book is the only comprehensive history of the total experience of the Russian Civil War Focusing on the key Volga city of Saratov and the surrounding region Donald Raleigh is the first historian to fully show how the experience of civil war embedded itself into both the people s and the state s outlook and behavior He demonstrates how and why the programs and ideals that had propelled the Bolsheviks into power were so quickly lost and the repressive Soviet party state was born Experiencing Russia s Civil War is based on exhaustive use of previously classified local and central archives It is also bold and ambitious in its breadth of thematic coverage dealing with all aspects of the war experience from institutional evolution and demographics to survival strategies Complicating our understanding of this formative period Raleigh provides compelling evidence that many features of the Soviet system that we associate with the Stalin era were already adumbrated and practiced by the early 1920s as Bolshevism became closed to real alternatives Raleigh interprets this as the consequence of a complex dynamic shaped by Russia s political tradition and culture Bolshevik ideology and dire political economic and military crises starting with World War I and strongly reinforced by the indelible mythologized experience of survival in the Civil War Fluidly written replete with new information and always engaged with important questions this is history finely wrought Caribbean English Esther O'Neale,Bernadine Payne,1991 NO description available
