The Origin Significance Of The Great Pyramid:

The Origin and Significance of the Great Pyramid C. Staniland Wake, 2002-08 One of the most profound mysteries of the world towers above the desert sands of Egypt the Great Pyramid Who built this amazing monument and why When was the work completed This book assembles information from numerous sources including spiritual mathematical astronomical astrological and religious areas Reveals that no evidence exists for the Great Pyramid having ever been a tomb despite the constant reference for it in textbooks Wake claims the pyramid was a monument of Sabaism an early religious cult and of serpent worship The serpent was immensely important in early Egyptian religion and mythology but only Wake seems to have drawn a connection between the serpent and the Great Pyramid *The Origin and Significance of the Great Pyramid* Charles Staniland Wake, 2023-07-18 Wake offers a fascinating exploration of the Great Pyramid of Giza and its place in ancient Egyptian culture Drawing on historical records he argues that the pyramid was not just a tomb but a powerful symbol of the pharaoh's divine status and his connection to the gods This book is a must read for anyone interested in ancient Egypt and the mysteries of the pyramids This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *Beneath the Pyramids* Andrew Collins, 2009 Exploring Egypt's lost underworld for the first time Cover *Occultism and Parapsychology. Classic Collection. Illustrated* Helena Blavatsky, Manly P. Hall, Max Heindel, 2025-04-23 The occult in the broadest sense is a category of esoteric supernatural beliefs and practices which generally fall outside the scope of religion and science encompassing phenomena involving otherworldly agency such as magic and mysticism and their varied spells It can also refer to supernatural ideas like extra sensory perception and parapsychology Contents Introduction by Manly P Hall The Secret Doctrine by Helena Blavatsky The Rosicrucian Cosmo-Conception by Max Heindel **The Secret Doctrine: The Synthesis of Science, Religion, and Philosophy (Complete)** Helena Petrovna Blavatsky, 2020-09-28 Since the appearance of Theosophical literature in England it has become customary to call its teachings Esoteric Buddhism And having become a habit as an old proverb based on daily experience has it Error runs down an inclined plane while Truth has to laboriously climb its way up hill Old truisms are often the wisest The human mind can hardly remain entirely free from bias and decisive opinions are often formed before a thorough examination of a subject from all its aspects has been made This is said with reference to the prevailing double mistake a of limiting Theosophy to Buddhism and b of confounding the tenets of the religious philosophy preached by Gautama the Buddha with the doctrines broadly outlined in Esoteric Buddhism Any thing more erroneous than

this could hardly be imagined It has enabled our enemies to find an effective weapon against Theosophy because as an eminent P li scholar very pointedly expressed it there was in the volume named neither Esotericism nor Buddhism The esoteric truths presented in Mr Sinnett s work ceased to be esoteric from the moment they were made public nor did the book contain the religion of Buddha but simply a few tenets from a hitherto hidden teaching which are now explained and supplemented by many more in the present volumes And even the latter though giving out many fundamental tenets from the Secret Doctrine of the East raise but a small corner of the dark veil For no one not even the greatest living Adept would be permitted to or could even if he would give out promiscuously to a mocking unbelieving world that which has been so effectually concealed from it for long ons and ages Esoteric Buddhism was an excellent work with a very unfortunate title though it meant no more than does the title of this work The Secret Doctrine It proved unfortunate because people are always in the habit of judging things by their appearance rather than by their meaning and because the error has now become so universal that even most of the Fellows of the Theosophical Society have fallen victims to the same misconception From the first however protests were raised by Brahmans and others against the title and in justice to myself I must add that Esoteric Buddhism was presented to me as a completed volume and that I was entirely unaware of the manner in which the author intended to spell the word Budh ism

The Seven Sisters of the Pleiades Munya Andrews,2004 The history legend and mythology of a star cluster associated with women for aeons of human history Munya captures the richness of the mysterious constellation Pleiades and explains the recurring significance of these celestial sisters who animate the myths of cultures as diverse as Classical Greece and Aboriginal Australia

