Newell, 2014-03-15 Drawing from 167 examples of decorative needlework primarily samplers and quilts from 114 collections across the United States made by individual women aged forty years and over between 1820 and 1860 this exquisitely illustrated book explores how women experienced social and cultural change in antebellum America The book is filled with individual examples stories and over eighty fine color photographs that illuminate the role that samplers and needlework played in the culture of the time For example in October 1852 Amy Fiske 1785 1859 of Sturbridge Massachusetts stitched a sampler But she was not a schoolgirl making a sampler to learn her letters Instead as she explained The above is what I have taken from my sampler that I wrought when I was nine years old It was wrought on fine cloth and it tattered to pieces My age at this time is 66 years Situated at the intersection of women's history material culture study and the history of aging this book brings together objects diaries letters portraits and prescriptive literature to consider how middle class American women experienced the aging process Chapters explore the physical and mental effects of old age on antebellum women and their needlework technological developments related to needlework during the antebellum period and the tensions that arose from the increased mechanization of textile production and how gift

needlework functioned among friends and family members Far from being solely decorative ornaments or functional household textiles these samplers and quilts served their own ends They offered aging women a means of coping of sharing and of expressing themselves These threads of time provide a valuable and revealing source for the lives of mature antebellum women Publication of this book was made possible in part through generous funding from the Coby Foundation Ltd and from the Quilters Guild of Dallas Helena Hibbs Endowment Fund Small Endearments, 19th Century Quilts for Children and Dolls Sandi Fox,1980 **Uncoverings 2008** Laurel Horton,2008 Textiles in New England II Dublin Seminar for New England Folklife,1999 **For Purpose and Pleasure** Sandi Fox,Utah Museum of Fine Arts,1995 Eighteen essays on nearly forty group made quilts form a fascinating study of quilts as social documents The author draws heavily from letters diaries and journals of the quiltmakers themselves Illustrated and indexed Homage to Amanda ,1984

Homage to Amanda Edwin Binney,1994 When quiltmaker Beth Gutcheon said American women have long had hearts and minds but only a few had voices she recognized the dilemma faced by women past and present as they have struggled for avenues of expression One vibrant way women have spoken out is through quilts and in the pages of Homage to Amanda the voice of more than six generations of American women can be heard Originally created as a catalog to accompany a quilt exhibit sponsored by the San Diego Museum of Art and taken on tour by the Smithsonian Institution Homage to Amanda chronicles the growth of American quilting from colonial days to the twentieth century Seventy two color plates illustrate the development of the American quilting tradition examining ways in which the pastime has grown from necessity to art
