

Technology Institutions And Policies

OECD

Technology Institutions And Policies:

Technology Institutions and Policies Melvin Goldman, 1997-01-01 World Bank Technical Paper No 383 This paper summarizes the findings of a multisector study designed to examine the efficacy and importance of various technology policies technology support institutions incentive measures and other sources of technological know how It examines how various firms in different sectors and countries improve their technology to increase productivity and product quality and develop new products and processes Economies studied in this report included Canada China Hungary India Japan Republic of Korea Mexico and Taiwan China *Technology, Institutions and Government Policies* Jeffrey James, Susumu Watanabe, 1985-09-12 *Solar Energy, Technology Policy, and Institutional Values* Frank N. Laird, 2001-03-26 Energy policies that promote new technologies and energy sources are policies for the future They influence the shape of emergent technological systems and also condition our social political and economic lives *Solar Energy Technology Policy and Institutional Values* demonstrates the difficulties of deliberating such properties by providing a historical case study that analyses US renewable energy policy from the end of World War II through the energy crisis of the 1970s The book illuminates the ways beliefs and values come to dominate official problem frames and get entrenched in institutions In doing so it also explains why advocates of renewable energy have often faced ideological opposition and why policy makers fail to take them seriously [Technology institutions and policies : their role in developing technological capability in industry](#) Melvin Goldman, Henry Ergas, Eric Ralph, Greg Felker, 1997 **The Digitalisation of Science, Technology and Innovation Key Developments and Policies** OECD, 2020-02-11 This report examines digitalisation's effects on science technology and innovation and the associated consequences for policy In varied and far reaching ways digital technologies are changing how scientists work collaborate and publish *Science, Technology, And Politics* Gary Bryner, 2019-06-21 This book began several years ago as a project organized by members of the Science and Technology Studies section of the American Political Science Association It is part of an ongoing attempt by members of the section and others to focus scholarly attention on the political and social implications of technological change and scientific advances Part of the concern is to identify theories conceptual frameworks and concepts from political science that can usefully be applied to the study of science and technology Part of the concern is to explore how science and technology related concerns help illuminate and test some of the enduring theories of political science We hope to contribute to the development of a strong theoretical underpinning for science and technology studies We hope that such an enrichment of the theoretical bases for understanding science and technology related phenomena will also contribute to more effective and appropriate public policies for regulating and encouraging scientific and technological developments This book is an attempt to marry theoretical exposition and applied policy inquiry **Assessment And Policy Research On The Transportation Science And Technology Development In China** Guanghui Zhao, 2023-05-19 This comprehensive book evaluates the development status application

scenarios and future trends of China's transportation technology with a focus on the progress and breakthroughs made in the development of China's transportation technology the development trend of new technologies and the impact on transportation The unique reference text benefits practitioners leaders and managers in the transportation industry transportation researchers transportation engineers and transportation technicians

Beyond Innovation: Technology, Institution and Change as Categories for Social Analysis Thomas Kaiserfeld, 2015-07-07 Beyond Innovation counterweighs the present innovation monomania by broadening our thinking about technological and institutional change It is done by a multidisciplinary review of the most common ideas about the dynamics between technology and institutions

The Effects of Technology and Institutions on E-Participation Pragati Rawat, John C. Morris, 2021-12-24 In this book Pragati Rawat and John C Morris identify and evaluate the impact of factors that can help explain the difference in e participation public participation using information and communication technology in different countries While cross sectional studies have been covered few have taken an in depth look at cross national studies This book attempts to fill the gap using quantitative panel data to explore the influence of technology and institutions and the impact of their complex relationships in a mediation and moderation analysis on e participation The current study reviews the scholarly work in the field of offline and online participation to identify a set of antecedents that influence e participation A conceptual framework is developed supported by the theories from the public policy and socio technical premise The authors utilize secondary data primarily from the UN and World Economic Forum for 143 countries from three waves of surveys to measure the dependent and explanatory variables The panel data is statistically analyzed and findings reveal the role of technology as a mediator as well as a moderator for institutions impact on e participation The Effects of Technology and Institutions on E Participation provides a groundbreaking country level analysis that will appeal to academics and students of e government and Digital Government Public Policy Public Administration Public Sector Innovation and Public Participation

