## **Technology And Information Transfer A Survey Of Practice In Industrial Organizations:**

Technology and Information Transfer Richard S. Rosenbloom, Francis W. Wolek, 1970      *Technology Transfer Process Model and Annotated Selected Bibliography* James Alvin Jolly, John Wallis Creighton, Peter A. George, 1978      *Technology Transfer* Cynthia Steinke, 2019-12-05 As automation and competitiveness between companies and countries grows the need for the speedy research and delivery of information is becoming greater than ever before Defining technology transfer as the process of getting technical knowledge ideas services inventions and products from their origin to wherever they can be put to practical use this book first published in 1991 explores the role of the information specialist in the technology transfer process It brings together discussions from information mediaries associated with federal information centres academic research institutions and a large metropolitan public library Agencies and organizations at the federal state and local level that are involved in and responsible for technology transfer programs are described in a who s who section of the volume and the system for the distribution of information at NASA is covered in detail this being considered by some to be the birthplace of the technology transfer concept The various regional NASA Industrial Application Centers are also identified and the numerous print and online services available are noted as well Other topics covered include the use of technology transfer in agricultural programs to improve U S competitiveness in the global marketplace and how the large public library can promote technology transfer by acting as important centres for information transfer and research      *NASA Technical Memorandum* , 1991      Information And The Professional Scientist And Engineer Julie Hallmark, Virginia Ann Baldwin, 2013-05-13 Stay up to date with the latest developments in sci tech librarianship Information and the Professional Scientist and Engineer examines how electronic resources have affected the ways engineers and scientists seek use and communicate information vital to their research and development needs Information specialists working in academic corporate government and organization libraries discuss the changes in user behavior as academics in science and engineering fields rely more and more on the Internet and online journals The book provides unique insight into the specific educational needs of college and university students as librarians and department faculty determine appropriate instruction for science and engineering classes Information and the Professional Scientist and Engineer addresses the distinctions among various science and engineering fields types of libraries communities of users and users within a field or discipline Within these discussions librarians also examine the differences between commercial and academic databases and between personal or group subscriptions to database services print and online journals The book also addresses Geographic Information Systems users through a study of the interconnection among disciplines associated with GIS Information and the Professional Scientist and Engineer includes bibliographies that provide valuable information resources reviews of pertinent web sites tables figures and interviews while addressing the information seeking behavior of chemists geologists pharmacists botanists and zoologists the case for an engineering knowledge community online bibliographic sources in hydrology a

practical guide to finding physical properties of chemicals new reference works in science and technology new age e journals indexes and services Information and the Professional Scientist and Engineer is a unique resource for librarians and other information specialists science and engineering faculty and students and academic administrators *NASA DoD aerospace knowledge diffusion research project. Report number 6, The relationship between the use of U.S. government technical reports by U.S. aerospace engineers and scientists and selected institutional and sociometric variables*, 1991 A study was undertaken that investigated the relationship between the use of U S government technical reports by U S aerospace engineers and scientists and selected institutional and sociometric variables Survey research is the methodology used for the study Data were collected by means of a self administered mail questionnaire The approximately 34 000 members of the American Institute of Aeronautics and Astronautics AIAA served as the study population The response rate for the survey was 70 percent A dependent relationship was found to exist between the use of U S government technical reports and three of the institutional variables academic preparation years of professional aerospace work experience and technical discipline The use of U S government technical reports was found to be independent of all of the sociometric variables The institutional variables best explain the use of U S government technical reports by U S aerospace engineers and scientists Scientific and Technical Information Resources Krishina Subramanyam, 2020-07-24 This book focuses on current practices in scientific and technical communication historical aspects and characteristics and bibliographic control of various forms of scientific and technical literature It integrates the inventory approach for scientific and technical communication Knowledge Management in Organizations Lorna Uden, Darcy Fuenzaliza Oshee, I-Hsien Ting, Dario Liberona, 2014-08-25 This book contains the refereed proceedings of the 9th International Conference on Knowledge Management in Organizations KMO held in Santiago Chile during September 2014 The theme of the conference is Knowledge Management to Improve Innovation and Competitiveness through Big Data The KMO conference brings together researchers and developers from industry and academia to discuss and research how knowledge management using big data can improve innovation and competitiveness The 39 contributions accepted for KMO 2014 were selected from 89 submissions and are organized in sections on big data and knowledge management knowledge management practice and case studies information technology and knowledge management knowledge management and social networks knowledge management in organizations and knowledge transfer sharing and creation **Personnel Literature** United States. Office of Personnel Management. Library, United States Civil Service Commission. Library, 1971 **Scientific and Engineering Manpower Management** United States Civil Service Commission. Library, 1974 Annotated bibliography of material received in the USA civil service commission library relating to personnel management in respect of scientists and technicians covers recruitment training unemployment reassignment motivation performance recording and evaluation wage policy etc **New Risks: Issues and Management** Louis A. Cox, Paolo F. Ricci, 2013-06-29 This volume contains the proceedings of the 1986 annual meeting and

conference of the Society for Risk Analysis It provides a detailed view of both mature disciplines and emerging areas within the fields of health safety and environmental risk analysis as they existed in 1986 In selecting and organizing topics for this conference we sought both i to identify and include new ideas and application areas that would be of lasting interest to risk analysts and to users of risk analysis results and ii to include innovative methods and applications in established areas of risk analysis In the three years since the conference many of the topics presented there for the first time to a broad risk analysis audience have become well developed and sometimes hotly debated areas of applied risk research Several such as the public health hazards from indoor air pollutants radon in the home high voltage electric fields and the AIDS epidemic have been the subjects of headlines since 1986 Older areas such as hazardous waste site ranking and remediation air emissions dispersion modeling and exposure assessment transportation safety seismic and nuclear risk assessment and occupational safety in the chemical industry have continued to receive new treatments and to benefit from advances in quantitative risk assessment methods as documented in the theoretical and methodological papers in this volume A theme of the meeting was the importance of new technologies and the new and uncertain risks that they create
