The Old Northwest Frederic Austin Ogg, 1991-09-01 Bonded Leather binding **The Old Northwest** Frederic Austin Ogg, 1921 The Old Northwest Frederic Austin Ogg, 2001-10 Excerpt But it was likely to be broken up so that the materials in it could be used for building purposes Before sawmills became common lumber was a precious commodity and hundreds of pioneer cabins in the Ohio Valley were built partly or wholly of the boards and timbers taken from the flatboats of their owners Even the gunnels were sometimes used in Cincinnati as foundations for houses In later days the flatboat if in reasonably good condition was not unlikely to be sold to persons engaged in trading down the Mississippi Loaded with grain flour meats and other backwoods products it would descend to Natchez or New Orleans where its cargo could be transferred to ocean going craft But in any case its end was the same for it would not have been profitable even had it been physically possible to move the heavy ungainly craft upstream over long distances in order to keep it continuously in service Chapter VII Pioneer Days And Ways Arrived on the lower Ohio or one of its tributaries the pioneer looked out upon a land of remarkable riches It was not a Mexico or a Peru with emblazoned palaces and glittering temples nor yet a California with gold flecked sands It was merely an unending stretch of wooded hills and grassy plains bedecked with majestic forests and fructifying rivers and lakes It had no treasures save for the man of courage industry and patience but for such it held home broad acres liberty and the coveted opportunity for social equality and advancement The new country has been commonly thought of and referred to by writers on the history of the West as a wilderness and offhand one might suppose that the settlers were obliged literally to hew their way through densely grown vegetation to the spots which they selected for their homes In point of fact there were great areas of upland The Old Northwest; A Chronicle of the Ohio Valley and Beyond Frederic Austin Ogg, 2022-12-08 Reproduction of the original **The Old Northwest** Frederick Austin Ogg, 2004-10 The fall of Montreal on September 8 1760 while the plains about the city were still dotted with the white tents of the victorious English and colonial troops was indeed an event of the deepest consequence to America and to the world By the articles of capitulation which were signed by the Marquis de Vaudreuil Governor of New France Canada and all its dependencies westward to the Mississippi passed to the British Crown Virtually ended was the long struggle for the dominion of the New World Open now for English occupation and settlement was that vast country lying south of the Great Lakes between the Ohio and the Mississippi which we know as the Old Northwest today the seat of five great commonwealths of the United States With an ingenuity born of necessity the French pathfinders and colonizers of the Old Northwest had chosen for their settlements sites which would serve at once the purposes of the priest the trader and the soldier and with scarcely an exception these sites are as important today as when they were first selected Four regions chiefly were still occupied by the French at the time of the capitulation of Montreal The most important as well as the most distant of these regions was on the east bank of the Mississippi opposite and below the present city of St Louis where a cluster of missions forts and trading posts held the

center of the tenuous line extending from Canada to Louisiana A second was the Illinois country centering about the citadel of St Louis which La Salle had erected in 1682 on the summit of Starved Rock near the modern town of Ottawa in Illinois A third was the valley of the Wabash where in the early years of the eighteenth century Vincennes had become the seat of a colony commanding both the Wabash and the lower Ohio And the fourth was the western end of Lake Erie where Detroit founded by the doughty Cadillac in 1701 had assumed such strength that for fifty years it had discouraged the ambitions of the English to make the Northwest theirs
