Super Neigong of Ancient Monks David Teng, 2021-02-16 Drastically Upgrade Your Internal Body More Effective Than Yoga Exercise QiGong Taichi Weights Meditation Hypnosis A Monk s Quest for Enlightenment There was a Monk hoping to reach enlightenment he was already close who also heard about the Walking Meditation and is ready to start He set up a pole that span across a temple and hooked his hair onto the pole He would then walk back and forth within the temple and would not be able to lie down or sit down When he got sleepy he would nap only a little by resting against the walls of the temple A Devotion Beyond Measure He did this for 30 continuous days During the process his legs and feet swelled beyond imagination Puss and blood started to come out from lumps on the swollen feet and legs No doubt it was painful But people from the ancient times had a simple mind and their drive to achieve enlightenment was none like others So it is really us that have deteriorated in the modern times He didn t really think much about the pain and just pushed on If it were someone in modern times a little pus would send him her into a frenzy of fear and into the hospital to ask for treatment The Ancient Wisdom Unveiled Eventually the puss and blood stopped and the swelling went away The legs and feet returned to normal But the legs are now like never before The skins are like those of new born babies And not just the feet The rest of the body too His hair and face have also rejuvenated It turns out the body was just casting out the toxins long stored within his body even the toxins he was born with The Moment of Enlightenment After a month of walk he thought to himself I think I ve done enough and I really do need a good sleep So he untied his hair and start to lay down on a pillow Just as he head touched the pillow he did it He attained enlightenment So he attained enlightenment and got a much better looking physical body Pretty good deal right The Core Inner Energy Method When you practice the core inner energy method of Neigong the inner energy generated is hard and hammer like It breaks down the major energy physical blockages in your

body This is because Neigong is at the center of Qi cultivation The Order of Qi Cultivation The important order of your Qi cultivation The order is Wu Gong Qi Gong Nei Gong Tao Gong Zen Gong The latter two Tao and Zen Gong are more geared toward spiritual enlightenment which comes naturally after Neigong Everyone is trying to do Zen Gong before all of those previous 4 steps The reversal of this order dramatically slows their cultivation development Nei Gong The Gateway to True Health Once the Neigong step is complete one will progress into the four Levels of Zen meditative states easily The hammer like practices no it s not intense exercise are the basis of Nei Gong or Internal Kung Fu This will give back a truly healthy body This cannot be done with Wu Gong sports exercises or muscle workouts that strengthens your physique and Qi but not focused on clearing the internal blockages Only after all the blockages in your body are cleared can you be called a truly healthy person

Super Neigong of Ancient Monks - For Male Spiritual Practitioners David Teng, 2023-07-22 There was a Monk hoping to reach enlightenment he was already close who also heard about the Walking Meditation and was ready to start He set up a pole that span across a temple and hooked his hair onto the pole He would then walk back and forth within the temple and would not lie down or sit down When he got sleepy he would nap only a little by resting against the walls of the temple He did this for thirty continuous days During the process his legs and feet swelled beyond imagination Puss and blood came out from lumps on the swollen feet and legs No doubt it was painful But people from the ancient times had a simple mind and their drive to achieve enlightenment was none like others So it is really us that have deteriorated in modern times He did not really think much about the pain and just pushed on If it were someone in modern times a little pus would send him her into a frenzy of fear and into the hospital to ask for treatment Eventually the puss and blood stopped and the swelling went away

The legs and feet returned to normal But the legs are now like never The skin is like that of newborn babies And not just the feet The rest of the body too His hair and face have also rejuvenated It turns out the body was just casting out the toxins long stored within his body even the toxins with which he was born After a month of walking he thought to himself I think I've done enough and I really need a good sleep So he untied his hair to lie down on a pillow Just as his head touched the pillow he did it He attained enlightenment So he attained enlightenment and got a much better looking physical body Rather good deal right Also please do not try this because you could end up hurting yourself even fatally People in those days and age had simpler minds this is a big plus and fewer toxins in their body whether those toxins are before after birth or both The way you need to deal with those toxins and energy blockages is tricky Most of us cannot force our way through those toxins like the monk did You will hurt yourself before those toxins decide to leave your body I will show you a better way A way for the more complicated and modern day individual
