Technological Capabilities and Learning in African Enterprises Tyler Biggs, Manju Shah, Pradeep Srivastava, 1995-01-01 **Structural Aspects of Manufacturing in Sub-Saharan Africa** Tyler Biggs, Pradeep Srivastava, 1996-01-01 Urban Management Programme Paper No 20 Reviews the specific actions that municipalities and city governments may take in contributing to urban poverty reduction The paper highlights example of issues options and constraints that urban governments must address in fighting poverty It focuses on municipalities and other city level government entities as a critical institutional level of intervention Other language editions available French Stock No 13814 ISBN 0 8213 3814 5 Spanish Stock No 13813 ISBN 0 8213 3813 7 **Technologies for Rainfed Agriculture in Mediterranean Climates** Peter Oram, C. de Haan, 1995-01-01 This report describes the results of a survey of 1 000 multinational corporations undertaken in 1992 which asked about the importance of environmental issues in investment decisions The survey shows that most large corporations look systematically at environmental questions when they decide where to invest Environmental problems appear to have discouraged a number of investments across different industries and the question of liability for past pollution problems at industrial sites was the greatest concern for investors **Medicinal Plants** John Lambert, Jitendra Srivastava, Noel Vietmeyer, 1997-01-01 The complex and important relationship between public expenditure and economic performance has been the subject of numerous econometric studies But the studies remain inconclusive some results have shown positive relationships while others are negative Thus there is no conventional wisdom backed by statistical evidence on this relationship nor is there any sort of clear theoretical underpinning that explains how the aggregate of government spending acts on the growth of total output This book studies the role of public expenditures in a noneconometric way by examining a number of specific instances of these expenditures and their direct effect on economic performance Specifically the authors presents scenarios from Botswana Ghana Guinea Kenya and Zambia and ask a series of questions to identify and illuminate the impact of these instances of public expenditure on a number of variables that help measure economic performance These examples are then used to make generalizations about the relationship between public spending and economic performance **Africa Can Compete!** , 1996 All 15 new independent states established in the economic space of the former Soviet Union suffered big declines in output and trade after gaining independence This study summarizes cross country experience on the role of trade and payments policies in the linked contraction of output and trade by drawing on eight country case studies Estonia the Kyrgyz Republic Latvia Lithuania Moldova Russia Ukraine and Uzbekistan The results of the case studies show that trade reform and reorientation of trade toward the rest of the world have done much to arrest the decline in output usually associated with the transformation from plan to market Also available in English Stock no 13615 ISBN 0 8213 3615 0 **A Mining Strategy for Latin America and the Caribbean** , 1996-01-01 Technical papers that assess the current state of mining in parts of Latin America and propose a framework for growth in the

mineral sector Specific coverage for four country groups Mexico Venezuela Chile Bolivia Peru and Argentina Ecuador Panama Handbook of Latin American Studies v 57 Financial Market Fragmentation and Reforms in Sub-Saharan Africa Ernest Aryeetey,1997-01-01 FIAS Occasional Paper No 9 Many developing countries have made dramatic progress in promoting private sector participation in their infrastructure sectors especially with the help of foreign investors However this has not been the case in Southern and Eastern Africa which have been perceived as relatively unattractive locations for investment This paper describes the state of infrastructure in the region takes stock of actual and potential projects in the various sectors and analyzes the main impediments to private investment in the region s infrastructure services **The African Manufacturing Firm** Ata Mazaheri,Dipak Mazumdar,2005-11-02 The book provides a useful source of greater understanding of African manufacturing firms and the perplexing lack of widespread industrial growth during the post colonial decades *Trends in Health Status, Services, and Finance: Statistical annex* Ellen Goldstein,1996-01-01 Education systems in more than 50 countries most of them in the industrial world have in recent years shown an interest in obtaining information on what their students have actually learned as a result of their educational experiences This interest has been manifested either by developing national procedures to assess students achievements or by participating in international studies of student achievement This book provides introductory information on ways of assessing the learning outcomes of education systems It considers the nature choice and use of indicators and describes numerous approaches to assessing learning outcomes in selected industrial countries the United States and the United Kingdom and developing countries Chile Colombia Mauritius Namibia and Thailand The authors also review systems of comparative international assessment and debate whether developing countries should participate in them The book contains boxes and tables an appendix features a national assessment checklist Small States in Transition Ganeshan Wignaraja,Marlon Lezama,David Joiner,2004 This title is a report of a follow up of a pan Commonwealth forum of the same name held in Port of Spain Trinidad attended by over 28 Commonwealth small states The study deals with the pressing economic policy question facing the world s smallest economies Namely how can small states enhance their industrial competitiveness and alleviate economic vulnerabilities associated with small country size Annual World Bank Conference on Development Economics, 2006 François Bourguignon,Boris Pleskovic,2006-01-01 The Annual World Bank Conference on Development Economics ABCDE brings together the world s leading scholars and development practitioners for a lively debate on state of the art thinking in development policy and the implications for the global economy The 17th conference was held in Dakar Senegal on January 27 2005 The theme of the conference was growth and integration which was divided into five topics growth and integration financial reforms economic development trade and development and investment climate **Measuring the Burden of Disease and the Cost-effectiveness of Health Interventions** Prabhat Jha,Kent Ranson,José Luis Bobadilla,1996-01-01 World Bank Technical Paper No 333 Draws on the methodology of QUOTEWorld Development Report 1993 Investing in

HealthQUOTE to analyze the burden of disease and the cost effectiveness of health care interventions The analysis presents a framework for the activities of the government of Guinea in prioritizing health care services *Innovation and Small Enterprises in the Third World* Meine Pieter van Dijk, Henry Sandee, 2002 Innovation is crucial for small enterprises to become and remain competitive in the global economy In this book the authors have combined theoretical insights with comprehensive case studies on innovation among small scale enterprises in developing countries paying particular attention to technological change in clusters of small firms The authors deliberately use a broad definition of innovation in order to emphasise the fact that technological change and innovation adoption takes place on a wider scale and in a greater number of forms than is frequently assumed The unusual case studies such as the Kenyan food processing sector furniture making in Nicaragua and tile manufacturing in Indonesia highlight the patterns of innovation adoption and diffusion and serve as a unique and fascinating backdrop to the study The authors pay specific attention to innovation by small enterprises in times of economic crisis and go on to assess the mechanisms employed to promote innovation They demonstrate that although radical innovation among small enterprises occurs on a limited scale innovation through gradual incremental improvements in production processes and products is continuous Innovation and Small Enterprises in the Third World will be widely read by academics researchers and policymakers concerned with innovation adoption and diffusion and third world development issues
