The One And The Many In The Israelite Conception Of God:

The One and the Many in the Israelite Conception of God Aubrey Johnson, 2006-09-27 If the argument of this short study is sound we have here a point of view which needs to be borne in mind as an aid to the solution of not only textual and literary problems but even more those problems which are associated with the attempt to employ such terms as polytheism and monotheism in connexion with Israelite thought and also those which are inherent in the question of the prophetic psychology or again that of revelation It may also be argued that along this line we gain a new approach to the New Testament extension of Jewish Monotheism in the direction of the later Trinitarianism At any rate we can see how it was possible for a Jewish Christian to relate his Messiah so closely with the divine Being as to afford a basis for the later and Greek metaphysical formulation of the doctrine of the Trinity from the author s conclusions

The One and the Many in the Israelite Conception of God Aubrey Rodway Johnson, 1942

The Book of Genesis, Chapters 18-50 Victor P. Hamilton, 1995-09-26 In the Old Testament we read God s word as it was spoken to his people Israel Today thousands of years later we hear in these thirty nine books his inspired and authoritative message for us These twin convictions shared by all of the contributors to The New International Commentary on the Old Testament define the goal of this ambitious series of commentaries For those many modern readers who find the Old Testament to be strange and foreign soil the NICOT series serves as an authoritative guide bridging the cultural gap between today s world and the world of ancient Israel Each NICOT volume aims to help us hear God s word as clearly as possible Scholars pastors and serious Bible students will welcome the fresh light that this commentary series casts on ancient yet familiar biblical texts The contributors apply their proven scholarly expertise and wide experience as teachers to illumine our understanding of the Old Testament As gifted writers they present the results of the best recent research in an interesting manner Each commentary opens with an introduction to the biblical book looking especially at questions concerning its background authorship date purpose structure and theology A select bibliography also points readers to resources for their own study The author s own translation from the original Hebrew forms the basis of the commentary proper Verse by verse comments nicely balance in depth discussions of technical matters textual criticism critical problems and so on with exposition of the biblical writer s theology and its implications for the life of faith today

The Incomparability of Yahweh in the Old Testament Casper J. Labuschagne, 1966

The Doctrine of God in African Christian Thought James Henry Owino Kombo, 2007-05-30 The Christian faith knows and worships one God who is revealed in the Son and in the Holy Spirit This is the meaning of the doctrine of the Trinity in Christian thought Although Christian orthodoxy defines the doctrine of the Trinity the intellectual tools used to capture it significantly vary At different times and in different places Western Christianity has for instance used neo Platonism German Idealism and the conceptual tools of the second century Greeks Taking elements from the known African intellectual framework this book argues that for African Christians the respective pre Christian African understanding of God and the

Ntu metaphysics in particular function as conceptual gates for an attempt towards articulating the Trinity for African Christian audiences

The God of Israel R. P. Gordon, 2007-04-19 Collection of essays discussing many unresolved or largely unaddressed issues about this unique deity

A Trinitarian Covenantal Theology of the Church Soh Guan Chin, 2000-12 The Christian Church faces many challenges today that threaten to disrupt its life and mission A serious biblically based study into what is the nature and mission of the Church is vital This book searches into the value and scope of understanding the Church as the creation of the Holy Trinity through the biblical covenants It analyses the contribution of John Zizioulas and Jurgen Moltmann for this purpose A proposal is then made of how Covenant is a new perspective that may synthesis and expand on their insights

The Spirit's Relation to the Risen Lord in Paul Mehrdad Fatehi, 2000 Mehrdad Fatehi studies Paul's letters and shows that the risen Lord is featured in the religious experiences of Paul and the Pauline believers as the present and active lord of the new covenant community These experiences seem to point beyond the notion of a divine agent alongside God to a redefinition of the very concept of God in a way that it would include Christ within itself This is confirmed by the way Paul and the Pauline communities believed themselves to have experienced the risen Lord through God's Spirit In Judaism in general as well as in Paul the Spirit was not regarded as an entity distinct or separable from God but as God himself in his presence and action in and among his people Yet we have clear evidence in Paul's letters that the risen Christ was experienced and conceived of as being present and active through the Spirit bestowing grace and gracious gifts infusing wisdom communicating his will regenerating and transforming his people and dwelling in and among them all through the Spirit in a way which is best understood after the analogy of God's presence and work through the Spirit in Judaism In other words Paul's the Spirit of Christ is best understood after the analogy of the Spirit of God Paul's application of the Spirit language to describe and interpret the Christians experiences of the risen Lord shows that Paul most probably presupposed a redefinition of monotheism in which Christ would be included within the Godhead

