The Hippy Survival Guide To Y2k:

The Hippy Survival Guide to Y2K Mike Oehler,1999 In this authoritative handbook The Hippy Survival Guide to Y2K survival expert Mike Oehler takes an in depth look at the what if of the Y2K Problem In a readable and anecdotal style supported by exhaustive research Mike explores the possibility that on January 1 2000 a simple programming error will cause disastrous computer crashes around the world With a focus on strategies for surviving the disruption of social services Mike has packed this book with information on how to Get clean water if water systems fail stay warm in January if the heat goes off find free food at any time in the city or country find the safest places to live build a shelter that will take you through anything and much more Oehler applies his own years of experience to this highly readable handbook for Y2K survival served up with his philosophy about the improvement of modern society The Year 2000 is coming The time to think about what if is now with this practical and thought provoking guide PREPPERS: HISTORY AND THE CULTURAL PHENOMENON Lynda King,2014-08-07 The word prepper seems to have burst onto the scene within the last 10 years and has increasingly become associated with fringe extremists They have been labeled by some as domestic terrorists But is prepping a new phenomenon Or is it a manifestation of a growing collective psyche that has learned from traumatic events throughout our history that preparedness is critical to human survival For new preppers who think the worst is yet to come this book offers a walk through history that shows the worst has been here before For those who wonder why so many people are concerned about being prepared this book will show that when the worst has made an appearance those who weathered it best were those who were prepared For those already familiar with history s worst who think THAT will never happen again this book offers a reminder of the Wall Street adage Past performance is no guarantee of future results For those who wonder what a prepper is this book offers a look at what they used to be and what they are today Whitewash Y2K J.
