Walsh,2019-10-01 A thrilling and momentous account of the Great Fire of Rome and how a modern city arose from its embers Peril was everywhere in ancient Rome but the Great Fire of 64 CE was unlike anything the city had ever experienced No building no neighborhood no person was safe from conflagration When the fire finally subsided after burning for nine days straight vast swaths of Rome were in ruins The greatest city of the ancient world had endured its greatest blow

In *The Great Fire of Rome* Joseph J Walsh tells the true story of this deadly episode in Rome's history. He explains why Rome was such a vulnerable tinderbox, outlines the difficulties of life in that exciting and dangerous city, and recounts the fire's aftermath and legacy, a legacy that includes the transformation of much of ancient Rome into a modern city. Situating the fire within the context of other perils that residents of Rome faced, including frequent flooding, pollution, crime, and dangerously shoddy construction, he highlights the firefighting technology of the period and examines the ways in which the city's architecture and planning contributed to the severity of the blaze. Introducing readers to the grim realities of life in that overwhelming and overwhelmed city while chronicling its later glories, *The Great Fire of Rome* is grounded in the latest scholarship on fire analysis and forensics. Walsh's multifaceted analysis, balanced insights, and concise, accessible prose make this book a versatile teaching tool. Readers interested in ancient and modern Rome, urban life, and civic disasters, among other things, will be fascinated by this book.

The Other Side of the World Mary Jo Clark, Thomas Corbett, Haywood Turrentine, 2011-07 *The Other Side of the World* Vision and Reality embraces and celebrates the experiences of idealistic young Peace Corps volunteers as they confronted the ancient and enigmatic civilization of India four decades ago. Prompted by memories and emotions tapped during a gathering on the 40-year reunion of their return to the States, members of India 44 A/B provide reflections that are honest, compelling, insightful, riotous, humbling, and yet redemptive. These reflections give expression to feelings long repressed and, at the same time, uncover the mysterious ways in which their service in remote India transformed and redirected the trajectory of their lives. Their stories provide a humorous and deeply moving description of village life where imperfect language skills and limited technical capabilities interacted with good intentions and stubborn dedication to produce embarrassment on the one hand and the occasional minor miracle on the other. This is not a feel-good testimony to the Peace Corps on its golden anniversary. Rather, it is a sobering depiction of the lives of volunteers living in one of the Peace Corps' most demanding site countries where frustrations and challenges were found in abundance. Yet, at the end of the day, these stories generally attest to the wisdom of the Peace Corps concept, which affirms the powers of volunteerism and the giving of self. For many, it was the first time these

volunteers had articulated their feelings since leaving India Mary Jo Clark Thomas Corbett Michael Simonds and Haywood Turrentine compiled the book *Respectively* the authors reside in San Diego California Madison Wisconsin the greater Hartford area and Birmingham Alabama <http://sbpra.com> HaywoodTurrentine
