perceives their consciousness or astral body as separate from their physical body This phenomenon is often associated with deep relaxation meditation or near sleep states although it is also reported in near death experiences The Master Technique of astral projection involves several key steps Initially one should prepare by finding a quiet and comfortable place free of distractions The process usually begins with relaxation exercises followed by deep rhythmic breathing to reach a state of calm and detachment Visualization plays a crucial role at this stage where the individual imagines his astral body as a separate entity Once the preparatory phase is completed the individual focuses on the sensation of leaving their physical body This often involves visualizing a floating sensation and may include a specific method such as imagining climbing a rope or ladder to help the astral body detach Experienced practitioners describe a distinctive sense of transition often accompanied by vibrations or a sense of lightness as the astral body separates During astral projection people report various experiences such as floating above their physical body traveling to different places or encountering other entities The experience is subjective and can vary greatly in duration and intensity The practice is often perceived as a spiritual journey or a method of exploring the depths of self awareness Some believe it offers insight into the nature of existence and the soul while others see it as a means of personal growth and self exploration Despite its popularity in certain spiritual and metaphysical communities astral projection remains a controversial and scientifically unverified phenomenon Skeptics attribute these experiences to psychological factors such as lucid dreaming sleep paralysis or vivid imagination In short Astral Projection The Master Technique with Self Hypnosis is a complex practice that involves relaxation visualization and a conscious effort to separate the astral body from the physical While many people report life changing experiences and profound ideas the practice lacks scientific recognition and is often debated in terms of its legitimacy and interpretation

Astral Travel & Aura Viewing Yvette Leblanc, 2012-04-20 Astral Travel and will without realizing or making any effort choose just the correct combination depending on the vibration of light needed for the journey This astral energy can sometimes be seen and is called the aura Part One Astral Travel Basics Don't get hung up with tedious drawn out methods to leave your physical body one body part at a time You don't need to project an astral counterpart of your entire physical self I suggest you simply project that part of you located between your eyes that's where your true self is located anyway The fastest and easiest way is to just be wherever it is you want to be Don't even think about what you look like that will just bring you back to the physical Part Two Two Methods to Project to Wooded Areas When you are in the air and you feel like you are flying you might not be It took me a long time to realize that I was really located in a point in the sky I had no body so I was not subject to gravity However the Earth was rotating on its axis I just had the sensation of moving It's like when you're in a car wash seated in your car The big brushes come forward and you have the sensation of moving even though you are not Part Three My Experiences Holy and Wonderful The separation was in a whole different manner I remained in my physical body while I felt energy projecting I became a being of white light energized by my heart chakra Part Three My

Experiences Holy and Wonderful While meditating on a violet crystal I asked to see my spiritual guides Amazing spheres of brilliant colored light appeared I saw a pink spirit and a golden flame baby which I brought to my heart chakra The face of a happy young man looked Arabic smiled at me My tunnel rotated very fast and pointed very high Part Three My Experiences The Difficult Located on the side of a mountain there was a huge stone castle which had many jagged edges of rock I was part of a group of very intense people just outside It seemed we were not worthy to enter the castle from the front Because I was small and agile I had been selected to deliver something of great importance to people waiting inside I have no idea what it was I climbed very high while hugging the castle the best I could to some kind of small opening in the rock I was petrified Part Four Aura Etheric and Halo Viewing Seeing your own magnificent light will help you realize you are a holy spirit and truly a child of God It s very exciting just a matter of waking up the Third Eye which is located at the base of your nose and extends to the very center of your head When following these instructions you will have one foot in the third dimension the physical and one foot in the fourth dimension the astral
