Docecki,2004-02-27 The story of sexual abuse of children by Catholic priests has sent shock waves around the nation and will not fade from consciousness or the news We ask How could this happen And then we ask How could the Catholic Church let this continue for so long in seeming silence and duplicity Paul R Docecki a community psychologist at Vanderbilt University an active Catholic and a former board member of the National Catholic Education Association investigates the crisis not only with the eye of an investigative reporter but with the analytical skills and training of a psychologist as well Moreover he lays the foundation for reasonable and practical reform measures Through the scandal in the Archdiocese of Boston as well as the earlier if less well known but momentous case in the Diocese of Nashville Docecki reports on and analyzes what is ultimately an abuse of power not only by the clergy but by church officials As distasteful as these instances may be they are compelling reading enlightened by the author s abilities to contextualize these events through the lenses of professional ethics the human sciences and ecclesiology According to Docecki these and other instances of clergy sexual abuse reveal a systemic deficiency in the structure and the nature of the church itself one that has prevented the church from adequately dealing with its own worst sins Docecki may shine a spotlight into the church s dark corners but he does so in the service of enlightenment calling the church back toward the vision of Vatican II and the spirit of Pope John XXIII toward a greater transparency a more open and participatory governance in the church and for a greatly expanded role for the people of God who make up the church It is in this way Docecki believes the church will be better able to keep the innocent children of the church safe from harm *The Democracy of God* Robert Willis,2006 Crisis grips the American Catholic community Church professionals abandon it in record numbers while many who remain grapple with low morale overwork and compensatory addictions Schools either close or laypeople staff them Parishes consolidate bereft of pastors and communicants The people itself lies fragmented a landscape of polarized groups a kaleidoscope of political partisans more than gatherings of the faithful Its future hangs in the balance Current leaders fixate on two plans In one they march steadfastly into the past pursuing the illusion of a remnant group of the righteous armored by uniformity a sorry substitute for a religious community In another they resolutely protect the status quo Before the eyes of an incredulous people they are transforming the church into a museum of religious artifacts a fitting destination for inquisitive tourists occasional visitors and the uninvolved The author offers a third alternative Calling upon the democratic attempts of John Carroll and John England the incisive comments of Tocqueville about religion in a democracy and the theology of Vatican II he challenges bishops to forsake their status as minor lords in a medieval monarchy and instead to embrace a servant leadership within the People of God **The Official Catholic Directory** Bowker Editorial

life prospered in California in pursuits such as film fiction leisure and architecture and helped to define American culture and society then and for years to come Starr previously chronicled how Californians absorbed the thousand natural shocks of the Great Depression unemployment strikes Communist agitation reactionary conspiracies in *Endangered Dreams* the fourth volume of his classic history of California *In The Dream Endures* Starr reveals the other side of the picture examining the newly important places where the good life flourished like Los Angeles where Hollywood lived Palm Springs where Hollywood vacationed San Diego where the Navy went the California Institute of Technology in Pasadena where Einstein went and changed his view of the universe and college towns like Berkeley We read about the rich urban life of San Francisco and Los Angeles and in newly important communities like Carmel and San Simeon the home of William Randolph Hearst where each Thursday afternoon automobiles packed with Hollywood celebrities would arrive from Southern California for the long weekend at Hearst Castle The 1930s were the heyday of the Hollywood studios and Starr brilliantly captures Hollywood films and the society that surrounded the studios Starr offers an astute discussion of the European refugees who arrived in Hollywood during the period prominent European film actors and artists and the creative refugees who were drawn to Hollywood and Southern California in these years Igor Stravinsky Arnold Schoenberg Man Ray Bertolt Brecht Christopher Isherwood Aldous Huxley Thomas Mann and Franz Werfel Starr gives a fascinating account of how many of them attempted to recreate their European world in California and how others like Samuel Goldwyn provided stories and dreams for their adopted nation Starr reserves his greatest attention and most memorable writing for San Francisco For Starr despite the city's beauty and commercial importance San Francisco's most important achievement was the sense of well being it conferred on its citizens It was a city that magically belonged to everyone Whether discussing photographers like Edward Weston and Ansel Adams hard boiled fiction writers or the new breed of female star Marlene Dietrich Jean Harlow Bette Davis Carole Lombard and the improbable Mae West *The Dream Endures* is a brilliant social and cultural history in many ways the most far reaching and important of Starr's California books **The Official Catholic Directory, 2002**