Antichrist Osiris: the History of the Luciferian Conspiracy Chris Relitz,2012-06-01 The Legends of many cultures claim that the world was once destroyed in a cataclysmic flood Many cultures also claim that someday the world will again be destroyed in a similar fashion In the Bible we are told that the disciples once asked Jesus if there would be a warning sign prior to this destructive event He said that there would indeed a sign Jesus said that whatever was happening in the Days of Noah will happen again before the end of this age The Bible has only a few verses about Noah s Flood So we are forced to turn to the ancient flood legends of over 350 other cultures to learn more about this prophecy But Noah s days did not end with the flood he lived for many years afterward He saw the creation of a tower in Babylon This is interesting because the Freemasons claim that their Order originated here Here is the most thorough examination of Freemasonry ever undertaken using their own texts to solve the Days of Noah prophecy

Theosophy. Classic Collection. The Complete Works of H. P. Blavatsky. Works of Henry S. Olcott. Illustrated H. P. Blavatsky, Henry S. Olcott, Fyodor Dostoyevsky,2025-02-26

Theosophy is a religion established in the United States during the late 19th century It was founded primarily by the Russian

Helena Blavatsky and draws its teachings predominantly from Blavatsky's writings. Categorized by scholars of religion as both a new religious movement and as part of the occultist stream of Western esotericism, it draws upon both older European philosophies such as Neoplatonism and Asian religions such as Hinduism and Buddhism. At a meeting of the Miracle Club in New York City on 7 September 1875, Blavatsky, Olcott, and Judge agreed to establish an organisation with Charles Sotherton suggesting that they call it the Theosophical Society. Prior to adopting the name Theosophical, they had debated various potential names among them the Egyptological Society, the Hermetic Society, and the Rosicrucian Society. The term was not new but had been previously used in various contexts by the Philaletheians and the Christian mystic Jakob Böhme. Etymologically, the term came from the Greek *theos* (god/s) and *sophia* (wisdom), thus meaning 'god wisdom', 'divine wisdom', or 'wisdom of God'. The term *theosophia* appeared in both Greek and Latin in the works of early church fathers as a synonym for theology. In her book *The Key to Theosophy*, Blavatsky said that the term Theosophy had been coined by the Alexandrian philosophers, especially Ammonius Saccas.

After exploring every part of the Great Pyramid both inside and out, the author reveals how it connects to history and predicts future events. He advances the idea that major cataclysms of the past occurred at specifically predictable times and when the next world-wide catastrophe will come. If his predictions are accurate, we need to prepare.

The Origin and Significance of the Great Pyramid C. Wake, 2020-01-05 The subject treated of in the following pages has during the last few years attracted much attention thanks to the influence of Prof C Piazzi Smyth's important work *Life and Work at the Great Pyramid* It was to test by the light of history the conclusion accepted by that writer as to the inspired origin of the Great Pyramid that I entered upon a consideration of the subject That such an origin was required by the facts I did not suppose but the conviction was forced on me that the structure had much more importance viewed as a scientific and religious monument than was generally conceded I found nothing however to show that either its design or its construction necessitated Divine intervention I was led to the conclusion nevertheless that the builders of the Great Pyramid intended to perpetuate certain scientific ideas and moreover that they had a religious motive in its erection There is little doubt indeed that it is a monument of Sabaism the worship of the heavenly host which had a wide extension in the ancient world and with which Serpent worship was intimately connected The importance of the Great Pyramid as a religico scientific structure is still further increased if as is not improbable it was intended to mark the substitution of an astronomy based on the passage of the sun through the twelve signs of the Zodiac for the lunar astronomy which preceded it My endeavour has been to state fairly the historical conditions of the problem considered and to point out the direction in which its solution must be sought With the question as to the original source from which the wisdom of the Ancients of which the Great Pyramid is so wonderful a monument was derived these pages are not concerned The Serpent enclosed in a pyramid given on the cover is taken from a gem figured in Matter's *Histoire Critique du Gnosticism* planche II B It is there said to be the Solar Chnouphis or Agathodemo Christos with the seven sons of Sophia Wisdom the seven planetary genii The substance of this little work was read as a Paper before the Hull Literary Club on the 13th March 1882
