

# Aspiring and achieving: Highlighting DP and CP student research

An asterisk (\*) indicates that the results focus on students pursuing the full DP with all six courses and requirements.

Based on a large international data set, by the end of the **Diploma Programme (DP)**, 98% of students **aspired** to at least a bachelor's degree and 81% aspired to a master's, doctoral or professional degree.\*

In line with previous research, about 85% of DP students\* in the United States (US) **enrolled in university immediately** after high school, compared to 66% of all US high school graduates.

DP students were also more likely than other US students to continue on to their second year of university (**persistence**).\*

In the UK, DP students\* were more likely to achieve many positive **higher education outcomes** compared to matched A Level students.\*
