The Apocrypha and Pseudepigrapha of the Old Testament, Volume One R H Charles,2004 The most esteemed body of books left out of the Bible the Old Testament Apocrypha is of interest to historians religious scholars and ordinary laypeople alike For more than 70 years this version edited by R H Charles has been the definitive critical edition Out of print for years Apocryphile Press is proud to make it available once more to scholars and the curious **Alleged Errors of the Bible** John Haley,2019-02-05 How many angels were at the empty tomb Did God or Satan cause King David to sin If the Bible is God s Word then why are there so many contradictions in it Questions like these have been heard many times by those seeking to share their faith The average believer may not always know the answer for every accusation made about the reliability of Scripture After seeing a pamphlet circulating at a local parish listing several supposed self contradictions in Scripture John Haley made it his life s work to address every known discrepancy or alleged biblical contradiction he could find In this abridged version of Alleged Discrepancies of the Bible Haley directly addresses these questions and many other misunderstandings of Scripture Haley directly addresses the origin of Bible discrepancies disagreements in doctrine regarding the nature of the triune God and of mankind and then takes on historical references of people places and dates By shedding light on these disputed passages and convincingly disproving the claims of skeptics Haley lifts the mystery surrounding the Bible and instills confidence in the believer s reliance on God s written Word **How to Study the Old Testament** Frank Knight Sanders, Henry A. Sherman,1915 **Biblical Theology: Old Testament** Chester Lehman,2018-11-30 **Biblical theology of the New Testament, tr. by D. Eaton (J.E. Duguid).** Bernhard Weiss,1883

The Monuments and the Old Testament Ira Maurice Price,1925 **Postcolonial Commentary and the Old Testament** Hemchand Gossai,2018-11-01 This is the first volume to provide a wide range of postcolonial interpretations of and commentaries upon significant texts in the Hebrew Bible The volume intersects with the work of the key theorists in postcolonial studies such as Fanon Senghor Said and Spivak as well as with scholars such as Sugirtharajah Kwok Pui lan and Segovia who have applied this theory to biblical studies Texts have been chosen specifically for their relevance to postcolonial discourse rather than seeking to cover each biblical document This volume is designed to demonstrate how historical criticism postmodernism and the important concerns of postcolonial readings may be integrated to obtain an informed explanation of the Hebrew Bible and the writings of early Judaism The chapters are written by scholars who represent a spectrum of national indigenous and diasporic contexts Taken together these perspectives and the

interpretations they yield represent a continued expansion of the manner in which Old Testament texts are read and interpreted through postcolonial lenses reminding readers that the interpretive trajectories of these texts are almost inexhaustible As such the volume serves as not only an addition to ongoing scholarship on postcolonialism but also as an expansion of the horizon for dialogue Theological Dictionary of the New Testament, Volume III Gerhard Kittel,Geoffrey William Bromiley,Gerhard Friedrich,1966-05-06 Substantial articles on 2000 Greek words that are theologically significant in the New Testament Traces usage in classical Greek literature the Septuagint intertestamental texts and the New Testament

A Commonwealth of Hope Michael Lamb,2024-11-26 A bold new interpretation of Augustine s virtue of hope and its place in political life When it comes to politics Augustine of Hippo is renowned as one of history s great pessimists with his sights set firmly on the heavenly city rather than the public square Many have enlisted him to chasten political hopes highlighting the realities of evil and encouraging citizens instead to cast their hopes on heaven A Commonwealth of Hope challenges prevailing interpretations of Augustinian pessimism offering a new vision of his political thought that can also help today s citizens sustain hope in the face of despair Amid rising inequality injustice and political division many citizens wonder what to hope for in politics and whether it is possible to forge common hopes in a deeply polarized society Michael Lamb takes up this challenge offering the first in depth analysis of Augustine s virtue of hope and its profound implications for political life He draws on a wide range of Augustine s writings including neglected sermons letters and treatises and integrates insights from political theory religious studies theology and philosophy Lamb shows how diverse citizens both religious and secular can unite around common hopes for the commonwealth Recovering this understudied virtue and situating Augustine within his political rhetorical and religious contexts A Commonwealth of Hope reveals how Augustine s virtue of hope can help us resist the politics of presumption and despair and confront the challenges of our time A History of Christian Doctrines Karl Rudolf Hagenbach,1881 *The Life of the Lord Jesus Christ* J. P. Lange,2023-04-14 Reprint of the original first published in 1872 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost General History of the Christian Religion and Church August Neander,1852 *History of the Christian Church. A.D. 1-311. Mediæval Christianity. A.D. 590-1073* Philip Schaff,1885 The New Cambridge History of the Bible: Volume 2, From 600 to 1450 Richard Marsden,E. Ann Matter,2012-04-26 This volume examines the development and use of the Bible from late Antiquity to the Reformation tracing both its geographical and its intellectual journeys from its homelands throughout the Middle East and Mediterranean and into northern Europe Richard Marsden and E Ann Matter s volume provides a balanced treatment of eastern and western biblical traditions highlighting processes of transmission and modes of exegesis among Roman and Orthodox Christians Jews and Muslims and illuminating the role of the Bible in medieval inter religious dialogue Translations into Ethiopic Slavic Armenian and Georgian vernaculars as well as

Romance and Germanic are treated in detail along with the theme of allegorized spirituality and established forms of glossing. The chapters take the study of Bible history beyond the cloisters of medieval monasteries and ecclesiastical schools to consider the influence of biblical texts on vernacular poetry, prose, drama, law, and the visual arts of East and West. *The Christian Doctrine of Sin* Julius Müller, 1877. *Commentary on St. Paul's Epistle to the Romans* Friedrich Adolph Philippi, 1878. **The Old Testament in the Light of the Historical Records and Legends of Assyria and Babylonia** Theophilus Goldridge Pinches, 1902. *Biblical Theology of prayer in the Old Testament* Albert J. Coetsee, Francois P. Viljoen, 2023-08-31. Prayer is a major topic within Christian theology. The biblical text has various references to various recorded and reported prayers. In fact, references to prayer are found within the rich diversity of the various books, corpora, and genres of Scripture. As can be expected, much has been written about prayer in the biblical text. However, a comprehensive Biblical Theology dealing with the concept of prayer in Scripture has not been published before, and this book intends to fill this gap, assuming that such an approach can provide a valuable contribution to the theological discourse on prayer and related concepts. This book aims to investigate prayer and its related elements, including worship, praise, thanksgiving, adoration, petition, intercession, lament, and confession, in the Old Testament, on a book-by-book or corpus-by-corpus basis. The investigation follows a Biblical Theological approach, reading the Old Testament on a book-by-book basis in its final form to uncover the Old Testament's overarching theology of prayer, understanding the parts in relation to the whole. By doing this, the discrete nuances of the prayers of the different Old Testament books and corpora can be uncovered, letting the books and corpora speak for themselves. In addition, the advantage of this approach is that it provides findings that can benefit the modern Christian community and contribute to the practice of Reformed theology in Africa. This book is of significant value to scholars. It will inspire scholars to think about prayer and use the Bible as the major prayer handbook in their spiritual lives. **A History of the Christian Councils, from the Original Documents: A.D. 326 to A.D. 420** Karl Joseph von Hefele, 1876.
