The Only Game in Town Hank Messick, Burt Goldblatt, 1976-01-01      Gambling in America United States. Commission on the Review of the National Policy Toward Gambling, 1976      Women, Pleasure and the Gambling Experience Emma Casey, 2016-02-17 Drawing on a broad range of historical and sociological literature this book traces the everyday gambling experiences of a diverse group of women It provides fascinating and original insights into the pleasures afforded to women through their gambling participation and draws on a variety of feminist literature to understand women's motivations and experience of play and to examine the ways in which women negotiate their right to gamble without reprimand Since gambling tends to be framed within moral discourses of danger and excess this book offers a defence of women's decisions to gamble against an often hostile backdrop It rewrites claims that gambling is meaningless and reckless spending by pointing instead to the highly complex strategies that women who gamble employ Importantly it adds to contemporary feminist debates about women's leisure by showing how women seize control of their lives in order to carve out a time and space for the pursuit of pleasure      **Catalog of Copyright Entries.
