The Other Side Of Justice:

Life on the Other Side Sylvia Browne, 2001-07-01 The noted psychic explains the afterlife as she illuminates her findings about the other side and answers readers most important questions about death and the afterlife Progressive Evangelicals and the Pursuit of Social Justice Brantley W. Gasaway, 2014-10-30 In this compelling history of progressive evangelicalism Brantley Gasaway examines a dynamic though often overlooked movement within American Christianity today Gasaway focuses on left leaning groups such as Sojourners and Evangelicals for Social Action that emerged in the early 1970s prior to the rise of the more visible Religious Right He identifies the distinctive public theology a set of biblical interpretations regarding the responsibility of Christians to promote social justice that has animated progressive evangelicals activism and bound together their unusual combination of political positions The book analyzes how prominent leaders including Jim Wallis Ron Sider and Tony Campolo responded to key political and social issues over the past four decades Progressive evangelicals combated racial inequalities endorsed feminism promoted economic justice and denounced American nationalism and militarism At the same time most leaders opposed abortion and refused to affirm homosexual behavior even as they defended gay civil rights Gasaway demonstrates that while progressive evangelicals have been caught in the crossfire of partisan conflicts and public debates over the role of religion in politics they have offered a significant alternative to both the Religious Right and the political left **Interactive Democracy** Carol C. Gould, 2014-08-21 How can we confront the problems of diminished democracy pervasive economic inequality and persistent global poverty Is it possible to fulfill the dual aims of deepening democratic participation and achieving economic justice not only locally but also globally Carol C Gould proposes an integrative and interactive approach to the core values of democracy justice and human rights looking beyond traditional politics to the social conditions that would enable us to realize these aims Her innovative philosophical framework sheds new light on social movements across borders the prospects for empathy and solidarity with distant others and the problem of gender inequalities in diverse cultures and also considers new ways in which democratic deliberation can be enhanced by online networking and extended to the institutions of global governance Her book will be of great interest to scholars and upper level students of political philosophy global justice social and political science and gender studies **Tracking Justice** Shirlee McCoy, 2013-01-01 A lawman searches for a lost boy with the help of his brave canine partner in this exciting suspense from New York Times bestselling author Shirlee McCoy part of the Texas K 9 Unit series In the night a young boy goes missing from his bedroom Police Detective Austin Black assures desperate single mother Eva Billows that he ll find her son He has to so he can put to rest his own harrowing memories With his search and rescue bloodhound Justice Austin searches every inch of Sagebrush Texas And when Eva insists on helping Austin can t turn her away Eva trusts no one especially police but this time Austin and Justice won t let her down Experience more action packed mystery and suspense in the rest of the Texas K 9 Unit series Book 1 Tracking Justice by Shirlee McCoy Book 2 Detection

Constitutional and Political Dynamics of India Satya Prakash Dash, 2004 *Railway Review*, 1916 Questioning Ethics Mark Dooley, Richard Kearney, 2002-09-11 This major discussion takes a look at some of the most important ethical issues confronting us today by some of the world's leading thinkers Including essays from leading thinkers such as Jurgen Habermas Alasdair MacIntyre Julia Kristeva and Paul Ricoeur the book's highlight an interview with Jacques Derrida presents the most accessible insight into his thinking on ethics and politics for many years Exploring topics ranging from history memory revisionism and the self and responsibility to democracy multiculturalism feminism and the future of politics the essays are grouped into five thematic sections hermeneutics deconstruction critical theory psychoanalysis applied ethics Each section considers the challenges posed by ethics and how critical thinking has transformed philosophy today Questioning Ethics affords an unsurpassed overview of the state of ethical thinking today by some of the world's foremost philosophers **A Conflict of Principles** Carl Cohen, 2014-11-07 No state shall deny to any person within its jurisdiction the equal protection of the laws So says the Equal Protection Clause of the U S Constitution a document held dear by Carl Cohen a professor of philosophy and longtime champion of civil liberties who has devoted most of his adult life to the University of Michigan So when Cohen discovered after encountering some resistance how his school in its admirable wish to increase minority enrollment was actually practicing a form of racial discrimination calling it affirmative action he found himself at odds with his longtime allies and colleagues in an effort to defend the equal treatment of the races at his university In *A Conflict of Principles* Cohen tells the story of what happened at Michigan how racial preferences were devised and implemented there and what was at stake in the heated and divisive controversy that ensued He gives voice to the judicious and seldom heard liberal argument against affirmative action in college admission policies In the early 1970s as a member of the Board of Directors of the American Civil Liberties Union Cohen vigorously supported programs devised to encourage the

recruitment of minorities in colleges and in private employment But some of these efforts gave deliberate preference to blacks and Hispanics seeking university admission and this Cohen recognized as a form of racism however well meaning In his book he recounts the fortunes of contested affirmative action programs as they made their way through the legal system to the Supreme Court beginning with *DeFunis v Odegaard* 1974 at the University of Washington Law School then *Bakke v Regents of the University of California* 1978 at the Medical School on the UC Davis campus and culminating at the University of Michigan in the landmark cases of *Grutter v Bollinger* and *Gratz v Bollinger* 2003 He recounts his role in the initiation of the Michigan cases explaining the many arguments against racial preferences in college admissions He presents a principled case for the resultant amendment to the Michigan constitution of which he was a prominent advocate which prohibited preference by race in public employment and public contracting as well as in public education An eminently readable personal consistently fair minded account of the principles and politics that come into play in the struggles over affirmative action *A Conflict of Principles* is a deeply thoughtful and thought provoking contribution to our national conversation about race
