The Organization And Efficiency Of Solid Waste Collection

L Reisser

The Organization And Efficiency Of Solid Waste Collection:

The Organization and Efficiency of Solid Waste Collection Emanuel S. Savas, 1977 *Giants of Garbage* Harold Crooks, 1993-01-01 Harold Crooks chronicles the history of waste management showing how an ideology of privatization set the stage for the local refuse collection business to become a global corporate enterprise The author tracks the emergence of the multinational firms that dominate the business and examines how governments fail to cope with the waste disposal needs of growing populations He discusses the emergence of a citizens counter movement communities standing up to the troubling consequences of contemporary waste disposal huge incinerators spewing toxic metals into the atmosphere dumps that leak toxins into the groundwater and hazardous waste sites that must be monitored indefinitely *Giants of Garbage* is a clear eyed analysis of one of the largest and most persistent environmental issues facing Canadians today The Economics of Residential Solid Waste Management Thomas C. Kinnaman, 2017-10-24 The market of municipal solid waste MSW collection and disposal has changed substantially over the past thirty years This study will help guide both newcomers and past contributors through the fundamental aspects of policies designed to reduce the external costs of MSW collection and the important empirical relationships that in the end govern the selection of MSW policies The International Library of Environmental Economics and Policy explores the influence of economics on the development of environmental and natural resource policy In a series of twenty five volumes the most significant journal essays in key areas of contemporary environmental and resource policy are collected Scholars who are recognized for their expertise and contribution to the literature in the various research areas serve as volume editors and write essays that provides the context for the collection Volumes in the series reflect three broad strands of economic research including 1 Natural and Environmental Resources 2 Policy Instruments and Institutions and 3 Methodology The editors in their introduction to each volume provide a state of the art overview of the topic and explain the influence and relevance of the collected papers on the development of policy This reference series provides access to the economic literature that has shaped contemporary perspectives on land use analysis and policy Solid Wastes Collection and Transportation Mr. Rohit Manglik, 2024-03-04 EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources Specializing in competitive exams and academic support EduGorilla provides comprehensive and well structured content tailored to meet the needs of students across various streams and levels Effluent America Martin V. Melosi, 2001-09-02 What s the difference between an anthill and a city Protection from weather and predators living and working quarters transportation networks food storage capability all these they hold in common And while there are obvious differences between humans and ants both exist in the same space and time dimension in nature This simple idea imagining cities as part of the larger physical world has driven the work of the historian Martin Melosi for twenty five years Melosi is one of a handful of scholars who examine urban history from an ecological perspective using the city to help define the place of nature in human life Cities he

maintains are places where humans live work play consume goods and make waste just as humans have in caves on farms and in villages To imagine the city as outside of nature limits what can be known about our past and our future Effluent America is a collection of essays spanning this innovative scholar s career and the growing field of urban environmental history Garbage wastewater hazardous waste these are the lenses through which Melosi views nineteenth and twentieth century America In broad overviews and specific case studies Effluent America treats the relationship between industrial expansion and urban growth from an ecological perspective He charts the development of city services the rationale for their implementation and how they affected growth He explores the environmental impacts of unprecedented methods of production the influence of new forms of energy and changing patterns of consumption during the Industrial Revolution and beyond In so doing he traces how one of the richest nations in the world became also the most wasteful a juxtaposition of affluence and effluence Other essays consider the important role of American cities in the history of the conservation and environmental movements Melosi sketches the reforms and reformers born out of such urban quality of life issues as pollution sanitation public health and the need for greenspace He also profiles the environmental justice movement whose response to environmental problems is a question Who bears the most risk Urban environmental history is a window on the past but it also directly informs issues of the present public health pollution the role of government in delivering services etc Effluent America is an important volume for students of history and urban affairs as well as for policymakers and all those concerned about the one world we inhabit

Productivity Analysis at the Organizational Level Nabil R.

