Media Education Assessment Handbook William G. Christ, 2020-07-24 Assessing media education is a formidable task because both assessment and media education are complex and controversial concepts Assessment which can take place at the individual student class sequence program department or unit and university levels is questioned in terms of reliability validity relevance and cost Media education which has been challenged at a number of schools finds faculty and administrators in the midst of soul searching about how to clearly articulate its missions and purposes to a broader audience Departments are under increasing national state and institutional pressure to get assessment procedures carried out quickly but there is an obvious danger in rushing to implement assessment strategies before establishing what is essential in media education In communication education in general the what of assessment is often discussed in terms of

skills attitudes affect values and knowledge People assess students to determine what they know think feel value and can do
Here it is suggested that one of the places to start defining what students should learn from their media education is by
identifying outcomes Outcomes can be assessed in a variety of ways but first they need to be developed and clearly
articulated **Resources in Vocational Education** ,1979
