transform your contesting skills today *The Poetry Contest in Six Hundred Rounds (2 vols)* Thomas E. McAuley, 2019-12-02

For the monumental Poetry Competition in Six Hundred Rounds Roppyakuban uta awase twelve poets each provided one hundred waka poems fifty on seasonal topics and fifty on love which were matched critiqued by the participants and judged by Fujiwara no Shunzei the premiere poet of his age Its critical importance is heightened by the addition of a lengthy Appeal chinj against Shunzei s judgements by the conservative poet and monk Kensh It is one of the key texts for understanding poetic and critical practice in late twelfth century Japan and of the conflict between conservative and innovative poets The Competition and Appeal are presented here for the first time in complete English translation with accompanying commentary and explanatory notes by Thomas McAuley **Extensionalism: The Revolution in Logic** Nimrod Bar-Am, 2008-04-03 a single life span Philosophers then do not see more or know more and they do not see less or know less They aim to see less detail and more of the abstract Their details if you like are abstractions Walking on God s earth as a pedestrian as a farmer working his fields or as a passer by one s picture of one s surroundings is every bit as intelligent as that of the pilot riding the sky The views of the field are radically different however One sees only a specific field and in all lively detail the exact pattern of the land or even the exact outline of a given leaf grasshopper grain of sand even Acquaintance with minute detail is not without its price details may stand in the way of conjuring the big picture It may be difficult to compare whichever field one happens to be in with far off fields with respect to their size or shape or any other quality One may wish to inquire if far off fields were already planted harvested or even if they exist A pedestrian may find it hard or even impossible to do so The pedestrian view contains fine points that the pilot s map never would but it does not necessarily contain more information for it lacks the general context After all there are only so many items that one can observe and account for at a single glance a single map a single book a single life span **A Year with George Herbert** Jim Scott Orrick, 2011-05-12 Since 1633 when The Temple was first published many notable Christians have testified of their love for George Herbert s poetry The great nineteenth century preacher C H Spurgeon and his wife would sometimes read Herbert s poetry together on Sunday evenings Richard Baxter wrote Herbert speaks to God like one that really believeth a God and whose business in the world is most with God C S Lewis described Herbert as a man who seemed to me to excel all the authors I had ever read in conveying the very quality of life as we actually live it from moment to moment Regrettably as the years have passed Herbert s poetry has been increasingly neglected outside the academy Many who would love Herbert have never even heard of him Others feel intimidated by his poetry fearing that they do not have the education necessary to understand what Herbert has written In this book Jimmy Scott Orrick has made the poetry of George Herbert accessible even to those who have had no experience reading poetry In addition to providing thorough notes for each poem Orrick also gives basic pointers about how to read poetry Why not follow C H Spurgeon s example and have a page or two of good George Herbert on your Sunday evenings Those who follow this prescription will be deeply enriched for having spent A Year with George Herbert **The Super Chef**

Contest (Geronimo Stilton #58) Geronimo Stilton, 2014-09-30 Each Geronimo Stilton book is fast paced with lively full color art and a unique format kids 7 10 will love My cousin Trap was entering the Super Chef Contest which determines the best cook on Mouse Island and he was bringing me along as an assistant Slimy Swiss cheese I don t know the first thing about cooking fancy dishes and I didn t think Trap did either I was in for an appetizing adventure **The Making of Shinkokinshū** Robert N. Huey, 2020-03-23 This study of the Japanese imperial court in the early thirteenth century focuses on the compilation of one of Japan s most important poetry collections Shinkokinsh Using personal diaries court records poetry texts and literary treatises Robert N Huey reconstructs the process by which Retired Emperor Go Toba brought together contending factions to produce this collection and laid the groundwork for his later attempt at imperial restoration The work analyzes how poetic discourse of the imperial court animated both other kinds of writing and other activities Finally it underscores the inextricable ties between the writing of poetry and court politics Shinkokinsh the New Kokinshu has been viewed as a neo classical effort Reading history backward scholars have often taken the work to be the outgrowth of a nostalgia for greatness presumed to have been lost in the wars of the origins of the collection The author argues that the compilers of Shinkokinsh instead saw it as a new beginning a revitalization and affirmation of courtly traditions and not a reaction to loss It is a dynamic collection full of innovative challenging poetry not an elegy for a lost age *The Oxford Handbook of Shakespearean Tragedy* Michael Neill, David Schalkwyk, 2016 The Oxford Handbook of Shakespearean Tragedy is a collection of fifty four essays by a range of scholars from all parts of the world bringing together some of the best known writers in the field with a strong selection of younger Shakespeareans Together these essays offer readers a fresh and comprehensive understanding of Shakespeare tragedies as both works of literature and as performance texts written by a playwright who was himself an experienced actor The collection is organised in five sections The opening section places the plays in a variety of illuminating contexts exploring questions of genre and examining ways in which later generations of critics have shaped our idea of Shakespearean tragedy The second section is devoted to current textual issues while the third offers new critical readings of each of the tragedies This is set beside a group of essays that deal with performance history with screen productions and with versions devised for the operatic stage as well as with twentieth and twenty first century re workings of Shakespearean tragedy The book s final section seeks to expand readers awareness of Shakespeare s global reach tracing histories of criticism and performance across the world Offering the richest and most diverse collection of approaches to Shakespearean tragedy currently available the Handbook will be an indispensable resource for students both undergraduate and graduate levels while the lively and provocative character of its essays make it required reading for teachers of Shakespeare everywhere *Nietzsche's Noble Aims* Paul E. Kirkland, 2009-01-01 This innovative volume presents an account of Nietzsche s claims about noble life affirming ways of life analyzes the source of such claims and explores the political vision that springs from them The result is an illuminating discussion of how through his philosophical

confrontation with modernity Nietzsche aims to move his readers toward a noble embrace of life