The Concept of Holiness O.R. Jones, 2025-03-01 The Concept of Holiness 1961 examines one of the most distinctively religious concepts in the sphere of Hebrew and Christian belief The intimate connections between this concept and the associate notions of fear power separatedness wholeness and goodness are carefully unfolded and the analysis shows that in none of its connections can holiness be fairly understood unless reference is made to the key concept of divine personality After giving a suggestive philosophical account of this key concept by linking it with the notion of a perfect vision the author shows how the concept of holiness in its manifold connections is thereby illuminated

The People of Ancient Israel J. Kenneth Kuntz, 2009-07-01 Intended primarily as a textbook for undergraduates this volume has the following major divisions each divided into chapters I An introduction to the People including the essential stance of the biblical material methods of analysis and the geographical setting II The Origins of the People including a brief history of Old Testament criticism the patriarchal traditions the exodus event and the covenant at Sinai III The Growth of the People from the wilderness period to the time of

Elijah IV The Demise of the People from the emergence of the literary prophets to the time of the exile V The Renewal of the People from the Second Isaiah through the end of the Old Testament period There is an extensive bibliography arranged topically and by chapters indexes of authors and subjects and photos and maps scattered appropriately throughout the volume Concerning many basic issues a range of scholarly opinions is cited followed by a judicious evaluation and a list of the author's conclusions Only occasionally may the average informed reader want to take serious issue with the author Each chapter dealing with the biblical text is accompanied by a list of passages which the student is to read in conjunction with it a helpful procedure Treatment of a particular segment of biblical material often includes discussion of its theological stance The author has included coverage of many more topics than introductions of comparable size From The Journal of Biblical Literature review by Lloyd R Bailey Duke University Professor Kuntz has written a very helpful introductory text The traditions and texts of the Hebrew Bible are set within a historical framework but the text is more than a history of ancient Israel Kuntz presents in a succinct fashion major historiographical and interpretative positions He has included an excellent bibliography which includes commentaries atlases journals as well as bibliographies structured along the lines of the table of contents Kuntz has written a very readable and thorough introduction to the Hebrew Bible From The Journal of the American Academy of Religion by Richard D Hecht University of California Santa Barbara Although the subtitle includes the three areas of literature history and thought this volume is primarily concerned with the literature of the Old Testament A vast amount of information is made available in a breezy well articulated and engaging style Kuntz keeps his readers informed on presently controversial issues but he does not allow the intricacies of such current debates to obscure the flow of the work as a whole Each chapter is amply footnoted and an extensive annotated bibliography concludes the volume Some seventy photographs enhance an already clear and concise presentation The vigorous and open stance of the work evident in its lack of defensive or apologetic intent finds confirmation in the author's statement to engage in the Old Testament hermeneutical task is to engage in a dialogue with ancient Israel As that dialogue unfolds the interpreter will be required to place his own view of the world on trial Kuntz has ably demonstrated that the major task of introducing the Old Testament to the interested layperson can be accomplished successfully without jargon and sophisticated detail This volume deserves a wide readership and will serve as a very fine foundation in introductory courses to the entire Old Testament From The Catholic Biblical Quarterly by David P Reid SS CC Washington Theological Coalition Silver Spring Maryland Early Christian and Jewish Monotheism Loren T. Stuckenbruck, Wendy E. Sproston North, 2004-05-27 Early Christology must focus not simply on historical but also on theological ideas found in contemporary Jewish thought and practice In this book a range of distinguished contributors considers the context and formation of early Jewish and Christian devotion to God alone the emergence of monotheism The idea of monotheism is critically examined from various perspectives including the history of ideas Graeco Roman religions early Jewish mediator figures scripture exegesis and the history of its use as a theological

category The studies explore different ways of conceiving of early Christian monotheism today asking whether monotheism is a conceptually useful category whether it may be applied cautiously and with qualifications or whether it is to be questioned in favor of different approaches to understanding the origins of Jewish and Christian beliefs and worship This is volume 1 in the Early Christianity in Context series and volume 263 in the Journal for the Study of the New Testament Supplement Series

