Davidson, 2008-10-01 This book is a history of public information and personal ideas specifically ideas about war and the military over the last century It examines the interplay between popular media coverage of the nation's wars and the perceptions of ordinary Americans regarding military issues Armchair Warriors begins with the premise that the press provided most Americans with their primary source of insight into the practical military problems confronting the United States In a nation where military service was the exception rather than the rule the public relied on news outlets to make sense of what war really was Such articles and editorials not only celebrated the country's successes in war but also attempted to explain its setbacks as well as the perils and opportunities that lay ahead

The American people responded to this abundance of information by taking an active role in the intellectual aspects of the nation's military effort. Often encouraged by various media sources, ordinary citizens produced a wealth of proposals aimed at solving particular tactical or strategic conundrums. These armchair warriors often sidestepped the press and sought to bring their ideas directly before those entrusted with directing U.S. armed forces. Together, the media accounts of military issues and the practical-minded suggestions from the masses constitute a heretofore unexamined national dialogue about one of the most important aspects of U.S. history.

The Gringo Champion Aura Xilonen, 2017-01-17 The award-winning debut novel by young Mexican author Aura Xilonen. *The Gringo Champion* is a thrillingly inventive story about crossing borders that the Los Angeles Review of Books called one of the must-read books of 2017. Liborio has to leave Mexico, a land that has taught him little more than a keen instinct for survival. He crosses the Rio Bravo like so many others to reach the promised land. And in a barrio like any other in some gringo city, this illegal immigrant tells his story. As Liborio narrates his memories, we discover a childhood scarred by malnutrition and abandonment, an adolescence lived with a sense of having nothing to lose. In his new home, he finds a job at a bookstore. He falls in love with a woman so intensely that his fantasies of her verge on obsession. And finally, he finds himself on a path that just might save him; he becomes a boxer. This is a migrant's story of deracination, loneliness, fear, and finally love, told in a sparkling, innovative prose. It's *Million Dollar Baby* meets *The Brief Wondrous Life of Oscar Wao* and a story of migration and hope that is as topical as it is timeless.
