Uyehara,2010 The Subversive Activities Prevention Law SAPL was the last major controversial law to be drafted at the end of the Allied Occupation of Japan 1945 1952 which was managed and controlled by General Headquarters GHQ under U S General MacArthur and was enacted into law after Japan had regained its formal independence in 1952 Soon after the Occupation began prewar Japanese internal security laws were ordered abolished by the Occupation Now that Japan would be re gaining its independence in 1952 there was urgency to creating a new integrated national internal security law to fill the vacuum created by the Occupation 1945 1952 The Subversive Activities Prevention Law was to be the centerpiece for maintaining internal security in the new independent Japan It turned out to be an extremely controversial law that was vociferously opposed by the political opposition in and out of the Diet in light of the prewar history surrounding how such internal security laws were implemented by the state security apparatus The demonstrations in 1951 52 against the proposed law organized by the labor unions were the largest loudest and most determined since the end of the war This publication is the first analysis in English on how this law was drafted and debated supported and opposed using the 20 drafts of the law and the subsequent deliberations concerning the proposed law in the Houses of Representatives and Councillors A short epilogue since over 50 years have elapsed since the law was initially enacted in 1952 analyzes the implementation of the law during these years The Subversive Activities Prevention Law of Japan Its Creation 1951 1952 will be of particular interest to those studying the Allied Occupation of Japan the Japanese political and legislative process and its internal security laws

American and Japanese who implemented them War in the American Pacific and East Asia, 1941-1972 Hal M. Friedman, 2019-02-22 Before 1940 the Japanese empire stood as the greatest single threat to the American presence in the Pacific and East Asia To a lesser degree the formerly hegemonic colonial powers of Britain France and the Netherlands still controlled portions of the region At the same time subjugated peoples in East Asia and Southeast Asia struggled to throw off colonialism By the late 1930s the competition exploded into armed conflict Japan looked like the early victor but the United States eventually established itself as the hegemonic power in the Pacific Basin by 1945 Yet when it comes to the American movement out into the Pacific there is more to the story that has yet to be revealed In *War in the American Pacific and East Asia 1941-1972* editor Hal Friedman brings together nine essays that explore lesser known aspects and consequences of America's military expansion into the Pacific during and after World War II This study explores how the United States won the Pacific War against Japan and how it sought to secure that victory in the decades that followed ensure it never endured another Pearl Harbor style defeat and saw the Pacific fulfill a Manifest Destiny like role as an American frontier projected toward East Asia The collection explores the role of the US military in the Pacific Basin in different ways by presenting essays on interservice rivalry and military advising as well as unique topics that are new to military history such as the investigations of strategic communications military public relations institutional cultures of elite forces foodways and the military's interaction with the press Together these essays provide a path for historians to pursue groundbreaking areas of research about the Pacific and establish the Pacific War as the pivotal point in the twentieth century in the Pacific Basin

Military Government in the Ryukyu Islands, 1945-1950 Arnold G. Fisch, 1988 Military government on Okinawa from the first stages of planning until the transition toward a civil administration *America, Okinawa, and Japan* Frederick L. Shiels, 1980 *The Crafting of the Postwar Peace Treaty with Japan, 1945-1951* Seung Mo Kang, 2024-11-20 This book examines how the Treaty of Peace with Japan a momentous agreement that delineated postwar order in the Pacific was negotiated between Japan and 48 other nations in 1951 Even though the treaty was created to legally end the state of war between Japan and its Pacific War enemies many other considerations some of which had hardly anything to do with the Pacific War were involved The US Soviet rivalry was the most representative but this was not the only factor For instance the decision to invite Cambodia Laos and Vietnam as signatories was determined based on French colonial interests Indochinese yearning for independence and the need for French contribution in the North Atlantic Treaty Organization Similarly German reparations settlements after the First and Second World Wars impacted Japanese reparations settlement Meanwhile the commercial terms of the treaty were informed by the Great Depression and its legacies This book addresses these aspects of the peace treaty that are hitherto not sufficiently elaborated upon in existing studies Highlighting the importance of the treaty for shaping postwar East Asia and international relations in the region to the present day this book will be a valuable resource for students and scholars of post war Japan International relations and the Cold War **Cold War Frontiers in**

