The Only Country In The World Called Canada:

The Shawinigan Fox: How Jean Chrétien Defied the Elites and Reshaped Canada Bob Plamondon, 2017-10-18 Jean Chrétien's critics have said he was a man with no vision and a short attention span a small town hick who stumbled his way to become Canada's 20th prime minister Whatever credit the Chrétien government deserved was often given to Paul Martin the heir apparent who was touted to be the brains behind the operation But while Chrétien was the subject of ridicule he was quietly giving his competitors both inside and outside of the Liberal party a master class in politics leadership and nation building His decisions which often ran counter to elite opinion fundamentally reshaped and strengthened Canada as it entered the 21st century Chrétien restored sanity to government finances kept Canada out of the Iraq war turned a brain drain into a brain gain and established clarity over national unity Relying on new evidence detailed analysis and exclusive interviews with former cabinet ministers provincial premiers political staff strategists and high ranking bureaucrats many of them speaking publicly for the first time bestselling author and historian Bob Plamondon tells the surprising inside story of the Chrétien years including what Chrétien would have done if the 1995 referendum had ended in a vote for separation why Paul Martin secretly threatened to resign in 1995 seven years before he actually quit who tried to convince Chrétien to join the Iraq war and why he could not be intimidated into joining the US led coalition why a lifelong Liberal was the most conservative prime minister in Canadian history the shocking details of the Chrétien Martin feud and the only time an elected Canadian prime minister has been overthrown Until now the story of Chrétien's time as prime minister has been largely misunderstood Plamondon sets the record straight and provides compelling lessons about political leadership and problem solving from a critical chapter in Canadian history

American Invasions: Canada to Afghanistan, 1775 to 2010

Rocky M. Mirza Ph.D, 2010-09-02 American Invasions Canada to Afghanistan 1775 to 2010 is a thought provoking analysis of the reasons for American invasions and warmongering over the last two centuries Contrary to the views expressed by the Western media and Western historians the American Empire is not a force for the promotion of free thinking and democracy but instead a force for imperial conquests and imposed dictatorships through the use of a military industrial complex fed by the American Empire outspending the rest of the world combined on weapons of mass destruction The American Empire has used and will continue to use the most sophisticated weapons from nuclear bombs to bunker busting bombs to land mines to chemical and biological weapons on defenseless men women and children to feed its insatiable appetite for warmongering

and imperial expansion It combines military bases around the world with military prisons used for torture and extraction of information Its navy patrols every corner of the globe and its planes can rain down bombs from the heavens on every civilian on the planet *Canadian Engineer* ,1924 *London Calling* ,1947 *The Canadian Encyclopedia* James H. Marsh,1999 This edition of The Canadian Encyclopedia is the largest most comprehensive book ever published in Canada for the general reader It is COMPLETE every aspect of Canada from its rock formations to its rock bands is represented here It is UNABRIDGED all of the information in the four red volumes of the famous 1988 edition is contained here in this single volume It has been EXPANDED since 1988 teams of researchers have been diligently fleshing out old entries and recording new ones as a result the text from 1988 has grown by 50% to over 4 000 000 words It has been UPDATED the researchers and contributors worked hard to make the information as current as possible Other words apply to this extraordinary work of scholarship AUTHORITATIVE RELIABLE and READABLE Every entry is compiled by an expert Equally important every entry is written for a Canadian reader from the Canadian point of view The finished work many years in the making and the equivalent of forty average sized books is an extraordinary storehouse of information about our country This book deserves pride of place on the bookshelf in every Canadian Home It is no accident that the cover of this book is based on the Canadian flag For the proud truth is that this volume represents a great national achievement From its formal inception in 1979 this encyclopedia has always represented a vote of faith in Canada in Canada as a separate place whose natural worlds and whose peoples and their achievements deserve to be recorded and celebrated At the start of a new century and a new millennium in an increasingly borderless corporate world that seems ever more hostile to national distinctions and aspirations this Canadian Encyclopedia is offered in a spirit of defiance and of faith in our future The statistics behind this volume are staggering The opening sixty pages list the 250 Consultants the roughly 4 000 Contributors all experts in the field they describe and the scores of researchers editors typesetters proofreaders and others who contributed their skills to this massive project The 2 640 pages incorporate over 10 000 articles and over 4 000 000 words making it the largest some might say the greatest Canadian book ever published There are of course many special features These include a map of Canada a special page comparing the key statistics of the 23 major Canadian cities maps of our cities a variety of tables and photographs and finely detailed illustrations of our wildlife not to mention the colourful informative endpapers But above all the book is encyclopedic which the Canadian Oxford Dictionary describes as embracing all branches of learning This means that with rare exceptions there is satisfaction for the reader who seeks information on any Canadian subject From the first entry A mari usque ad mare from sea to sea which is Canada s motto and a good description of this volume s range to the Zouaves who mustered in Quebec to fight for the beleaguered Papacy there is the required summary of information clearly and accurately presented For the browser the constant variety of entries and the lure of regular cross references will provide hours of fascination The word encyclopedia derives from Greek expressions alluding to a grand circle of knowledge Our

knowledge has expanded immeasurably since the time that one mind could encompass all that was known Yet now Canada's finest scientists academics and specialists have distilled their knowledge of our country between the covers of one volume The result is a book for every Canadian who values learning and values Canada Rod and Gun in Canada ,1916 **The Prince** Stephen Maher,2025-09-02 Nominated for the Shaughnessy Cohen Prize for Political Writing The first comprehensive biography of Justin Trudeau as prime minister an honest compelling story of his government's triumphs and failures based on interviews with over 200 insiders and Trudeau himself As one of the longest surviving prime ministers and son of the legendary Prime Minister Pierre Elliott Trudeau Justin Trudeau is near royalty in Canada But how did this former high school teacher with no noteworthy accomplishments put together a team that managed to take over the Liberal Party and bring it from third place to a majority government in 2015 The Prince shows just that In this first comprehensive history of the Justin Trudeau government veteran journalist Stephen Maher takes readers behind the scenes of a tumultuous decade of Canadian politics Through hundreds of interviews with political insiders he describes how Trudeau a Canadian prince had the famous name the political instincts the work ethic and the confidence to overcome errors in judgment and build a global brand winning in the boxing ring and on the debate stage And then things changed as key people left the Trudeau team and the government lost direction Trudeau is an enigmatic figure a politician who has been in the public eye since childhood and seeks attention but has always concealed his actual feelings from those around him He has shown admirable strength and skill deftly handling Donald Trump in trade deals and international meetings and in leading Canada through the COVID 19 pandemic He has delivered substantial results for people within his political coalition the most successful attack on poverty in a generation real progress on climate change and a sustained application of money and political capital to Indigenous reconciliation Even as the government overcame major challenges however errors in judgment and personality conflicts wasted political capital Trudeau has struggled to manage his own office with devastating consequences and alienated people outside his coalition to the point where he can't hold a public event without protesters screaming curses at him The Prince takes readers behind the curtain as the government goes from triumph to embarrassment and back again revealing the people the conflicts and the struggles both in the government and on the opposition benches Above all it traces why this ambitious government led by a global media darling is now so unpopular it is in danger of imminent collapse Canada 2022-2023 P. T. Babie,Charles J. Russo,James Kent Donlevy,2022-09-29 The World Today Series Canada is an annually updated presentation of Canada It provides the reader an in depth look at the country's culture geography people economy politics and future The combination of factual accuracy and up to date detail along with its informed projections make this an outstanding resource for researchers practitioners in international development media professionals government officials potential investors and students