Learning from Science and Technology Policy Evaluation Philip Shapira, Stefan Kuhlmann, 2003-01-01 The contributors analyse and contrast the need and demand for RIT performance measurement and evaluation within the US and European innovation and policy making systems They assess current US and European RIT evaluation practices and methods in key areas discuss applications of new evaluative approaches and consider strategies that could lead to improvements in RIT evaluation design and policies

Science, Technology and Innovation Policies for Inclusive Growth in Africa Reuben A. Alabi, Achim Gutowski, Nazar Mohamed Hassan, Tobias Knedlik, Samia Satti Osman Mohamed Nour, Karl Wohlmuth, 2018 The volume analyses how to make Science Technology and Innovation STI Policies relevant for inclusive growth strategies in Africa The base for a transformative STI policy is to link the STI policies to Africa's economic transformation policies In a first part the general issues of introducing effective STI policies are presented In a second part country case studies highlight the new approach Cases such as Sudan and Nigeria are analysed as these two countries have a long history of STI development

because of different history size and structure they need to move in different directions towards a coherent STI policy for inclusive growth

Handbook of Research on Information Communication Technology Policy: Trends, Issues and Advancements Adomi, Esharenana E.,2010-07-31 The Handbook of Research on Information Communication Technology Policy Trends Issues and Advancements provides a comprehensive and reliable source of information on current developments in information communication technologies This source includes ICT policies a guide on ICT policy formulation implementation adoption monitoring evaluation and application and background information for scholars and researchers interested in carrying out research on ICT policies *Policy and Governance of Science, Technology, and Innovation* Gonzalo Ordóñez-Matamoros,Luis Antonio Orozco,Jaime Humberto Sierra-González,Isabel Bortagaray,Javier García-Estévez,2021-10-19 This volume explores the governance and management of science technology and innovation STI in relation to innovation policy and governance systems highlighting its goal challenges and opportunities Divided into two sections it addresses the role of governments in promoting innovation in Latin American contexts as well as barriers and opportunities for STI governance in the region The chapters tackle the role of institutions innovation funding technological trajectories regional innovation policies innovation ecosystems universities knowledge appropriation and markets Researchers and scholars will find an opportunity to grasp a better understanding of innovation policies in emerging economies This interdisciplinary work presents original research on science technology and innovation policy and governance studies in an understudied region *Science, Technology and Innovation Policies for Development* Gustavo Crespi,Gabriela Dutrénit,2014-04-11 This book examines the implementation of science technology and innovation STI policy in eight Latin American countries and the different paths these policies have taken It provides empirical evidence to examine the extent to which STI policies are contributing to the development of the region as well as to the solution of market failures and the stimulus of the region s innovation systems Since the pioneering work of Solow 1957 it has been recognized that innovation is critical for economic growth both in developed and in less developed countries Unfortunately Latin America lags behind world trends and although over the last 20 years the region has established a more stable and certain macroeconomic regime it is also clear that these changes have not been enough to trigger a process of innovation and productivity to catch up Against this rather grim scenario there is some optimism emerging throughout the region After many years of inaction the region has begun to invest in science technology and engineering once again Furthermore after many changes in innovation policy frameworks there is now an emerging consensus on the need for a solution to coordination failures that hinder the interaction between supply and demand Offering an informative and analytic insight into STI policymaking within Latin America this book can be used by students researchers and practitioners who are interested in the design and implementation of innovation policies This book also intends to encourage discussion and collaboration amongst current policy makers within the region *The OECD Jobs Strategy Technology, Productivity and Job Creation Best Policy*