Adam, Ali Dogramaci, 2012-12-06 1 Nabil R Adam and Ali Dogramaci Measuring analyzing and improving productivity in a given organization is a complex process that involves the contributions of economists industrial engineers operations researchers management scientists and lawyers The objective of this book is to provide the reader with a sample of original papers that relate to these productivity topics at the organizational level In the book the word organization refers to business firms and municipal organizations The book is divided into three parts perspectives on productivity measurement a range of studies at the micro level and some productivity issues in public organizations Part I which consists of three chapters deals

with productivity measurement The first two chapters of this part cover a broad framework of measurement concepts and techniques the last chapter on the other hand provides the reader with an example of productivity measurement for a specific industry in this case food retailing Thus a spectrum of productivity measurement issues is covered in this part of the book

A Workbook in Redesigning Public Services Leonard Ruchelman, 1989-04-06 While citizens usually want more from government they generally are included to pay less in taxes When resources become scarce as has been the case for most public jurisdictions innovative methods must be developed for responding to service and cost pressures How can this be done *A Workbook in Redesigning Public Services* stresses a hands on how to approach to diagnosing service delivery problems analyzing alternative ways of delivering services and communicating solutions to the policy makers Among the service options considered are contracting with a private firm inter governmental agreements self help franchises grants and subsidies and vouchers

Measuring Productivity in State and Local Government Donald M. Fisk, 1983 [Extension Review](#), 1985

Natural Resources and Sustainability Daniel E. Vasey, Sarah E. Fredericks, Lei Shen, Shirley Thompson, 2011-12-08 *Natural Resources and Sustainability* explores how human needs and desires from sustenance and shelter to recreation and travel have spurred the consumption of Earth's material resources Scientists ecologists and other expert authors present the historical impact of commercial activities in industries as varied as fisheries agriculture energy and mineral extraction discuss the global distribution and use of renewable and nonrenewable resources and focus on innovative approaches for the future Readers will learn why renewal doesn't necessarily put a resource beyond harm and why the no free lunch adage applies to all natural resources

Delivering Government Services William J. Murin, Judith Pryor, 1988 First Published in 1989 Routledge is an imprint of Taylor Francis an informa company

Contracting Out for Human Services Ruth H. De Hoog, 1985-06-30 Contracting out for services has become a popular technique in government's perennial quest to cut spending Yet seldom has the practice been examined from any but the public choice approach This book explores contracting out in the important area of human services covering the critical conditions of contracting and the vital points of politics procedures service quality and effectiveness In doing so DeHoog uses three theoretical perspectives drawn from social science traditions the economic perspective of market imperfections the political perspective of cooptation and the interdisciplinary perspective of organizational decision making To evaluate the perspectives and their predictions in the human services DeHoog has examined contracting in social services Title XX and employment and training programs CETA primarily through in depth interviews with participants

Handbook of Environmental Health, Volume II Herman Koren, Michael S. Bisesi, 2016-04-19 The Handbook of Environmental Health Pollutant Interactions in Air Water and Soil includes Nine Chapters on a variety of topics basically following a standard chapter outline where applicable with the exception of Chapters 8 and 9 The outline is as follows 1 Background and status 2 Scientific technological and general information 3 Statement of

Compendium of Research Reports, 1979 [Public Choice III](#) Dennis C. Mueller, 2003-02-17

This book represents a considerable revision and expansion of Public Choice II 1989 Six new chapters have been added and several chapters from the previous edition have been extensively revised The discussion of empirical work in public choice has been greatly expanded As in the previous editions all of the major topics of public choice are covered These include why the state exists voting rules federalism the theory of clubs two party and multiparty electoral systems rent seeking bureaucracy interest groups dictatorship the size of government voter participation and political business cycles Normative issues in public choice are also examined including a normative analysis of the simple majority rule Bergson Samuelson social welfare functions the Arrow and Sen impossibility theorems Rawls s social contract theory and the constitutional political economy of Buchanan and Tullock *Stimulating Community Enterprise* ,1985
