introduction if you re learning the religion for the first time a great way to brush up on facts you may have forgotten from Hebrew school and the perfect mitzvah good deed gift for a friend or relative **In Defense of Faith** David

Brog,2010-06-15 Religious faith is under assault In books and movies and on television militant secular critics attack religion with a renewed vigor These new atheists repeat a two part mantra that religious faith is hopelessly irrational and that those possessed of such faith are responsible for the hatred and bloodshed that has plagued humanity Abandon religion they urge us and the world will at last live in peace In Defense of Faith examines this proposition in the context of Western civilization and the Judeo Christian tradition and asserts that far from encouraging hatred and violence the Judeo Christian tradition has easily been the most effective curb upon the dark defects of human nature and our best tool in the struggle for humanity From the Christian activists who fought to stop the genocide of Indians in South America and their ethnic cleansing in North America to the abolition of African slavery on both sides of the Atlantic and on to modern human rights activists from Martin Luther King Jr to the rock star Bono In Defense of Faith rebuts the fashionable arguments against religion and presents the strong and lasting record of the Judeo Christian idea History has not been as kind to the atheist model every time it is put to the test we have reverted to the most base violent instincts of our selfish genes **The History of the Jews (All Six**