Theological Diversity and the Authority of the Old Testament John Goldingay, 1987 In this book John Goldingay examines how the diverse viewpoints reflected in the Old Testament may be acknowledged interrelated and allowed to function theologically In doing so he analyzes as well as synthesizes treating both the biblical text and scholarly interpretations of it Book jacket Collective and Individual Responsibility Jurrien Mol, 2009 A long discussed theme concerning Ezekiel 18 and 20 is the relationship between collective and individual responsibility In the first half of the twentieth century the discussion appeared to end as a result of the introduction of the corporate personality by Henry Wheeler Robinson 1872 1945 This concept became heavily discussed and was dismissed on the grounds of its superseded theoretical basis The continuing use of the concept requires a redefinition and a new theoretical basis which is provided by the multimodal framework by Geoffrey Samuel from the field of cultural anthropology Before applying the concept Ezekiel 18 and 20 are studied extensively relative to textual criticism philology grammar and structural analysis

Representation and Substitution in the Atonement Theologies of Dorothee Sölle, John Macquarrie, and Karl Barth Jeannine Michele Graham, 2005 How does what happened 2000 years ago in the life death resurrection and ascension of Jesus Christ radically alter the human nature and life situation of men and women in every generation up to the present day Pursuit of this question provided the initial impetus for this book a study of two vital themes pertaining to the doctrine of atonement representation and substitution The author explores their meaning and role within the theologies of three significantly diverse contemporary theologians Dorothee Sölle John Macquarrie and Karl Barth concluding with a comparative analysis of all three perspectives in relation to each other

Feminist Companion to the New Testament and Early Christian Writings Amy-Jill Levine, Marianne Blickenstaff, 2001 Feminist Companion to John Amy-Jill Levine, 2002-06-01 The second feminist volume volume on Johannine literature includes an Introduction by Amy Jill Levine Adele Reinhartz on Women in the Johannine Community An Exercise in Historical Imagination Satako Yamaguchi I Am I Do Sayings and Women in Context and Dorothy Lee Abiding in the Fourth Gospel Colleen Conway writes on Gender Matters in John Adeline Fehribach on The Crucifixion in the Fourth Gospel A Birthing Moment Deborah Sawyer on Water and Blood Birthing Images in John's Gospel Harold Attridge on Don't Be Touching Me Recent Feminist Scholarship on Mary Magdalene and Jane Schaberg Thinking Back through the Magdalene

Sacral Kingship in Ancient Israel Aubrey Johnson, 2006-09-01 This volume is mainly concerned with two well known groups of psalms i the hymns which celebrate the Kingship of Yahweh and ii the so called royal psalms The text of the monograph reproduces what were substantially the Haskell Lectures which I had the privilege of delivering before the

Graduate School of Theology at Oberlin in the spring of 1951 from the Preface

The Same God Who Works All Things Adonis Vidu, 2021-03-04 Classical Trinitarianism holds that every action of Trinity in the world is inseparable That is the divine persons are equally active in every operation But then in what way did the Father create the world through Christ How can only the Son be incarnate die and be resurrected Why does Christ have to ascend before the Spirit may come These and many other questions pose serious objections to the doctrine of inseparable operations In the first book length treatment of this doctrine Adonis Vidu takes up these questions and offers a conceptual and dogmatic analysis of this essential axiom engaging with recent and historical objections Taking aim at a common soft interpretation of the inseparability rule according to which the divine persons merely cooperate and work in concert with one another Vidu argues for the retrieval of hard inseparability which emphasizes the unity of divine action primarily drawing from the patristic and medieval traditions Having probed the biblical foundations of the rule and recounted the story of its emergence in nascent Trinitarianism and its neglect in modern theology Vidu builds a constructive case for its retrieval The rule is then tested precisely on the battlegrounds that were thought to have witnessed its defeat the doctrines of creation incarnation atonement ascension and the indwelling of the Spirit What emerges is a constructive account of theology in which the recovery of this dogmatic rule shines fresh light on ancient doctrines

Fully Human in Christ Todd H. Speidell, 2016-11-08 Thomas F Torrance s theology included a thoroughgoing albeit implicit ethic of reconciliation It focused on the personalizing and humanizing mediation of Christ in all realms of life including not only a supposed private dimension of human life but also the social historical and political structures of human society and even of the cosmos itself This book builds upon that vision of a Christian ethic radically rooted in God s grace which encompasses sustains and transforms the entire human and created order A trinitarian incarnational social ethic does not begin with our human causes projects and agendas however noble they might be but with witness to the reconciling person and work of Jesus Christ for us
