small companies or individual consumers this is the book you'll turn to again and again for proven wisdom strategies and tips that really work *Street Wise* Janet Bamford, 2010-05-20 Teen investors have powerful advantages over the rest of us Many are whizzes at financial research on the Internet They're quick to master online stock trading According to an August 2000 Wall Street Journal article today more young Americans own investments than ever before with 35 percent of eighth through twelfth graders owning stock or bonds usually in a parent's name while about one fifth own mutual funds Often these teenage investors have amassed substantial nest eggs even before they've finished high school Although teen investors need adult cosigners for their brokerage and mutual fund custodial accounts it's not unusual for them to be the driving force behind their parents and relatives investment decisions Now teens have another leg up a book that explains the successes and investment strategies of real life teen investors along with the wisdom of Wall Street pros and tips on how to make the most of the Web The popularity of stock picking contests and high school investment clubs along with successful marketing vehicles such as Stein Roe's Young Investors Fund have created a growing demand for investment information focused on teens written for teens *Street Wise* provides exactly what they want **Still! the Only Investment Guide You'll Ever Need** Andrew Tobias, 1983-06 *A Piece of the Action* Joe Nocera, 2013-01-15 Winner of the Helen Bernstein Award for Excellence in Journalism One of Business Week's Ten Best Business Books of the Year When it was published in 1994 *A Piece of the Action* was wildly acclaimed by Fortune The Wall Street Journal authors Michael Lewis and Brian Burroughs it won the Helen Bernstein Prize and was a national bestseller Joseph Nocera describes the historical process by which millions of middle class Americans went from being savers people who kept their money in the bank and spent it frugally to being unrepentant borrowers and investors *A Piece of the Action* is an important piece of financial and social history and with a new introduction Nocera's 2013 critique of the uses of the revolution is a powerful warning and admonition to understand what is at stake before we act to look before we jump *Highway Robbery* Peter Kinzler, 2021-06-23 In *Highway Robbery* Peter Kinzler delivers a fast paced behind the scenes account of two federal legislative efforts twenty years apart one from the political left and one from the right to reform America's auto insurance system to make it fairer and more affordable He explains how the legislation was designed to achieve those objectives and describes the political challenge of trying to overcome the entrenched special interest opposition of those who stood to lose billions trial lawyers and insurers if the new no fault system were adopted *Highway Robbery* provides readers with both a primer on how fault and liability auto insurance no fault and no fault choice insurance policies work and who benefits most from which system Peter Kinzler with years of experience as a congressional staffer and in the private sector is the perfect guide through these important policy and political fights enlivened with revealing firsthand sketches of the legislators staffers academics and lobbyists who played major roles in these attempts as well as their interplay with each other Drawing upon his decades of engagement with the issues Kinzler shows how thoughtful and skilled members of Congress good staff and thorough academic research can lay the

groundwork for important reform legislation in doing so he provides a model for restoring Congress's effectiveness whenever it chooses to resume exercising its constitutional authority as the legislative branch of government Highway Robbery details how the trial bar used the levers of political power first to undermine state no fault laws and then to use the weaknesses they had implemented in the laws to undermine passage of federal legislation It also describes the surprising alliance in opposition between the trial bar and famed consumer advocate Ralph Nader No fault continues to hold the promise of better compensation and dramatic premium reductions with the largest savings available to those who need them most low and moderate income drivers The most likely scenario for further federal consideration of auto insurance reform would be in the context of congressional action on universal health insurance **S. 1860, Auto Choice Reform Act** United States.
