The Testimony of the Bible concerning the Assumptions of Destructive Criticism S.E. Wishard, 2018-04-06 Reproduction of the original The Testimony of the Bible concerning the Assumptions of Destructive Criticism by S E Wishard

The Dispensational-Covenantal Rift R. Todd Mangum, 2007-06-01 This groundbreaking study explores how the fight between dispensationalists and covenant theologians started and how a unique dynamic of personalities and sociological factors enflamed it Readers may be surprised to discover that even the terminology of dispensationalists and covenant theologians originated in the 1930s disputes that the majority of the original protagonists on both sides were Presbyterians and that soteriology rather than eschatology was the original bone of contention between them This study examines how two respective strands of fundamentalism came to identify one another as theological rivals as they each vied for position in their recently formed separatist bodies The significance of disagreements over dispensationalism is explored in the founding of the Orthodox Presbyterian and Bible Presbyterian churches And then as the debate traveled southward the response of the PCUS is examined with special attention given to the consummative reports of an ad hoc committee that found dispensationalism to be out of harmony with the Westminster doctrinal standards Significant misunderstandings that impeded fruitful dialogue from the beginning are clarified particularly those that have persisted most stubbornly to the present day Perhaps most surprising of all the reader will discover that nearly all of the original points of debate between dispensationalists and covenant theologians have since been resolved as each side has honed its position in light of pertinent critiques Why has this development gone almost unnoticed This study suggests an answer and proposes that understanding how the feud began may hold the key to rapprochement today

In Defense of Miracles R. Douglas Geivett, Gary R. Habermas, 2025-10-16 Rumors of deception have surrounded claims of Jesus' resurrection ever since the soldiers appointed to guard his tomb made their report to the Jewish authorities But no one has led the philosophic charge against miracles quite as influentially as David Hume with his 1748 essay *Of Miracles* Refined revised restated his arguments still affect philosophic discussions of miracles today During the twentieth century strong

arguments have been raised by Antony Flew professor emeritus at Keele University in England Flew has contributed a fresh statement of his objections to the idea of God's acting in history just for this volume which also includes Hume's classic critique as a part of the case against miracles In response Douglas Geivett and Gary Habermas have assembled a distinguished team of scholars to rebut the objections and set forth the positive case for God's action in history Richard Purtill clarifies the word miracle while Norman Geisler critiques Hume's case against miracles Francis Beckwith and Winfried Corduan assess how we would recognize miracles in the past and in the present Ronald Nash examines naturalism's exclusion of miracles and shows its self-referential incoherence J P Moreland discusses whether science properly rules out the possibility of miracles God's existence and action in history are probed by David Beck and Stephen Davis while Douglas Geivett argues that within a theistic framework it is reasonable to expect miracles as confirmation of claims to special revelation David Clark examines miracles within the context of various world religions Robert Newman John Feinberg William Lane Craig and Gary Habermas conclude by investigating fulfilled prophecy the virgin birth and incarnation of Jesus the empty tomb and the resurrection appearances In Defense of Miracles is a comprehensive up to date discussion that should not be overlooked by anyone concerned with the current debate over miracles

Many Infallible Proofs (Henry Morris Signature Collection) Dr. Henry M. Morris, Henry M. Morris III, 1974-08-01 Christians today especially in America are woefully ignorant about the Bible and what impact it can have on a world of darkness This despite the words of 1 Peter 3:15 But in your hearts set apart Christ as Lord Always be prepared to give an answer to everyone who asks you to give the reason for the hope that you have Thankfully scholars like Henry Morris have seen fit to provide us with good answers for questions posed by Bible critics and by multitudes of Christians for Christ himself has provided us with many infallible proofs Acts 1:2-3 Christians will be strengthened with these topics Problems in verbal inspiration Fulfillment of prophecy The structure of Scripture Alleged Bible contradictions The Bible and science The Bible and ancient history The unique birth of Christ

The Five Books of Moses Oswald T. Allis, 2001-12-28 Bible critics argued that the first five books of Scripture were not written by Moses but were a later compilation from various conflicting sources by unknown authors and editors Here Dr Allis closely reexamines that critical theory and places before the reader the evidence for the unity and harmony of the five books of Moses
