William Greenslade

The Literary Notebooks Of Thomas Hardy Volume 1 2:

The Literary Notebooks of Thomas Hardy Thomas Hardy, Lennart A Björk, 1985-04-19 **Literary Notebooks of Thomas Hardy** Thomas Hardy, Lennart A Björk, 1985-04-18 *Literary Notebooks* Thomas Hardy, 2006-12-02 Hardy's Literary Notebooks are one of the major sources of information about what Hardy considered necessary or desirable reading for his craft. The present edition as well as providing for the first time the full text of the Notebooks includes a full editorial commentary which identifies sources and indicates how Hardy used his literary notes both explicitly and implicitly in his own writing. An invaluable addition to the Hardy canon which will be of interest to scholars and Hardy enthusiasts alike. Winner of the Thomas Hardy Society Book Prize for 1986 *The Literary Notebooks of Thomas Hardy* Lennart A. Björk, 1985 *The Cambridge Companion to Thomas Hardy* Dale Kramer, 1999-06-24 Thomas Hardy's fiction has had a remarkably strong appeal for general readers for decades and his poetry has been acclaimed as among the most influential of the twentieth century. His work still creates passionate advocacy and opposition. *The Cambridge Companion to Thomas Hardy* is an essential introduction to this most enigmatic of writers. These commissioned essays from an international team of contributors comprises a general overview of all Hardy's work and specific demonstrations of Hardy's ideas and literary skills. Individual essays explore Hardy's biography, aesthetics, his famous attachment to Wessex and the impact on his work of developments in science, religion and philosophy in the late nineteenth century. Hardy's writing is also analysed against developments in contemporary critical theory and issues such as sexuality and gender. The volume also contains a detailed chronology of Hardy's life and publications and a guide to further reading *Thomas Hardy and the Folk Horror Tradition* Alan G. Smith, Robert Edgar, John Marland, 2023-05-04 *Thomas Hardy and the Folk Horror Tradition* takes the uncanny and unsettling fiction of Thomas Hardy as fundamental in examining the lineage of Hardy's Folk Horror. Hardy's novels and his short fiction often delve into a world of folklore and what was for Hardy the recent past. Hardy's Wessex plays out tensions between the rational and irrational, the pagan and the Christian, the past and the enlightened future. Examining these tensions in Hardy's life and his work provides a foundation for exploring the themes that develop in the latter half of the 20th century and again in the 21st century into a definable genre: folk horror. This study analyses the subduing function of heritage drama via analysis of adaptations of Hardy's work to this financially lucrative film market. This is a market in which the inclusion of the weird and the eerie does not fit with the construction of a past and its function in creating a nostalgia of a safe and idyllic picture of England's rural past. However, there are some lesser known adaptations from the 1970s that sit alongside the unholy trinity of folk horror: the adaptation for television of the *Wessex Tales*. From a consideration of the epistemological fissure that characterizes Hardy's world, the book draws parallels between then and now and the manifestation of writing on conceptual borders. Through this comparative analysis, *Thomas Hardy and the Folk Horror Tradition* posits that we currently exist on a moment of fracture when tradition sits as a seductive threat *Thomas Hardy's Legal Fictions* Trish

Ferguson,2013-08-20 Explores Thomas Hardy's engagement with Victorian legal debates in his prose fiction Thomas Hardy's fiction is examined in this book in the context of the seismic legal reforms of the nineteenth century as well as legal discourse in the literature of the era The book examines the ways in which Hardy's role as a magistrate and his interest in the law impacted fundamentally on his prose fiction It demonstrates that throughout his prose fiction Hardy engages with contentious legal issues that were debated by legal professionals and literary figures of his day and argues that Hardy used fiction as a forum to question the extent to which legal reform improved the lives of women and the working classes The study also looks at the ways in which Hardy deployed criminal plots derived from sensation fiction and reveals that the genre's engagement with legal reform influenced not only his sensation novel *Desperate Remedies* 1871 but also the plots of his subsequent fiction **Thomas Hardy Annual No. 2** Norman Page,1984-06-18 Reading Thomas Hardy C.

Pettit,2016-07-27 The wide ranging and lively essays in *Reading Thomas Hardy* will appeal to anyone interested in Hardy Specialists and Hardy enthusiasts will find a showcase for the work of many of the world's leading Hardy scholars Subjects covered include Hardy the writer and Hardy the man individual texts and wider themes and Hardy's relationships to other artists Whether presenting new research embodying the best of traditional approaches or challenging the reader with new interpretations all the papers are authoritative and accessible Thomas Hardy's 'Facts' Notebook William

Greenslade,2017-07-05 Within weeks of Thomas Hardy's return to his native Dorchester in June 1883 he began to compile his *Facts* notebook which he kept up throughout the years when he was writing some of his major work *The Mayor of Casterbridge* *The Woodlanders* *Tess of the d'Urbervilles* and *Jude the Obscure* From his intensive study of the Dorset County Chronicle for 1826-1830 he noted and summarised into *Facts* with the help of his first wife Emma hundreds of reports many of them suggestive satires of circumstance for possible use in his fiction and poems Along with extensive reading in memoirs and local histories this immersion in the files of the old newspaper involved him in a wider experience the recovery and recognition of the unstable culture of the local past in the post Napoleonic war years before his birth in 1840 and before the impact of the modernising of the Victorian era *Facts* is thus a unique document amongst Hardy's private writings and is here for the first time edited the text transcribed in typographical facsimile form together with substantial annotation of the entries and critical and textual introductions