Practices 1998 Edition OECD,1998-07-29 This report points to a decline in public support for research and development R D mainly affecting basic long term research and examines the levelling off in private sector R D along with changes in its direction away from basic research towards more market driven and short term efforts Science and Technology Policy for Economic Development in Africa ,2021-11-22 The contributors to this volume present a broad canvas of science and technology policies as instruments of social and economic development record the progress that has been made and identify and analyze the problems that remain to be solved Contributors are Aqueil Ahmad Charles H Davies Thomas Owen Eisemon John W Forje Jacques Gaillard Eric L Hyman John E Udo Ndebbio Fola Osotimehin Aaron Segal Scott Tiffin Paul B Vitta and Roland Waast Leadership in Science and Technology: A Reference Handbook William Sims Bainbridge,2011-10-20 Tackling 100 key topics and providing case studies in the area of science and technology leadership this reference handbook is an essential resource for students in this area **High-technology Clusters, Networking and Collective Learning in Europe** David Keeble,Frank Wilkinson,2017-11-22 This title was first published in 2000 This text presents a study of collective learning networking and high technology regions in Europe It first provides an overview of the subject area then goes on to discuss topics such as the role of inter SME networking and collective learning processes in European high technology milieux **Institutional and Social Innovation for Sustainable Urban Development** Harald A. Mieg,Klaus Töpfer,2013-08-22 Which new institutions do we need in order to trigger local and global sustainable urban development Are cities the right starting points for implementing sustainability policies If so what are the implications for city management This book reflects the situation of cities in the context of global change and increasing demands for sustainable development The book introduces core findings new methods and international experience related to sustainability innovations and the social transformation of cities synthesizing insights from megacity research sustainability science and urban planning Written by a team of more than fifty leading researchers and practitioners from all five continents it traces general urban transformations and introduces new approaches such as smart growth strategies cross sectoral transdisciplinary urban transition management rubanisation and city syntegegration The book reveals the potential of new networked agencies of sustainability transformation and discusses the role of science institutions in the diffusion and implementation of institutional and social innovations This comprehensive book is of immense value to students researchers and professionals working on issues of sustainable development in environmental programs in human geography planning and the built environment sociology and policy studies institutional economics and environmental politics **Government Policy and Program Impacts on Technology Development, Transfer, and Commercialization** Kimball Marshall,William Piper,2013-02-01 In recent decades government funded technologies have produced radar microwave ovens modern cell phone systems the Internet new materials for aircraft and motor vehicles and new medical instrumentation This first of its kind book examines how access to technology is affected by government policies and government sponsored programs Government Policy and

Program Impacts on Technology Development Transfer and Commercialization International Perspectives provides an easy to read overview of the field and several studies serving as examples to guide government policymakers and private sector decision makers This forward looking book also forecasts the potential impacts of government regulation upon the field and presents provocative discussions of the ethical implications of the cross cultural and cross national challenges facing technologically developed nations in the global economy This book reviews this broad field by first providing an overview of the goals of government technology policies and programs as well as of generic types of government technology programs Next it presents carefully selected studies that illustrate the potential impacts of government decisions upon marketing constraints industry acceptance of regulatory requirements economic development gross domestic product and the choices firms make when it comes to location competitiveness product development and other factors The final chapters explore ethical considerations from a global perspective These chapters also explore the implications of these considerations in relation to the success of governmental and private sector technology transfer and commercialization programs The macromarketing perspective taken by the contributors serves to ground the impacts of government technology policies and programs in practical implications for economic development business productivity and quality of life The contributors to this unique collection share their expertise on government sponsorship of technology research the impact of government regulation upon technology marketing and economic development the effects of government policies on business practices intellectual property rights and much more Government Policy and Program Impacts on Technology Development Transfer and Commercialization shows how evolving technology and government policy changes have affected the commercialization of musicnew media piracy problems consumer choices and costs and changes in the radio and concert promotion industries the adoption of new household technology licensure requirements for telemedicine with an essential overview of telemedicine plus examinations of relevant governmental regulations and potential applications patents copyrights trademarks licensing and proprietary information scrap tire disposal new alternatives for a chronic waste disposal problem food product development state owned enterprises with a case study illustrating how a stagnant state owned company quickly evolved into China s leading firm in the textile machinery field
