The Logic and Rhetoric of Exposition Harold Clark Martin,1957 *The Logic and Rhetoric of Exposition* Harold C. Martin,Richard Malin Ohmann,James H. Wheatley,1969 **Logic and Rhetoric of Exposition, The** Richard M. Martin,1963 *Sourcebook on Rhetoric* , [Sourcebook on Rhetoric](#) James Jasinski,2001-07-19 This book is designed to introduce readers to the language of contemporary rhetorical studies The book format is an alphabetized glossary with appropriate cross listings of key terms and concepts in contemporary rhetorical studies An introductory chapter outlines the definitional ambiguities of the central concept of rhetoric itself The primary emphasis is on the contemporary tradition of rhetorical studies as it has emerged in the discipline of speech communication Each entry in the glossary ranges in length from a few paragraphs to a short essay of a few pages Where appropriate examples are provided to further illustrate the term or concept Each entry will be accompanied by a list of references and additional readings to direct the reader to other materials of possible interest **The Methodical Memory** Sharon Crowley,2010-08-20 In this first sustained critique of current traditional rhetorical theory Sharon Crowley uses a postmodern deconstructive reading to reexamine the historical development of current traditional rhetoric She identifies it as well as the British new rhetoric from which it developed as a philosophy of language use that posits universal principles of mind and discourse Crowley argues that these philosophies are not appropriate bases for the construction of rhetorical theories much less guides for the teaching of composition She explains that current traditional rhetoric is not a rhetorical theory and she argues that its use as such has led to a misrepresentation of invention Crowley contends that current traditional rhetoric continues to prosper because a considerable number of college composition teachers graduate students part time instructors and teachers of literature are not involved in the development of the curricula they are asked to teach As a result their voices necessary to create any true representation of the composition teaching experience are denied access to the scholarly conversations evaluating the soundness of the institutionalized teaching methods derived from the current traditional approach **A Glossary of Literature and Composition** Arnold Leslie Lazarus,H. Wendell Smith,1983 A valuable adjunct reference tool for teachers and students of English this revised and enlarged glossary defines and discusses nearly 800 concepts and terms used in literature and literary criticism rhetorical theory and composition The authors explain many key concepts in considerable detail placing terms in historical context offering examples and cross references and suggesting up to date sources for further reading The volume includes an index of authors cited as references in the definitions HTH **Perelman's New Rhetoric as Philosophy and Methodology for the Next Century** M. Maneli,2013-03-14 Both Perelman s collaborators Professors Haarscher and Ingber shared with me their deep personal insights about origins birth and phases of the development of the New Rhetoric Without their good will advice and creative comments my personal knowledge would have been narrower I am grateful to the Chaim Perelman Foundation for their grant which enabled me to cover my expenses of

collecting materials editing and preparing the manuscript Professor Michel Meyer was very instrumental in the negotiations with the publisher Mr Raphael Lipski treasurer of the Perelman Foundation spent many hours with me and shared his remembrances of Perelman s personality his social and political activity I owe special thanks to Dr Richard Kramer whose friendship I cherish for a quarter of a century He read and edited not only the entire text of the book but he offered many critical remarks and constructive suggestions which helped me to revise my own ideas and to formulate them more clearly and precisely The first critical reader and editor was as usual Mrs Elizabeth Previti Professor Elzbieta Ettinger Chodakowska MIT read this entire manuscript and shared with me her impressions I owe special gratitude to my dear friend Mrs Stephanie Silvers for her steady help and moral support Needless to say I am solely responsible for all the deficiencies of this book
