## **The Original Feminist Attack On The Bible:**

**The Woman's Bible** Elizabeth Cady Stanton, 1848 Struggling for women's rights in the nineteenth century the early feminists were constantly told that the Bible ordains woman's sphere as helper to man and woman's status as inferior to man Having heard this throughout her decades of labor in the women's rights movement Elizabeth Cady Stanton determined in 1848 to investigate the Bible and what it really says about women She attempted to obtain the assistance of a number of female scholars of Hebrew and Greek but several turned her down fearing that their reputations would be compromised She finally chose a committee of women she believed would make a valuable contribution primarily based on her perception of their liberal ideas and ability to make sense out of what they read This was the Revising Committee that shared billing with Stanton for the work Stanton herself however wrote most of the commentary and it contains her own beliefs and values

*The Original Feminist Attack on the Bible* Elizabeth Cady Stanton, 1848 *The Prostitute and the Prophet* Yvonne Sherwood, 2004-12-30 The only consensus that has been reached on Hosea 1:3 is that it is a notoriously problematic text Sherwood unpicks this rather vague statement by examining the particular complexities of the text and frictions between the text and reader that conspire to produce such a disorientating effect Four dimensions of the problem are considered the conflict between text and reader over the improper relationship between Hosea and Gomer the bizarre prophetic sign language that conscripts people into a cosmic charade the text's propensity to subvert its central theses and the emergent tensions between the feminist reader and the text Aiming to bring together literary criticism and biblical scholarship this book provides lucid introductions to ideological criticism semiotics deconstruction and feminist criticism and looks at the implications of these approaches not only for the book of Hosea but for biblical studies in general **From the Margins**

Christian T. Collins Winn, 2007-07-15 Recognized as a leading interpreter of major movements in American Christianity such as Evangelicalism Pentecostalism and the Holiness movement Donald W Dayton has produced a body of work spanning four decades and diverse areas of inquiry In *From the Margins* friends and colleagues respond to major essays by Dayton several published here for the first time so as to celebrate and reflect on this diverse and rich body of work The essays highlight the breadth of Dayton's contribution while also revealing a methodological core The latter could be described as Dayton's deconstructive reading of standard scholarly narratives in order to short circuit their domesticating effects on the more radical aspects of American Christianity Dayton's work has challenged long held assumptions about the conservative nature of American Christianity by showing that both in their history and in their deeper theological substructures traditions such as Evangelicalism and Pentecostalism are far more radical and productive of social change than was previously imagined

**Recovering Nineteenth-Century Women Interpreters of the Bible** Christiana de Groot, Marion Ann Taylor, 2018-04-25 Women have been thoughtful readers and interpreters of scripture throughout the ages yet the usual history of biblical interpretation includes few women's voices To introduce readers to this untapped source for the history of

biblical interpretation this volume presents forgotten works from the nineteenth century written by women including Grace Aguilar Florence Nightingale and Harriet Beecher Stowe among others from various faith backgrounds countries and social classes engaging contemporary biblical scholarship Due to their exclusion from the academy women s interpretive writings addressed primarily a nonscholarly audience and were written in a variety of genres novels and poetry catechisms manuals for Bible study and commentaries on the books of the Bible To recover these nineteenth century women interpreters of the Bible each essay in this volume locates a female author in her historical ecclesiastical and interpretive context focusing on particular biblical passages to clarify an author s contributions as well as to explore how her reading of the text was shaped by her experience as a woman

**The Empowerment of Women in the Book of Jubilees** Betsy Halpern-Amaru, 2021-10-25 This volume examines the unusual interest in women characters displayed in the Book of Jubilees

an interpretive reworking of the biblical narratives of Genesis through Exodus 12 written in the second century BCE Demonstrating a pattern in the characterizations the study shows how a matrilineal standard of ethnic purity and elevation of the biblical matriarchs function as key aspects in a polemic against the acceptance of foreigners into the community The latter part of the book explores the exegetical techniques used to develop the portraits and places the polemic in the historical context of Second Temple Judaism The work is important for those interested in the history of biblical interpretation in post biblical Jewish literature and the historical development of Judaism and the portrayals of women in Hebrew Scriptures

The Real Wealth of Nations Riane Eisler, 2008-11-03 The author of *The Chalice and the Blade* proposes a new economics based on care in this impressive work that is well argued insightful and hopeful Publishers Weekly Adam Smith's *The Wealth of Nations* provided the first explanation of the workings of modern economics But with his focus on the market as the best mechanism for producing and distributing the necessities of life Smith's concepts only told part of the story leading to flawed economic models that devalue activities that fall outside of the market's parameters of buying and selling The real wealth of nations Riane Eisler argues is not merely financial but includes the contributions of people and our natural environment In *The Real Wealth of Nations* Eisler reexamines economics from a larger perspective showing that we must give visibility and value to the essential work of caring for people and the planet Eisler proposes a new caring economics that recognizes the full spectrum of economic activities from the life sustaining activities of the household to the life enriching activities of caregivers and communities to the life supporting processes of nature Eisler reveals how current economic models are based on a deep seated culture of patriarchy and domination She then shows how human needs would be better served by economic models based on caring Most importantly she provides practical proposals for new measures policies rules and practices to bring about a caring economics that fulfills human needs

Writing the Wrongs John L. Thompson, 2001-06-28 Phyllis Trible's *Texts of Terror* is a landmark among those studying women of the Bible Focusing on stories of the maltreatment of women Trible paved the way for subsequent feminist exegetes who have been very critical of such stories in the Bible and who see Christianity as an unredeemably patriarchal religion It is commonly said that these Old Testament stories of rape murder torture and abandonment passed without comment until recent times Here Thompson traces and analyzes various Christian interpretations of these bible stories of women In drawing attention to views other than *Texts of Terror* Thompson speaks to Christians who are battling over how the Bible ought to be read today

**A Church of Her Own** Sarah Sentilles, 2009-04 Thirty years after the first group of women was ordained by the Episcopal Church women are among some of the most vital and successful ministers in all Protestant denominations even as churches struggle to hold on to their members Sarah Sentilles enters the lives of female ministers women of various ages and races in a range of churches to paint the first real portrait of what it's like to serve as a woman of faith today Sometimes triumphant sometimes hilarious sometimes painful their stories take us from their calls to the pulpit through their ordinations and service in

congregations These women show us how the church can be more welcoming to the women who are its lifeblood And in their inspiring determination to perform the ministry to which they are called no matter what the obstacles we might well see the future of the church itself

What Does Eve Do To Help? David J. A. Clines, 1990-02-01 Readerly questions are raised when readers are explicitly and programmatically brought into the process of interpreting texts Traditionally the reader and readerly interest and identities have been screened out when we have set about interpreting texts and we have set our sights on attaining an interpretation that should be as objective as possible Things are rather different now Not only is quest for objective interpretation seen as chimeric but the rewards of unabashed readerly interpretations that foreground the process of reading and the context of the reader have now been shown to be very well worth seeking That reader response approach characterizes this collection of six essays prefaced by an introduction to reader response criticism The essays for the most part read in their original form to meetings of the Society of Biblical Literature are What Does Eve Do To Help and other Irredeemably Androcentric Orientations in Genesis 1-3 What Happens in Genesis The Ancestor in Danger But Not the Same Danger The Old Testament Histories A Reader's Guide Deconstructing the Book of Job and Nehemiah Memoir The perils of Autobiography one of the liveliest writers on the Old Testament What Does Eve Do To Help does not disappoint and at times is hilariously funny C S Rodd Expository Times
