The Of The Dead And The Of The Resurrection:

The Resurrection of the Dead William Hanna,1873 *Debates over the Resurrection of the Dead* Outi

Lehtipuu,2015-02-12 In *Debates over the Resurrection of the Dead* Outi Lehtipuu highlights the striking observation that in many early texts the way that belief in resurrection is formulated is used as a sign of inclusion and exclusion not only in relation to non Christians but vis vis other Christians Those who teach otherwise have deviated from the truth are not true Christians and do the works of the devil Using insights from the sociological study of deviance Dr Lehtipuu demonstrates that labelling was used as a tool for marking boundaries between those who belonged and those who did not This was extremely important in the fluid conditions where the small Christian minority groups found themselves In a situation where there were no universally accepted structures that defined what constituted the true Christian belief several competing interpretations and their representatives struggled for recognition of their views based on what they believed to be the apostolic tradition The most hotly debated aspect of resurrection was whether it would entail the body of flesh and blood or not When resurrection would take place was closely related to this Controversies died since the scriptural legacy was ambiguous enough to allow different hermeneutical solutions The battle over resurrection was closely related to the question of how scriptures were to be understood as well as to what constituted the human self that would survive death To demonstrate this a wide variety of texts are studied from theological treatises including relevant Nag Hammadi texts to apocryphal acts and martyrologies Acknowledging the complexity and diversity of the early Christian movement this volume views early Christian discourse as part of the broader ancient discursive world where similar debates were going on among both Jews and the majority population The Resurrection of the Dead Karl Barth,2003-10-07 Karl Barth saw Chapter 15 as the center of 1st Corinthians arguing that a misunderstanding of the resurrection underlies all the problems in Corinth In this volume he develops his view of biblical eschatology asserting that Chapter 15 is key to understanding the testimony of the New Testament Barth understood the last things not as an end to history but as an end history with which any period is faced He only speaks of last things who would speak of the end of all things of their end understood plainly and fundamentally of a reality so radically superior to all things that the existence of all things would be utterly and entirely based upon it alone and thus in speaking of their end he would in truth be speaking of nothing else than their beginning Page 104 *Did Jesus Rise From the Dead?* Gary R. Habermas,Antony Flew,Terry L. Miethe,2003-12-04 This is the most important question regarding the claims of the Christian faith Certainly no question in modern religious history demands more attention or interest as witnessed by the vast body of literature dealing with the Resurrection James I Packer says it well in his response to this debate When Christians are asked to make good their claim that this scheme is truth they point to Jesus resurrection The Easter event so they affirm demonstrated Jesus deity validated his teaching attested to the completion of his work of atonement for sin confirms his present cosmic dominion and coming reappearance as Judge assures us that his personal

pardon presence and power in people's lives today is fact and guarantees each believer's own reembodiment by Resurrection in the world to come. The Apostle Paul considered the Resurrection to be the cornerstone of the Christian faith. If Jesus did not rise from the dead, the whole structure of Christianity collapses. Paul tells us in 1 Corinthians 15:14-17, "And if Christ has not been raised, our preaching is useless and so is your faith. More than that, we are then found to be false witnesses about God. And if Christ has not been raised, your faith is futile; you are condemned by your sin." The Christian faith and its claim to be Truth exists only if Jesus rose from the dead. The heart of Christianity is a living Christ.

On the Resurrection of the Dead James T. Turner, Jr., 2018-10-03. Christian tradition has largely held three theological affirmations on the resurrection of the physical body: Firstly, that bodily resurrection is not a superfluous hope of afterlife; Secondly, there is immediate post mortem existence in Paradise; Finally, there is numerical identity between pre mortem and post resurrection human beings. The same tradition also largely adheres to a robust doctrine of The Intermediate State, a paradisiacal disembodied state of existence following the biological death of a human being. This book argues that these positions are in fact internally inconsistent and so a new theological model for life after death is required. The opening arguments of the book aim to show that The Intermediate State actually undermines the necessity of bodily resurrection. Additionally, substance dualism, a principle The Intermediate State requires, is shown to be equally untenable in this context. In response to this, the metaphysics of the afterlife in Christian theology is re-evaluated and, after investigating physicalist and constitutionist replacements for substance dualist metaphysics, a new theory called Eschatological Presentism is put forward. This model combines a broadly Thomistic hylemorphic metaphysics with a novel theory of Time. This is an innovative examination of the doctrine of life after death. It will therefore be of great interest to scholars of analytic theology and philosophy of religion.
