Ghazali Mustapha,2020-02-03 Teachers are constantly seeking ways to improve their teaching and thereby enhance the learning of their students One method of doing this is to bring critical and creative thinking skills to the forefront of the curriculum This has been emphasized by the Malaysian Ministry of Education via the KBSM syllabus in order to teach critical and creative thinking by considering the use of programs like Bloom s taxonomy of educational objectives in classroom practice This study demonstrates how the higher order skills can be integrated into the secondary school reading curriculum The main aim of the study is to investigate how teachers design reading comprehension questions RCQs and reading comprehension tasks RCTs in relation to the demands of higher order thinking to produce students with critical minds It focuses primarily on the use of COGAFF taxonomy a cognitive affective taxonomy adapted from Bloom s and Krathwohl s to formulate higher order reading questions and tasks as a means to develop critical and creative thinking skills In a pilot study in Britain with forty Malaysian teachers and in the main field study in Malaysia 150 subjects teachers and student teachers have yielded about one thousand RCQs and one thousand RCTs In line with many research findings of question and task design 91 2% of the RCQs and 83 6% of RCTs produced during the pretest were of low order types Subjects attended a workshop emphasizing question and task designing using the COGAFF taxonomy Dramatically during the posttest 74 4% of the RCQs and 80 6% of the RCTs were transformed into higher order inferential forms The other major thrust of the study is to demonstrate how higher order questions can be used to design equally higher order tasks that can be utilized as a thinking skills approach in the teaching of reading comprehension lessons in secondary schools Thinking tools and strategies as suggested by Beyer Guilford Gardner and several others and their implications for the teaching of reading comprehension and training of teachers in Malaysia are also discussed **Strengthen Your Writing (Rev 3Rd Edn) V. R.**

Narayanawami,2005 Strengthen Your Writing is an intensive course in writing that promotes the understanding and practice of the essential aspects of English composition and related study skills relevant to students at the intermediate and first year degree levels The book is designed to help students acquire and reinforce their writing skills in English in preparation for a successful academic and professional life The revised edition includes a range of fresh texts based on themes that are modern as well as interesting Skills not relevant or infrequently used have been omitted and new skills such as writing e mail messages memorandums and r sum s which are demanded of students today have been introduced There are well explained models to illustrate different forms of writing as well as a large number of revised contextualised exercises that provide students with sufficient opportunity for practice Also included in the book are brief notes in shaded boxes on topics like bias free writing and the use of parallel structure in composition which would be of value to students aiming to improve their writing skills in English Finally the chapters in the new edition have been reorganised to lead students slowly from simple writing skills to more complex ones and the book concludes with a unit that shows how graphics can be used effectively to supplement writing The Men on Magic Carpets Ed Hawkins,2019-04-04 An absolute gem Funny incredible

and brilliantly reported in Ed Hawkins the sports world has its own Jon Ronson Will Storr The bizarre true story about the cosmic side of sports Ever wondered if the mind tricks used by Luke Skywalker or his Star Wars brethren were real Ed Hawkins did A Jedi wannabe and sports nut he pondered what if a coach or athlete had tried to harness such mysterious powers They would be unstoppable This set Ed off on an extraordinary adventure across the West Coast of America in search of a superhuman sports star He discovers cosmic thinkers who back in their 1960s heyday believed that through the power of thought alone a superhuman could be created one that could see into the future slow down time and control minds So successful were their tactics that they attracted the attention of the US government Meanwhile in Russia their Soviet counterparts were employing equally bewildering brain power Their goal To win the Cold War And so from the 1970s and into the Eighties the underground free thinking movement became a fully funded state secret in an inner space race between the US and the Soviet Union Both sides attempting to create the perfect human killing machine It worked Sort of Instead of building a super soldier the mystics from both sides came together to preach peace and love to their political paymasters After the thaw the search for the superhuman sports star began again and continues to this day In The Men on Magic Carpets Ed goes deep into a secret network of supernatural sages and is told about a mysterious American football coach who made it to the top by teaching his players The Force But can he be found Will he admit to what he truly believes And how does our intrepid author cope with his own brush with the Dark Side as the shadowy military once again attempt to use the mystical powers for ill