the Asia-Pacific Kimie Hara, 2006-12-13 After World War II many regional conflicts emerged in the Asia Pacific such as the divided Korean peninsula the Cross Taiwan Strait the Northern Territories Southern Kuriles Takeshima Dokdo Senkaku Diaoyu and the Spratly Nansha islands problems These and other disputes such as the Okinawa problem in relation to the US military presence in the region all share an important common foundation in the post war disposition of Japan particularly the 1951 Peace Treaty Signed by forty nine countries in San Francisco this multilateral treaty significantly shaped the post war international order in the region and with its associated security arrangements laid the foundation for the regional Cold War structure the San Francisco System This book examines the history and contemporary implications of the San Francisco System with particular focus on its frontier problems Drawing on extensive archival research and in depth analysis Kimie Hara uncovers key links between the regional problems in the Asia Pacific and their underlying association with Japan and explores the clues for their future resolution within the multilateral context in which they originated Cold War Frontiers in the Asia Pacific will appeal to students and scholars interested in international relations of the Asia Pacific region diplomatic history and Japanese diplomacy

Maga, 2011-01-01 Charismatic and committed John F Kennedy remains one of the most revered and most disliked of US Presidents Dedicated to changing the look of the American Presidency Kennedy was also pledged to changing the nature of US foreign policy making Victory in the Cold War was possible he said and the greatest challenge to that victory was in the Asian Pacific region Success there would signal the end of the communist versus capitalist confrontation America can do it he vowed This book describes the Kennedy administration s desperate efforts to achieve the impossible dream an American Cold War victory throughout Asia and the Pacific

Japan in the 1960s Robert D. Eldridge, Jason M. Morgan, 2024-08-05 Eldridge and Morgan set a new paradigm for East Asian contemporary historiography by viewing the decade of the 1960s as hermeneutically powerful From street battles over Japan s security treaty with the United States to a peace treaty with the former Japanese territory of South Korea to Japan s hosting the 1964 Summer Olympics the 1960s in Japan was a decade of turning points This book is the first to see the 1960s as a historical subject in its own right and argues that the specificity and internal complexity rooted in East Asia during this period showed how East Asians were dynamic agents in shaping the decade In this volume contributors consider Japanese responses to a 1961 coup in the Republic of Korea the Sat Eisaku administration s approach to nuclear deterrence and to the question of Okinawa s return from American control U S Japan

intellectual exchange during the Cold War support by Japanese businesspeople for the Self Defense Forces the soft power of Japanese cinema in the 1960s Japan's understanding of 1960s United Nations peacekeeping operations changes in national polity discourse in the 1960s the Dalai Lama's 1967 visit to Japan economic development in and cultural exchange between 1960s Japan and Spain Japan's science and technology interactions with the United States and the earliest known and suspected cases of North Korean abduction of Japanese citizens Much of the information in this volume has never appeared in English before This is an important volume for historians political scientists sociologists and other scholars specializing in the twentieth century and those interested in cutting edge history writing about a transformative 10 year period in East Asia

Department of the Army Pamphlet, 1972 **The Journal of American-East Asian Relations**, 2001 *The Formation of Japan-ROK Security Relations* Kyungwon Choi, 2024-12-31 This open access book argues that Japan ROK security relations were formed in the process of adjusting the threat perception gap and policy conflict between the two countries Conventional analyses using a cooperation or conflict dichotomy are too limited to capture the complex coordination of interests that security relations entail In comparison this book focuses on how as they interacted on security concerns Japan and the ROK had different threat perceptions and foreign policy orientations that resulted in friction over the means and methods of responses and shines a light on the changes apparent in the adjustment process The author aims to elucidate how Japan and the ROK approached security cooperation over the period from the late 1960s to the mid 1970s As Japan and the ROK looked to reconcile the differing political positions involved in these security and defense requirements they explored and began to show new developments in bilateral security cooperation This book provides a new perspective on Japan ROK security relations and through this lens a broader view of international relations in East Asia It also proves useful in understanding bilateral cooperation in the security field following the normalization of diplomatic relations between the two countries