Sporting with the Gods Michael Oriard, 1991-02-22 *Sporting with the Gods* examines the rhetoric of game and play and sport in American culture from the time of the Puritans to the 1980s Focusing on writers and public figures who dominated public discourse Oriard shows how the trope of game and play in fiction and in religious social and economic writings can be used to graph changes in the religious and social climate from the Puritans through the Transcendentalists to the Social Darwinists and from the Beats and hippies to the New Age spiritualists of the present decade He also uses the trope to graph the shifting attitudes toward work and play in the game of business as the United States moved to industrial capitalism and then to a postindustrial society of consumerism and leisure The result is a history of this country from its inception through the lens of a single trope resonating with implications at every strata of American culture from back cover

Teaching English in the Junior High School Edward Harlan Webster, Dora Valentine Smith, 1927

Erotic Wisdom Gary Alan Scott, William A. Welton, 2008-12-18 *Erotic Wisdom* provides a careful reading of one of Plato's most beloved dialogues the *Symposium* which explores the nature and scope of human desire er's Gary Alan Scott and William A Welton engage all of the dialogue's major themes devoting special attention to illuminating Plato's conception of philosophy In the *Symposium* Plato situates philosophy in an intermediate metaxu position between need and resource ignorance and knowledge showing how the very lack of what one desires can become a guiding form of contact with the objects of human desire The authors examine the concept of intermediacy in relation both to Platonic metaphysics and to Plato's moral psychology arguing that philosophy for Plato is properly understood as a kind of being in between as the love of wisdom philosophia rather than the possession of it

Royal Power and Authority in Shakespeare's Late Tragedies Alisa Manninen, 2015-10-05 William Shakespeare explores political survival as a question of interaction at court in *King Lear* *Macbeth* and *Antony and Cleopatra* Through a discussion of authority as an element that is distinct from power this book offers a new perspective on the importance of acts of persuasion and the contribution the late tragedies make to Shakespeare's portrayal of monarchy It argues that the most productive uses of the material power to judge or reward are those that reinforce royal authority and establish the monarch at the centre of the web of noble relationships In the late tragedies rulership is exercised at court It acquires a nature of its own as the interaction of powerful and potentially powerful individuals among the nobility The persuasive exercise of authority complements the tangible power that is founded on the monarch's material resources so that consent to the monarch's supremacy is obtained through various discourses of justification and the performance of the monarch's social role Shakespeare's combination of emotional intimacy with political concerns becomes central to the tragedies of these three plays when the failure to establish control over power and authority leads to the breakdown of established values and political traditions

Language and Style Dan McIntyre, Beatrix Busse, 2020-09-03 Inspired by *Exploring the Language of Poems Plays and Prose* Mick Short's classic introduction to stylistics *Language and Style* represents the state of the art in

literary stylistics and encompasses the full breadth of current research in the discipline Written by leading scholars in the field chapters cover a variety of methodological and analytical approaches from traditional qualitative analysis to more recent developments in cognitive and corpus stylistics Addressing the three key literary genres of poetry drama and narrative Language and Style is divided into carefully balanced sections Based on original research each chapter demonstrates a particular analytic technique and explains how this might be applied to a text from one of the literary genres Framed by helpful introductory material covering the foundational principles of stylistics the chapters act as practical exemplars of how to carry out stylistic analysis Comprehensive and engaging this invaluable resource is essential reading for anyone interested in stylistics

Chaucer's Approach to Gender in the Canterbury Tales Anne Laskaya,1995 This volume presents a feminist approach to the Canterbury Tales investigating the ways in which the tensions and contradictions found within the broad contours of medieval gender discourse write themselves into Chaucer's text Four discourses of medieval masculinity are examined which simultaneously reinforce and resist one another heroic or chivalric Christian courtly love and emerging humanist models Each chapter attempts to negotiate both contemporary assumptions of gender construction and essentialist readings of gender common to the middle ages throughout the author argues that the Canterbury Tales offer a sophisticated discussion of masculinity and that it strongly indicts some of the prevalent medieval notions of ideal masculinity while still remaining firmly homosocial and homophobic The book concludes that on the question of gender issues the Tales are best studied as male authored texts containing representations and negotiations revealing much about late medieval masculinities

Dr ANNE LASKAYA teaches in the English Department at the University of Oregon

Shakespeare's Mad Men Richard van Oort,2022-10-18 This book is about a mad king and a mad duke With original and iconoclastic readings Richard van Oort pioneers the reading of Shakespeare as an ethical thinker of the originary scene the scene in which humans became conscious of themselves as symbol using moral and narrative beings Taking King Lear and Measure for Measure as case studies van Oort shows how the minimal concept of an anthropological scene of origin the originary hypothesis provides the basis for a new understanding of every aspect of the plays from the psychology of the characters to the ethical and dialogical conflicts upon which the drama is based The result is a gripping commentary on the plays Why does Lear abdicate and go mad Why does Edgar torture his father with non recognition Why does Lucio accuse the Duke in Measure for Measure of madness and lechery and why does Isabella remain silent at the end In approaching these and other questions from the perspective of the originary hypothesis van Oort helps us to see the ethical predicament of the plays and in the process makes Shakespeare new again

Monaco Eric Robert Morse,2008-05 In his debut novel seasoned essayist Morse brings to life the warm allure of Monaco and the explosive world of golden age auto racing through the eyes of a young dreamer striving for success against all odds
