Living Pictures Noa Turel, 2020-09-25 A significant new interpretation of the emergence of Western pictorial realism When Jan van Eyck c 1390 1441 completed the revolutionary Ghent Altarpiece in 1432 it was unprecedented in European visual culture His novel visual strategies including lifelike detail not only helped make painting the defining medium of Western art they also ushered in new ways of seeing the world This highly original book explores Van Eyck s pivotal work as well as panels by Rogier van der Weyden and their followers to understand how viewers came to appreciate a

world depicted in two dimensions Through careful examination of primary documents Noa Turel reveals that paintings were consistently described as *au vif* made not from life but into life Animation not representation drove Van Eyck and his contemporaries Turel's interpretation reverses the commonly held belief that these artists were inspired by the era's burgeoning empiricism proposing instead that their living pictures helped create the conditions for empiricism Illustrated with exquisite fifteenth century paintings this volume asserts these works key role in shaping rather than simply mirroring the early modern world

Life-Study of Genesis Witness Lee,1987-12-01 In the Lord's recovery during the past five hundred years the church's knowledge of the Lord and His truth has been continually progressing This monumental and

classical work by Brother Witness Lee builds upon and is a further development of all that the Lord has revealed to His church in the past centuries. It is filled with the revelation concerning the processed Triune God, the living Christ, the life-giving Spirit, the experience of life, and the definition and practice of the church. In this set, Brother Lee has kept three basic principles that should rule and govern every believer in their interpretation, development, and expounding of the truths contained in the Scriptures. The first principle is that of the Triune God dispensing Himself into His chosen and redeemed people; the second principle is that we should interpret, develop, and expound the truths contained in the Bible with Christ for the church; and the third governing principle is Christ, the Spirit, life, and the church. No other study or exposition of the New Testament conveys the life, nourishment, or ushers the reader into the divine revelation of God's holy Word according to His New Testament economy as this one does.
