Arthurian Literature XL Megan G. Leitch, Kevin S. Whetter, 2025-04-08 Arthurian Literature has established its position as the home for a great diversity of new research into Arthurian matters It delivers fascinating material across genres periods and theoretical issues TIMES LITERARY SUPPLEMENT Appropriately for the journal's fortieth milestone this volume of Arthurian Literature offers an especially wide range of topics from printers modifications in early Arthurian books to a study of archetypal characters in several linguistic traditions It begins with the winner of the Derek Brewer Essay Prize which has

this year been awarded to an original and intriguing investigation of how and why Wynkyn de Worde or various of his staff working under his direction modified his 1529 printing of Sir Thomas Malory's *Le Morte Darthur*. Thereafter literary critical explorations range across French, Welsh and Middle English Arthurian literatures including examinations of marriage in Chrétien's *Chevalier au Lion*, Peredur in the Welsh Grail texts, fairies and cosmic providence in *Sir Gawain and the Green Knight* and the shifting degrees of agency possessed by Malory's *Gwenyvere*. The volume also features a lively reconsideration of the Arthurian tomb at Glastonbury from the point of view of material culture and an examination of Arthur's hagiographical characterisation in Latin Breton Saints' Lives. It closes with a survey of twentieth century English language retellings of Arthurian fiction that highlights female authors' many contributions to the genre.

The Arthurian World Victoria Coldham-Fussell, Miriam Edlich-Muth, Renée Ward, 2022-06-30 This collection provides an innovative and wide ranging introduction to the world of Arthur by looking beyond the canonical texts and themes taking instead a transversal perspective on the Arthurian narrative. Together its thirty four chapters explore the continuities that make the material recognizable from one century to another as well as transformations specific to particular times and places revealing the astonishing variety of adaptations that have made the Arthurian story popular in large parts of the world. Divided into four parts: *The World of Arthur in the British Isles*, *The European World of Arthur*, *The Material World of Arthur* and *The Transversal World of Arthur* the volume tracks the legend's movement across temporal, geographical and material boundaries. Broadly chronological each part views the unfolding Arthurian story through its own lens while temporal and geographical overlaps between the sections underscore the proximity of these developments in the legend's history. Ranging from early Latin chronicles and Welsh poetry to twenty first century anime and political conspiracies this comprehensive and illuminating book will be of interest to anyone researching Arthurian literature or tracing the evolution of medievalism through literature, the visual arts and popular culture.

The Publishers' Circular and Booksellers' Record, 1906 **Medieval Crossover** Barbara Newman, 2013-05-15 The sacred and the secular in medieval literature have too often been perceived as opposites or else relegated to separate but unequal spheres. In *Medieval Crossover: Reading the Secular against the Sacred* Barbara Newman offers a new approach to the many ways that sacred and secular interact in medieval literature, arguing that in contrast to our own cultural situation the sacred was the normative, unmarked default category against which the secular always had to define itself and establish its niche. Newman refers to this dialectical relationship as crossover which is not a genre in itself but a mode of interaction, an openness to the meeting or even merger of sacred and secular in a wide variety of forms. Newman sketches a few of the principles that shape their interaction: the hermeneutics of both and the principle of double judgment, the confluence of pagan material and Christian meaning in Arthurian romance, the rule of convergent idealism in hagiographic romance and the double edged sword in parody. *Medieval Crossover* explores a wealth of case studies in French, English and Latin texts that concentrate on instances of paradox, collision and convergence. Newman convincingly and with

great clarity demonstrates the widespread applicability of the crossover concept as an analytical tool examining some very disparate works These include French and English romances about Lancelot and the Grail the mystical writing of Marguerite Porete placed in the context of lay spirituality lyric traditions and the Romance of the Rose multiple examples of parody sexually obscene shockingly anti Semitic or cleverly litigious and Ren of Anjou s two allegorical dream visions Some of these texts are scarcely known to medievalists others are rarely studied together Newman s originality in her choice of these primary works will inspire new questions and set in motion new fields of exploration for medievalists working in a large variety of disciplines including literature religious studies history and cultural studies **Books In Print 2004-2005** Ed
