ignores in *The Book of Virtues* How do readers use literature as equipment for living Tackling modernism and postmodernism Monroe outlines virtue criticism an alternative to current theory Focusing on works by T S Eliot Vladimir Nabokov and Donald Barthelme he demonstrates that these alienistic texts are not just filled with belligerence but are also endowed with virtues such as trust and the promise of solidarity with the reader By considering these vital texts as responses to personal situations and institutional practices Monroe brings literature back to the common reader and shows how it offers functional responses to the dysfunctional situations of modern life Readers interested in literary criticism American culture and the relationship between ethics and literature will be fascinated by virtue criticism and this fresh look at the virtues and vices of alienation Chosen as a Choice Magazine s Outstanding Academic Book for 1999 *Renaissance psychologies* Robert Lanier Reid, 2017-01-06 A thorough and scholarly study of Spenser and Shakespeare and their contrary artistry covering themes of theology psychology the depictions of passion and intellect moral counsel family hierarchy self love temptation folly allegory female heroism the supernatural and much more *Renaissance psychologies* examines the distinct and polarised emphasis of these two towering intellects and writers of the early modern period It demonstrates how pervasive was the influence of Spenser on Shakespeare as in the playful metamorphosis of Gloriana into Titania in *A Midsummer Night s Dream* and its return from Spenser s moralizing allegory to the Ovidian spirit of Shakespeare s comedy It will appeal to students and lecturers in Spenser studies Renaissance poetry and the wider fields of British literature social and cultural history ethics and theology A Marriage of Philosophy and Music Erich Welling, 2014-04 How to use philosophy and music to open your horizons and enjoy being yourself put theory to work and help you experience personal growth is discussed in *A Marriage of Philosophy and Music* It is all about after After having a liberal education you are comfortable in modern culture and after further education and becoming a specialist in some field you enjoy using your skills We learn the ideas and methods of many social cultures and our own chosen specialty but we often neglect the liberal art of disciplining and enjoying the ideas and methods of our own individuality This book offers a path toward the education of privacy with the key words being selection design and beauty The book relates five areas of general human interest spirituality philosophy science art and body awareness The interrelation is accomplished by using personal patterns of experience that are available from philosophy and music Because of the plurality of subject matters and methods used in philosophy and music their patterns of discipline are comparable to self discipline *A Marriage of Philosophy and Music* attempts to create a path in this direction because besides the enjoyment of social culture and personal skills there is enjoyment in being yourself which is a neglected liberal art
